PROXY STATEMENT

General Matters

The accompanying proxy is SOLICITED BY THE BOARD OF DIRECTORS of Archer-Daniels-Midland Company (the Company) for the Annual Meeting of Stockholders of the Company to be held at the JAMES R. RANDALL RESEARCH CENTER, 1001 BRUSH COLLEGE ROAD, DECATUR, ILLINOIS, on Thursday, November 2, 2006 commencing at 10:00 A.M. This Proxy Statement and the enclosed form of proxy are first being mailed to Stockholders on or about September 22, 2006.

The cost of solicitation of proxies will be borne by the Company. Georgeson Shareholder Communications Inc. has been retained by the Company to assist in solicitation of proxies at a fee of \$23,000, plus reasonable out-of-pocket expenses. Solicitation other than by mail may be made by officers or by other employees of the Company or by employees of Georgeson Shareholder Communications Inc. by personal, telephone, mail or internet solicitation, the cost of which is expected to be nominal. The Company will reimburse brokerage firms and other securities custodians for their reasonable expenses in forwarding proxy materials to their principals.

As a matter of policy, the Company keeps confidential proxies, ballots and voting tabulations that identify individual Stockholders. Such documents are available for examination only by the inspectors of election, the Company's transfer agent and certain employees who are associated with processing proxy cards and tabulating the vote. The vote of any Stockholder is not disclosed except in a contested proxy solicitation or as may be necessary to meet legal requirements.

Only holders of shares of Common Stock of record at the close of business on September 15, 2006 will be entitled to notice of and to vote at the meeting and at all adjournments thereof. At the close of business on September 15, 2006, the Company had 657,412,793 outstanding shares of Common Stock, each share being entitled to one vote.

Admittance to the Annual Meeting will be limited to Stockholders. If you are a Stockholder of record and plan to attend, please detach the admission ticket from the top of your proxy card and bring it with you to the Annual Meeting. The number of people admitted will be determined by how the shares are registered, as indicated on the admission ticket. If you are a Stockholder whose shares are held by a broker, bank or other nominee, please request an admission ticket by writing to our principal executive offices at: Archer-Daniels-Midland Company, Shareholder Relations, 4666 Faries Parkway, Decatur, Illinois 62526-5666. Evidence of your stock ownership, which you can obtain from your broker, bank or nominee, must accompany your letter. Stockholders who are not pre-registered will only be admitted to the meeting upon verification of stock ownership. The number of tickets sent will be determined by the manner in which shares are registered. If your request is received by October 19, 2006, an admission ticket will be mailed to you. All other admission tickets can be obtained at the registration table located at the James R. Randall Research Center lobby beginning at 8:30 A.M. on the day of the Annual Meeting.

Shares represented by proxies in the form enclosed, properly executed, will be voted. Proxies may be revoked at any time prior to being voted by delivering written notice or a proxy bearing a later date to the Secretary of the Company or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

With the exception of the election of directors, the affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required for approval of each proposal presented in the Proxy Statement. A plurality of the votes of outstanding shares of Common Stock of the Company present in person or represented by proxy at the meeting and entitled to vote on the election of directors is required for the election of directors. For the election of directors, withheld votes do not affect whether a nominee has received sufficient votes to be elected. For purposes of determining whether the Stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting and have the same effect as negative votes. Broker non-votes are counted toward a quorum, but are not counted for any purpose in determining whether a matter has been approved.

Election of Directors

The Board of Directors has fixed the size of the Board at eleven (11). It is intended that proxies solicited by the Board of Directors will, unless otherwise directed, be voted to elect the nominees named below. Although the nominees proposed for election to the Board of Directors are all presently members of the Board, Mr. Maciel and Ms. Woertz have not previously been elected by the Stockholders. Mr. Maciel was recommended by the Nominating/Corporate Governance Committee after having been identified by Spencer Stuart & Associates, an executive search firm engaged by the Nominating/Corporate Governance Committee to assist it in identifying and evaluating individuals qualified to become members of the Board of Directors. Ms. Woertz was appointed to the Board of Directors in connection with her election as President and Chief Executive Officer of the Company.

The proxies (unless otherwise directed) will be voted for the election of the nominees named herein as Directors to hold office until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified. In the event any nominee for Director becomes unable to serve as a Director, it is intended that the persons named in the proxy may vote for a substitute who will be designated by the Board of Directors. The Board has no reason to believe that any nominee will be unable to serve as a Director. All present members of the Board have served continuously as Directors from the year stated in the table below.

The nominees, their age, position with the Company, principal occupation, directorships of other publicly-owned companies, the year in which each first became a Director, and the number of shares of Common Stock of the Company beneficially owned as of September 1, 2006, directly or indirectly, by each are shown in the following table. Unless otherwise indicated in the footnotes to the following table, and subject to community property laws where applicable, the Company believes that each of the nominees named in the following table has sole voting and investment power with respect to the shares indicated as beneficially owned. Unless otherwise indicated, all of the nominees have been executive officers of their respective companies or employed as otherwise specified below for at least the last five years.

Executive Stock Ownership Policy

The Board of Directors believes that it is important for each member of the Company's senior management to acquire and maintain a significant ownership position in shares of Common Stock of the Company to further align the interests of senior management with those of the Stockholders. Accordingly, the Company has adopted a policy regarding ownership of shares of Company Common Stock by senior management. Such policy calls for members of senior management to own shares of Common Stock with a fair market value within a range of one to three times that individual's base salary, depending on such individual's level of responsibility with the Company.

Independence of Directors

The listing standards of the New York Stock Exchange (NYSE) require companies listed on the NYSE to have a majority of independent directors. Subject to certain exceptions and transition provisions, the NYSE standards generally provide that a director will not be independent if (1) the director or a member of the director's immediate family is, or in the past three years has been, an executive officer of the Company or, in the case of the director, an employee of the Company; (2) the director or a member of the director's immediate family has received more than \$100,000 per year in direct compensation from the Company other than for service as a director, provided that compensation received by an immediate family member for service as an employee of the Company is not, under the NYSE standards, considered in determining independence; (3) the director is employed by the Company's independent auditors, a member of the director's immediate family is employed by the Company's independent auditors in a specified capacity, or the director or a member of the director's immediate family was within the last three years (but is no longer) an employee of the Company's independent auditors and personally worked on the Company's audit; (4) the director or a member of the director's immediate family is, or in the past three years has been, employed as an executive officer of a company where an executive officer of the Company serves on the compensation committee; or (5) the director is a current employee of, or a member of the director's immediate family is an executive officer of, a company that makes payments to, or receives payments from, the Company in an amount which, in any twelve-month period during the past three years, exceeds the greater of \$1 million or two percent of such other company's consolidated gross revenues.

The Company's Bylaws also provide that a majority of the Board of Directors be comprised of independent directors. Under the Company's Bylaws, an independent director means a director who (a) is not a current employee or a former member of senior management of the Company or an affiliate of the Company, (b) is not employed by a provider of professional services to the Company, (c) does not have any business relationship with the Company, either personally or through a company of which the director is an officer or a controlling shareholder, that is material to the Company or to the director, (d) does not have a close family relationship, by blood, marriage or otherwise with any member of senior management of the Company or an affiliate of the Company, (e) is not an officer of a company of which the Company's chairman or chief executive is also a board member, (f) is not personally receiving compensation from the Company in any capacity other than as a director, and (g) does not personally receive or is not an employee of a foundation, university, or other institution that receives grants or endowments from the Company, that are material to the Company or to either the recipient and/or the foundation, university or institution.

The Board of Directors has reviewed business and charitable relationships between the Company and each non-employee Director and Director nominee, including those described below under Certain Relationships and Related Transactions, to determine compliance with the NYSE and Bylaw standards described above and to evaluate whether there are any other facts or circumstances that might impair a Director's or nominee's independence. Based on that review, the Board has determined that eight of its eleven current members are independent. Mr. Andreas and Ms. Woertz are not independent under the NYSE or Bylaw standards because of their employment with the Company. Mr. Mulrone is not independent under the Company's Bylaw standards because he is the senior partner of a law firm that provides professional services to the Company.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that govern the structure and functioning of the Board and set forth the Board's policies on governance issues. The Guidelines, along with the written charters of each of the committees of the Board, are posted on the Company's internet site, www.admworld.com, and are available free of charge on written request to Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666.

Executive Sessions

In accordance with the Company's Corporate Governance Guidelines, the non-management Directors meet in executive session at least annually. If the non-management Directors include any Directors who are not independent pursuant to the Board's determination of independence, at least one executive session includes only independent Directors. The Lead Director, or in the absence of the Lead Director, the Chairperson of the Nominating/Corporate Governance Committee, presides at such meetings.

Board Meetings and Attendance at Annual Meetings of Stockholders

During the last fiscal year, the Board of Directors of the Company held five regularly scheduled meetings and two special meetings. All incumbent Directors attended 75% or more of the combined total meetings of the Board and the committees on which they served during the last fiscal year. The Company expects all nominees to serve as a Director to attend the Annual Meeting of Stockholders. All Director nominees standing for election at the Company's last Annual Meeting of Stockholders held on November 3, 2005 attended that meeting.

Information Concerning Committees and Meetings

The Board's committee structure consists of the following standing committees: Audit, Compensation/Succession, Nominating/Corporate Governance, and Executive Committees. Each of such Committees operates pursuant to a written charter adopted by the Board.

The Audit Committee consists of Mr. O'Neill, Chairperson, and Messrs. Boeckmann, Joslin and Moore. The Audit Committee met ten times during the fiscal year. All of the members of the Audit Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. No Director may serve as a member of the Audit Committee if such Director serves on the audit committees of more than two other public companies unless the Board determines that such service would not impair such Director's ability to serve effectively on the Audit Committee. The Audit Committee reviews the (1) overall plan of the annual independent audit, (2) financial statements, (3) scope of audit procedures, (4) performance of the Company's independent auditors and internal auditors, (5) auditors' evaluation of internal controls, and (6) matters of legal compliance.

The Compensation/Succession Committee consists of Mr. Boeckmann, Chairperson, Ms. Carter and Messrs. Joslin, Maciel, Webb and Westbrook. The Compensation/Succession Committee met five times during the fiscal year. All of the members of the Compensation/Succession Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. The Compensation/Succession Committee (1) establishes and administers a compensation policy for senior management, (2) reviews and approves the compensation policy for all employees of the Company and its subsidiaries other than senior management, (3) reviews and monitors the Company's financial performance as it affects the compensation policies of the Company or the administration of such policies, (4) establishes and reviews a compensation policy for non-employee Directors, and (5) reviews and monitors the Company's succession plans. All of its actions are either reported to the Board or submitted to the Board for ratification.

The Nominating/Corporate Governance Committee consists of Mr. Westbrook, Chairperson, Ms. Carter and Messrs. Maciel, Moore and O'Neill. The Nominating/Corporate Governance Committee met four times during the fiscal year. All of the members of the Nominating/Corporate Governance Committee were determined by the Board to be independent directors, as that term is defined in the Company's Bylaws and in the applicable listing standards of the NYSE. The Nominating/Corporate Governance Committee (1) identifies individuals qualified to become members of the Board, including evaluating individuals appropriately suggested by Stockholders in accordance with the Bylaws of

the Company, (2) recommends individuals to the Board for nomination as members of the Board and Board committees, (3) develops and recommends to the Board a set of corporate governance principles applicable to the Company, and (4) leads the evaluation of the Directors, the Board and Board Committees. In assessing an individual's qualifications to become a member of the Board, the Nominating/Corporate Governance Committee may consider various factors including

education, experience, judgment, independence, integrity, availability and such other factors as the Nominating/Corporate Governance Committee deems appropriate. The Nominating/Corporate Governance Committee strives to recommend candidates that compliment the current members of the Board and other proposed nominees so as to further the objective of having a Board that reflects a diversity of background and experience with the necessary skills to effectively perform the functions of the Board and its committees. The Nominating/Corporate Governance Committee will consider nominees recommended by a Stockholder provided the Stockholder submits the nominee's name in a written notice delivered to the Secretary of the Company at the principal executive offices of the Company not less than sixty nor more than ninety days prior to the anniversary date of the immediately preceding Annual Meeting of Stockholders; provided that, in the event that the Annual Meeting is called for a date that is not within thirty days before or after such anniversary date, the notice must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the Annual Meeting was mailed or public disclosure of the date of the Annual Meeting was made, whichever first occurs (different notice delivery requirements may apply if the number of Directors to be elected at an Annual Meeting is being increased, and there is no public announcement by the Company naming all of the nominees or specifying the size of the increased Board at least one hundred days prior to the first anniversary of the preceding year's Annual Meeting). Any such notice must set forth the information required by Section 1.4(c) of the Company's Bylaws, and must be accompanied by the written consent of the proposed nominee to being named as a nominee and to serve as a Director if elected. All candidates, regardless of the source of their recommendation, are evaluated using the same criteria.

The Executive Committee consists of Mr. Andreas, Chairperson, Mr. Webb, Lead Director, Messrs. Moore and Mulrone, and Ms. Woertz. The Executive Committee did not meet during the fiscal year but acted three times during the fiscal year by unanimous written consent without a meeting. The Executive Committee acts on behalf of the Board to determine matters which, in the judgment of the Chairman of the Board, do not warrant convening a special meeting of the Board but should not be postponed until the next scheduled meeting of the Board. The Executive Committee exercises all the power and authority of the Board in the management and direction of the business and affairs of the Company except for those matters which are expressly delegated to another Committee of the Board and matters which, under applicable law, or the Company's Certificate of Incorporation or Bylaws, cannot be delegated by the Board.

During fiscal year 2006, the Select Committee of the Board was formed to lead the search for a successor to Mr. Andreas as Chief Executive. The Select Committee consisted of Mr. Westbrook, Chairperson, and Messrs. Boeckmann, Moore and Webb. The Select Committee met a number of times during the fiscal year and was dissolved after Ms. Woertz's election as President and Chief Executive Officer.

The Board of Directors has adopted a Business Code of Conduct and Ethics that sets forth standards regarding, among other things, honest and ethical conduct, compliance with law, and full, fair, accurate and timely disclosure in reports and documents that the Company files with the Securities and Exchange Commission and in other public communications. The Business Code of Conduct and Ethics applies to all employees, officers and directors of the Company, including the Company's principal executive officer, principal financial officer and principal accounting officer. The Business Code of Conduct and Ethics is available on the Company's internet site, www.admworld.com and

is available free of charge on written request to Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666. Any amendments to certain provisions of the Business Code of Conduct and Ethics or waivers of such provisions granted to certain executive officers will be promptly disclosed on this internet site.

The pension amount is based on the final average monthly compensation (average of the 60 consecutive months of the last 180 months which produce the highest average). For purposes of the Retirement Plan, the term compensation is defined as base compensation (Salary as shown in the Summary Compensation Table) paid during the Retirement Plan year. The pension amount is calculated as follows: final average monthly compensation times 36% plus 16.5% of final average compensation in excess of Social Security covered compensation for the first 30 years of service plus 0.5% of final average compensation for each year in excess of 30 years of service and additional early retirement reduction when the pension commences prior to age 65. The Retirement Plan does not include a Social Security offset. The normal retirement age under the Retirement Plan is age 65 with 5 years of service. The 5 year average compensation for purposes of the Retirement Plan of Mr. Andreas and each of the four highest paid Executive Officers of the Company, other than Ms. Woertz, and the number of years of service rounded to the nearest year and credited to each of them under the Retirement Plan was as follows: G. A. Andreas \$2,851,000 (33 years); D. J. Smith \$741,087 (25 years); W. H. Camp \$707,759 (29 years); J. D. Rice \$717,568 (30 years) and D. J. Schmalz \$684,097 (21 years). Ms. Woertz does not become eligible to participate in the Retirement Plan until May 1, 2007.

Various provisions of the Internal Revenue Code of 1986, as amended, limit the amount of benefits payable under a qualified pension plan. When these limits operate to reduce a pension benefit payable under the Retirement Plan, the Company will provide additional amounts so that the total annual pension will be as provided in the Retirement Plan.

Report of the Compensation/Succession Committee

Overview

The Committee reviews and establishes the compensation of the officers of the Company, approves annual cash compensation to any employee in the amount of \$250,000 or more, approves awards to employees pursuant to the incentive compensation plans of the Company, and approves modifications in the employee benefit plans with respect to the benefits salaried employees receive under such plans. The Committee is comprised of six independent directors. The actions of the Committee are reported to the Board of Directors and, where appropriate, submitted to the Board of Directors for ratification.

The objective of the Company's compensation program is to provide annual and long-term incentive compensation to the officers and other employees of the Company that is competitive with that for comparable employment, responsibilities and performance. The Committee defines competitiveness as the fiftieth percentile level of compensation offered by a peer group of companies selected by the Committee. The Committee, whose members are investors and business leaders, familiarize themselves with these compensation packages through periodic consultations with compensation experts from nationally-recognized firms and by reviewing publicly-filed documents. In addition, in the case of all individuals except the Chief Executive, the Committee considers the recommendations of management and the individual's supervisor(s) in establishing each such person's compensation. The non-management directors evaluate the performance of the Chief Executive which is considered by the Committee in establishing the compensation for the Chief Executive. The Company does not pay cash bonuses, except in limited situations. Except for Ms. Woertz, on the terms described below, no officer of the Company receives a cash bonus. The reportable compensation of all employees is adjusted to reflect the personal use, if any, of Company property.

Long Term Incentives

During fiscal year 2004, based upon a study of the compensation program of the Company conducted by the Committee with the assistance of an outside compensation expert, the Committee adopted a new long-term incentive compensation program designed to address a deficiency in long-term incentive compensation and better align the interests of the officers and participating employees with the shareholders by linking awards largely to the performance of the Company (the LTI Program). Under the LTI Program, officers and certain employees of the Company have the opportunity to receive annual incentive compensation awards in the form of stock options and restricted stock. The stock option awards are based upon each participant reaching annual individual performance objectives as determined by the person's supervisor(s) or, in the case of the Chief Executive, by the non-management directors. The restricted stock awards are based on the Company achieving target levels of total business return, based on change in equity value calculated as a multiple of EBITDA (earnings before interest, taxes, depreciation and amortization) less debt, plus dividends, measured on a three-year rolling average. The amount of these awards is based on a combination of the participant's position within the Company and base salary. The stock options are granted at the market price on the date granted, vest over five years and are exercisable over a period of ten years. The awards of restricted stock have time-based restrictions for a period of three years.

Compensation of the Chief Executive

Prior to Mr. Andreas' resignation as President and Chief Executive effective May 1, 2006, his compensation as Chief Executive was established by the Committee considering all of the factors previously described in this report. The Committee proposed and the Board of Directors approved an annual salary for Mr. Andreas of \$3,060,000, granted stock options to him for 166,619 shares of Company stock and awarded 480,091 shares of restricted stock pursuant to the LTI Program. In connection with Mr. Andreas' resignation as President and Chief Executive, the Company and Mr. Andreas entered into a Transition Agreement dated May 5, 2006 (the Transition Agreement) as proposed by the

Committee after considering Mr. Andreas' service to the Company and performance as President and Chief Executive, his continued willingness to serve as Chairman and the transition agreements entered into by similarly situated chief executives of other public companies. The Transition Agreement provides that, following Mr. Andreas' resignation as President and Chief Executive,

the other terms and conditions of Mr. Andreas' employment, including his annual salary of \$3,060,000 and receipt of an equity incentive award for fiscal year 2006 pursuant to the LTI Program, remain in effect through August 31, 2006. Thereafter, in lieu of his current annual salary, Mr. Andreas will be compensated at the rate of \$1,000,000 per year for his services as Chairman and will no longer be eligible to participate in the LTI Program.

In connection with the election of Ms. Woertz as the Company's President and Chief Executive, the Company and Ms. Woertz entered into Terms of Employment effective May 1, 2006 (the "Terms of Employment"). The Committee retained an outside compensation expert to advise the Committee with respect to Ms. Woertz's compensation. Prior to approving the Terms of Employment, the Committee considered the advice of this expert, analyzed information regarding the total compensation provided to the chief executives of other public companies of a comparable size and considered the attributes Ms. Woertz would bring to the positions of President and Chief Executive in the context of the competitive marketplace for chief executive talent. Pursuant to the Terms of Employment, the Committee proposed and the Board of Directors approved an annual salary for Ms. Woertz of \$1,200,000, approved a target annual bonus of at least 125% of her annual salary, granted stock options to her for 138,770 shares of Company stock vesting on the Company's standard five-year schedule and awarded 152,201 shares of restricted stock having a time-based restriction for a period of three years. Payment of a target bonus to Ms. Woertz is guaranteed for fiscal 2006, prorated for the number of months she was employed, and for fiscal 2007. In addition, pursuant to the Terms of Employment, the Company granted Ms. Woertz a one-time cash bonus of \$500,000 and 28,785 shares of restricted stock having a time-based restriction for a period of one year in connection with her commencement of employment with the Company.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation paid in excess of \$1,000,000 annually to each of the Company's Chief Executive and four other most highly-compensated executive officers except for qualifying performance-based compensation. A portion of the compensation paid to the Company's Chief Executive will be subject to the deduction limitation. In order to retain the flexibility to compensate its executive officers in a competitive environment in accordance with the principles discussed above, the Committee believes that it would be inadvisable to adopt a strict policy of compliance with the performance-based compensation exception to Section 162(m). The awards of stock options and restricted stock pursuant to the LTI Program qualify as performance-based compensation and is fully-deductible. The Committee will continue to consider future opportunities for compliance with this exception to Section 162(m) that it feels are in the best interests of the Company and its stockholders. The Committee believes that the amount of any expected loss of a tax deduction under Section 162(m) will be insignificant to the Company's overall tax position.

Employment, Termination of Employment and Change-in-Control Arrangements

G. A. Andreas

In connection with Mr. Andreas' resignation as President and Chief Executive, the Company and Mr. Andreas entered into the Transition Agreement. The Transition Agreement was filed as an exhibit to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on May 8, 2006 and the following summary is qualified by reference to the entire Transition Agreement.

The Transition Agreement provides that, following Mr. Andreas' resignation as President and Chief Executive, the other terms and conditions of Mr. Andreas' employment, including his annual salary of \$3,060,000 and receipt of an equity incentive award for fiscal year 2006 pursuant to the Company's LTI Program, remain in effect through August 31, 2006. Thereafter, in lieu of his current annual salary, Mr. Andreas will be compensated at the rate of \$1,000,000 per year for his services as Chairman, will be provided with office and secretarial support and will be provided with air and ground transportation and access to existing corporate lodging while on Company business. Mr. Andreas is no longer eligible to participate in the LTI Program after August 31, 2006.

In the event that Mr. Andreas retires and resigns as a Director and Chairman prior to July 1, 2007, he shall not receive any further annual compensation after his retirement date and shall forfeit certain unvested equity incentive awards. If Mr. Andreas retires and resigns as a Director and Chairman after July 1, 2007 but before September 1, 2009, he will continue to be compensated at the rate of \$1,000,000 per year until September 1, 2009. Mr. Andreas will not receive annual compensation after September 1, 2009.

Upon Mr. Andreas' retirement and resignation as a Director and Chairman, any equity awards previously granted to him pursuant to the Company's 2002 Incentive Compensation Plan (the "Incentive Compensation Plan") shall continue to vest in accordance with the terms of the applicable agreements. With respect to equity awards under other Company plans, subject to Mr. Andreas' compliance with the terms of a covenant not to compete set forth in the Transition Agreement, such awards will continue to vest in accordance with their regular vesting schedules and any awards that are unvested on September 1, 2009 will become fully-vested on that date. Vested options remain exercisable as if Mr. Andreas remained employed until the end of the original term of such options or such shorter period as is necessary so that such stock options are not subject to tax pursuant to Internal Revenue Code Section 409A. In the event any equity awards under ADM's plans other than the Incentive Compensation Plan cannot be fully-vested and Mr. Andreas is entitled to have them vested pursuant to the Transition Agreement, ADM will pay Mr. Andreas the cash value of such awards on the later of the date when such award would otherwise have become fully-vested or the first date on which such payment would not be subject to tax pursuant to Internal Revenue Code Section 409A.

Pursuant to the Transition Agreement, if Mr. Andreas' retirement date is prior to July 1, 2008, Mr. Andreas and his family are entitled to continue participating in all medical, health and life insurance plans at the same benefit level at which Mr. Andreas and his family were participating on his retirement date, until the earlier of July 1, 2008 and the date on which Mr. Andreas receives substantially similar coverage and benefits under the plans of a subsequent employer. If Mr. Andreas' retirement date is prior to July 1, 2008, he shall receive service and age credit as an employee under ADM's supplemental retirement plans until July 1, 2008.

P. A. Woertz

In connection with the election of Ms. Woertz as the Company's President and Chief Executive Officer, the Company and Ms. Woertz entered into the Terms of Employment. The Terms of Employment were filed as an exhibit to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on May 1, 2006 and the following summary is qualified by reference to the entire Terms of Employment.

Pursuant to the Terms of Employment, the Board of Directors approved an annual salary for Ms. Woertz of \$1,200,000, approved a target annual bonus of at least 125% of her annual salary, granted stock options to her for 138,770 shares of Company stock vesting on the Company's standard five-year vesting schedule and awarded 152,201 shares of restricted stock having a time-based restriction for a period of three years. Pursuant

to the Terms of Employment, there shall be no reduction in Ms. Woertz's \$1,200,000 annual salary as a result of subsequent salary reviews. Payment of a target bonus to Ms. Woertz was guaranteed for fiscal 2006, prorated for the number of months she was employed, and is guaranteed for fiscal 2007. Pursuant to the Terms of Employment, the Company also granted Ms. Woertz a one-time cash bonus of \$500,000 and 28,785 shares of restricted stock having a time-based restriction for a period of one year. Ms. Woertz is also entitled to receive, pursuant to the Terms of Employment, other benefits and perquisites comparable to those received by her predecessor as Chief Executive or, if more favorable, other senior officers of the Company.

Upon a covered termination (as defined in the Terms of Employment) of Ms. Woertz's employment that is unrelated to a Change in Control (as defined in the Incentive Compensation Plan) of the Company, Ms. Woertz shall receive two years' base salary plus target annual bonus, two years of continuation coverage under the Company's benefit plans, two years of accelerated vesting of equity awards, and two years credit with respect to age, service and covered compensation for purposes of calculating pension benefits. Report of the Audit Committee

The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the stockholders relating to the Company's financial statements and the financial reporting process, preparation of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. The Audit Committee assures that the corporate information gathering and reporting systems developed by management represent a good faith attempt to provide senior management and the Board of Directors with information regarding material acts, events and conditions within the Company. In addition, the Audit Committee is directly responsible for the appointment, compensation and oversight of the independent auditors. The Audit Committee is comprised of four (4) independent directors, all of whom are financially literate and three of whom, T. F. O'Neill, the Chairperson of the Audit Committee, P. J. Moore, and R. S. Joslin have been determined by the Board of Directors to be "financial experts" as that term has been defined by the Securities and Exchange Commission.

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the development and selection of the critical accounting estimates, and the clarity of disclosures in the financial statements. Also, the Audit Committee discussed with management education regarding compliance with the policies and procedures of the Company as well as federal and state laws.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles and the effectiveness of the Company's internal control over financial reporting, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by Independence Standards Board Standard No. 1. The Audit Committee adopted an Audit and Non-audit Services Pre-Approval Policy and considered the compatibility of non-audit services with the independent auditors' independence. The Audit Committee recommended to the Board of Directors (and the Board has approved) a hiring policy related to current and former employees of the independent auditor. The Audit Committee appointed Ernst & Young LLP as independent auditor for the fiscal year ending June 30, 2007.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's accounting and financial controls, and the overall quality of the Company's financial reporting. The Audit Committee held ten meetings during fiscal year 2006.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2006 for filing with the Securities and Exchange Commission.

STOCKHOLDER S PROPOSAL NO. 1

The Community of the Sisters of St. Dominic of Caldwell, New Jersey, 40 South Fullerton Avenue, Montclair, New Jersey 07042, beneficial owners of at least 2,000 shares of Common Stock of the Company, as primary filers, in conjunction with The Maryknoll Sisters of St. Dominic, Inc., P.O. The Board of Directors and the Company accept no responsibility for the proposed resolution and supporting statement. **The Board of Directors recommends a vote AGAINST this stockholder proposal. As required by Securities and Exchange Commission rules, the resolution and supporting statement are printed below.**

**Report on Impacts of Genetically Engineered Products
2006
Archer Daniels Midland**

RESOLVED: Shareholders request that the Board of Directors adopt a policy to identify and label all food products manufactured or sold by the company that may contain genetically engineered (GE) ingredients.

Supporting Statement: The right to know is a fundamental principle of democratic societies and market economics.

In submitting this proposal, we are advocating for the consumers' right to know and for protection of the company from potential losses.

Labeling informs consumers concerned about allergens in the food they eat.

Labeling reduces liability.

Labeling protects consumers' right to know.

132 countries, parties to the Cartagena Protocol, have agreed to documentation requirements for the export and import of genetically engineered organisms. (Financial Times 3/29/06). Those requirements include labeling. Archer Daniels Midland will assumedly have crop/food identification capacity to meet those requirements.

Millions of people have allergies to certain foods. Recent studies indicate that genetic engineering may increase the risk that they will accidentally consume foods that contain allergens.

The Journal of Agriculture and Food Chemistry reported late in 2005 on an Australian study of transgenic peas, which showed that:

it can no longer be assumed that genetic engineering between closely related organisms is safe;

non-allergenic plants can form allergenic hybrids when genetically modified;

the genetic engineering process itself, not merely the transferred proteins, can result in an allergic reaction.

Genetically engineered foods currently on the market have NOT been screened for allergens using mice studies as those used in the Australian pea study.

The report Safety of Genetically Engineered Foods: Approaches to Assessing Unintended Health Effects (National Academy of Sciences] 7/2004) states: ... there remain sizable gaps in our ability to identify compositional changes that result from genetic modification of organisms intended for food...(p. 15)

Post-marketing surveillance has not been used to evaluate any of the GE crops currently on the market (p.153)

Only labeling will allow for post-marketing surveillance to verify pre-market screening for unanticipated adverse health consequences from the consumption of GE food.

Indicators that genetically engineered organisms MAY be harmful to humans, animals, or the environment include:

Five major US agricultural weeds have developed resistance to glyphosate, the herbicide used with genetically engineered Roundup Resistant crops. Addressing this problem includes use of additional herbicides.

Research (*Environmental Health Perspectives* 6/2005) has shown that Roundup, increasingly needed on Roundup Ready crops, is toxic to human placental cells at concentrations lower than agricultural use.

Crops engineered to produce pharmaceuticals/industrial chemicals could pollute the food system. The National Food Processors Association stated (11/2002): There is an unacceptable risk to the food supply

associated with the use of food and feed crops as factories for the production of pharmaceuticals or industrial chemicals without mandatory regulations and necessary verification in place.

Only labeling will fully inform consumers and protect our company.

Recommendation of the Board of Directors AGAINST the Proposal

The proponents submitted a shareholder proposal in 2005 requesting that the Board issue a report to the shareholders regarding the scope of the Company's food products derived from or containing genetically engineered products and a contingency plan for sourcing non-genetically engineered products should circumstances so require. The 2005 proposal was defeated, having received approximately 7.1% of the votes cast.

The United States Food and Drug Administration (the FDA) is the federal agency primarily responsible for insuring the safety of food and food ingredients. These products are also regulated by the United States Department of Agriculture (USDA) and the Environmental Protection Agency (EPA). The FDA, USDA and EPA have analyzed biotechnology based upon sound scientific principles. The Board is not aware that the FDA, USDA, EPA or any other regulatory agency has found or believes that food and food ingredients developed by these techniques, as a class, present any different or greater safety concerns than food and food ingredients developed from traditional sources. At present, the FDA does not require that foods produced through biotechnology be labeled unless, as a result of the biotechnology process: the food is significantly different from its traditional counterpart such that the common or usual name no longer adequately describes the new food; an issue exists for the food or a constituent of the food regarding how such food is used or the consequences of its use; a bioengineered food has a significantly different nutritional property; or a new food includes an allergen that consumers would not expect to be present based on the name of the food.

The Board does not believe that the policy requested by the Stockholder proposal is feasible, given the current practices of multi-vendor sourcing prevalent in the United States food distribution system. The Company produces and markets thousands of different products, and uses large volumes of various raw materials. We believe it would be difficult and costly, in the absence of federal laws and regulations, for the Company to require its numerous suppliers to identify crops and raw materials derived from modern biotechnology.

Because of the difficulty in determining which crops and raw materials used by the Company may contain genetically engineered ingredients, any label would likely state that foods produced by the Company from such crops and raw materials may contain genetically engineered ingredients. Because the labeling of genetically engineered ingredients is not generally required, a universal label such as the foregoing would not further a consumer's understanding of which foods contain genetically engineered ingredients, but may create confusion among consumers and potentially place the Company at a competitive disadvantage relative to those companies that do not label their products in such a manner.

Archer-Daniels-Midland Company believes that issues relating to biotechnology should be resolved uniformly by the FDA, USDA and other appropriate governmental regulatory agencies. These regulatory agencies can evaluate all aspects of the issues in a balanced and fully-informed manner, and on the basis of sound science.

Accordingly, the Board of Directors recommends that Stockholders vote AGAINST this Stockholder proposal. Proxies solicited by the Board of Directors will be so voted unless Stockholders specify a different choice.

STOCKHOLDER S PROPOSAL NO. 2

The Office of the Comptroller of New York City, 1 Centre Street, New York, New York 10007, has notified the Company that it intends to present the following resolution at the annual meeting, as custodian and trustee of the New York City Employees Retirement System, beneficial owners of 855,031 shares of Common Stock of the Company, the New York City Teachers Retirement System, beneficial owners of 721,192 shares of Common Stock of the Company, the New York City Police Pension Fund, beneficial owners of 297,957 shares of Common Stock of the Company, the New York City Fire Department Pension Fund,

beneficial owners of 134,771 shares of Common Stock of the Company, and as custodian of the New York City Board of Education Retirement System, beneficial owners of 60,672 shares of Common Stock of the Company. The Board of Directors and the Company accept no responsibility for the proposed resolution and supporting statement. **The Board of Directors recommends a vote AGAINST this stockholder proposal. As required by Securities and Exchange Commission rules, the resolution and supporting statement are printed below.**

ARCHER DANIELS MIDLAND COMPANY
GLOBAL HUMAN RIGHTS STANDARDS

*Submitted by William C. Thompson, Jr., Comptroller, City of New York, on behalf of
The Boards of Trustees of the New York City Pension Funds*

Whereas, Archer Daniels Midland Company currently has extensive overseas operations; and

Whereas, reports of human rights abuses in the overseas subsidiaries and suppliers of U.S.-based corporations has led to an increased public awareness of the problems of child labor, sweatshop conditions, and the denial of labor rights in U.S. corporate overseas operations, and

Whereas, corporate violations of human rights in these overseas operations can lead to negative publicity, public protests, and a loss of consumer confidence which can have a negative impact on shareholder value, and

Whereas, a number of corporations have implemented independent monitoring programs with respected human rights and religious organizations to strengthen compliance with international human rights norms in subsidiary and supplier factories, and

Whereas, many of these programs incorporate the conventions of the International Labor Organization (ILO) on workplace human rights, and the United Nations Norms on the Responsibilities of Transnational Corporations with Regard to Human Rights (UN Norms), which include the following principles:

1. All workers have the right to form and join trade unions and to Bargain collectively. (ILO Conventions 87 and 98; UN Norms, section D9).
2. Workers representatives shall not be the subject of discrimination and shall have access to all workplaces necessary to enable them to carry out their representation functions. (ILO Convention 135; UN Norms, section D9).
3. There shall be no discrimination or intimidation in employment. Equality of opportunity and treatment shall be provided regardless of race, color, sex, religion, political opinion, age, nationality, social origin or other distinguishing characteristics. (ILO Conventions 100 and 111; UN Norms, section B2).
4. Employment shall be freely chosen. There shall be no use of force, including bonded or prison labor. (ILO Conventions 29 and 105; UN Norms section D5).
5. There shall be no use of child labor. (ILO Convention 138; UN Norms, section D6), and,

Whereas, independent monitoring of corporate adherence to these internationally recognized principles is essential if consumer and investor confidence in our company's commitment to human rights is to be maintained,

Therefore, be it resolved that the shareholders request that the company fully implement a code of conduct based on the aforementioned ILO human rights standards and United Nations Norms on the Responsibilities of Transnational

Corporations with Regard to Human Rights, by its international suppliers and in its own international production facilities, and commit to a program of outside, independent monitoring of compliance with these standards.

Recommendation of the Board of Directors AGAINST the Proposal

The Board of Directors recommends a vote against this proposal for the reasons set forth below.

Throughout the history of ADM, it has been the objective of the Company to maintain operating standards that incorporate the highest ideals of character and business conduct. The Company's current Business Code of Conduct and Ethics, adopted in 2003, is a statement of the values to be recognized in the conduct of ADM's business by its employees, officers, directors and other agents. The Business Code of Conduct and Ethics is available on the Company's internet site, *www.admworld.com* and is available free of charge on written request to Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666.

The Business Code of Conduct and Ethics sets forth standards regarding, among other things, fair employment, health and safety, and child labor. Those standards are summarized below. ADM is committed to the fair and equitable treatment of all its employees and applicants for employment. The Company evaluates applicants and employees by their qualifications, demonstrated skills and achievements. ADM shall provide a work environment free from verbal or physical conduct which intimidates and harasses. The Company will not employ legally underage workers or forced labor. ADM will provide a safe and healthy workplace at each ADM location. ADM supports business partners who treat employees with dignity and respect and follow local employment laws. ADM will not condone the employment or exploitation of legally underage workers or forced labor and will not knowingly use suppliers who employ such workers or labor.

The Board believes that the Company's Business Code of Conduct and Ethics and the Company's existing business practices address the substantive areas covered by the proposal. For these reasons, the Board does not believe that adoption of this proposal is necessary or in furtherance of the best interests of ADM Stockholders.

Accordingly, the Board of Directors recommends that Stockholders vote AGAINST this proposal. Proxies solicited by the Board of Directors will be so voted unless Stockholders specify a different choice.

Deadline for Submission of Stockholder Proposals

Proposals of Stockholders intended to be presented at the next Annual Meeting and desired to be included in the Company's Proxy Statement for that meeting must be received by the Secretary, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666, no later than May 25, 2007, in order to be included in such Proxy Statement. Stockholders with the Same Address

Individual Stockholders sharing an address with one or more other Company Stockholders may elect to "household" the mailing of the Proxy Statement and the Company's annual report. This means that only one annual report and Proxy Statement will be sent to that address unless one or more Stockholders at that address specifically elect to receive separate mailings. Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not affect dividend check mailings. The Company will promptly send a separate annual report and

Proxy Statement to a Stockholder at a shared address on request. Stockholders with a shared address may also request the Company to send separate annual reports and Proxy Statements in the future, or to send a single copy in the future if the Company is currently sending multiple copies to the same address.

Requests related to householding should be made by writing Shareholder Relations, Archer-Daniels-Midland Company, 4666 Faries Parkway, Decatur, Illinois 62526-5666 or by calling the Company's Shareholder Relations at 217/424-5656. If you are a Stockholder whose shares are held by a bank, broker or other nominee, you can request information about householding from your bank, broker or other nominee.

Other Matters

It is not contemplated or expected that any business other than that pertaining to the subjects referred to in this Proxy Statement will be brought up for action at the meeting, but in the event that other business does properly come before the meeting calling for a Stockholders' vote, the named proxies will vote thereon according to their best judgment in the interest of the Company.
