Item 1.01 Entry into a Material Definitive Agreement

On May 14, 2008, Spirit AeroSystems, Inc. (Spirit) and The North Carolina Global TransPark Authority (GTPA) entered into an Inducement Agreement, a Construction Agency Agreement and a Lease Agreement for the construction and lease of a manufacturing facility on an approximately 300 acre site in Lenoir County, North Carolina (the Facility). Spirit intends to use the Facility for a variety of aerospace manufacturing purposes, including the manufacturing and assembly of aerostructure parts for various customers. Initially, Spirit plans to manufacture a portion of the fuselage for the new Airbus S.A.S. (Airbus) A350 XWB jetliner at the Facility.

Pursuant to the terms of the Construction Agency Agreement, GTPA has appointed Spirit as its construction agent for the Facility. The construction will be funded initially from a \$100 million grant, awarded to GTPA by The Golden L.E.A.F. (Long-term Economic Advancement Foundation), Inc., with an additional targeted capital investment of \$100 million to be funded by Spirit through 2014. GTPA will retain title to the site and the Facility.

The Lease Agreement provides that GTPA will lease the site and the Facility to Spirit for an initial term of approximately 22 years (such term includes the construction period, which is expected to last approximately 2 years). In addition, Spirit has the option to renew the lease for up to four additional 20-year terms. During the term of the lease, Spirit will make nominal rental payments to GTPA.

Pursuant to the terms of the Inducement Agreement, Spirit will be subject to performance criteria including certain job creation and capital investment targets. Failure to meet these targets will result in an obligation to make additional payments to GTPA in future periods, but will not result in any payments after the initial 22-year term of the lease. Additionally, Spirit is subject to termination penalties if certain events occur either during or subsequent to the construction phase of the project. Any such penalties are not expected to be material to Spirit's financial position or annual results of operations, and are ultimately dependent on the amount of jobs created and capital invested in the Facility.

Copies of the Inducement Agreement, the Construction Agency Agreement and the Lease Agreement will be filed as exhibits to the registrant's Quarterly Report on Form 10-Q to be filed for the second quarter of 2008.
