**PROXY STATEMENT FOR THE ALTUS PHARMACEUTICALS INC.
2006 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON
JULY 27, 2006**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Altus Pharmaceuticals Inc.'s Board of Directors is soliciting your proxy to vote at the 2006 annual meeting of stockholders and any adjournments of the meeting to be held at 10:00 A.M., local time, on Thursday, July 27, 2006, at the Hotel @ MIT, 20 Sidney Street, Cambridge, MA 02139. This proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the annual meeting.

On June 16, 2006 we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending our 2005 annual report along with this proxy statement, which includes our financial statements for the fiscal year ended December 31, 2005. You can also find a copy of our 2005 Annual Report on Form 10-K on the Internet through the Securities and Exchange Commission's electronic data system called EDGAR at www.sec.gov or through the Investor Relations section of our website at www.altus.com.

Who Can Vote?

Only stockholders who owned Altus Pharmaceuticals Inc. common stock at the close of business on May 30, 2006 are entitled to vote at the annual meeting. As of May 31, 2006 there were 22,223,310 shares of Altus Pharmaceuticals Inc. common stock outstanding and entitled to vote. The common stock is our only outstanding class of voting stock.

You do not need to attend the annual meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering to our Secretary a signed statement of revocation or a duly executed proxy bearing a later date. Any stockholder who has executed a proxy card but attends the meeting in person may revoke the proxy and vote at the meeting.

How Many Votes Do I Have?

Each share of Altus Pharmaceuticals Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name, you may vote:

By mail. Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Table of Contents

If your shares are held in street name (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The board of directors recommends that you vote as follows:

FOR the election of the nominees for director; and

FOR ratification of the selection of independent registered public accounting firm for our fiscal year ending December 31, 2006.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

signing a new proxy card and submitting it as instructed above;

notifying Altus Pharmaceuticals Inc.'s Secretary in writing before the annual meeting that you have revoked your proxy; or

attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under **How Do I Vote?** for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under **How Do I Vote?** If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under **How Do I Vote?**, the bank, broker or other nominee has the authority to vote your unvoted shares on both Proposals 1 and 2 even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares

will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a broker non-vote .

Table of Contents

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a plurality of the votes) will be elected. Abstentions are not counted as voting on the matter for purposes of electing directors. You may vote FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of Auditors

The affirmative vote of a majority of the votes cast at the annual meeting is required to ratify the selection of independent auditors. Abstentions will have no effect on the voting on this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants. However, our Board of Directors believes it is advisable to give stockholders the opportunity to ratify this selection. If our stockholders do not ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006, the Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, Computershare Investor Services, examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The annual meeting will be held at 10:00 A.M. local time on Thursday, July 27, 2006 at the Hotel @ MIT, 20 Sidney Street, Cambridge, MA 02139. When you arrive at the Hotel @ MIT, signs will direct you to the appropriate meeting rooms. You need not attend the annual meeting in order to vote.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be household, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, Computershare Investor Services, by calling their toll free number, 1-877-282-1168.

If you do not wish to participate in householding and would like to receive your own set of Altus Pharmaceuticals Inc. s annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Altus Pharmaceuticals Inc. shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your Altus Pharmaceuticals Inc. shares are registered in your own name, please contact our transfer agent, Computershare Investor Services, and inform them of your request by calling them at 1-877-282-1168, via the internet at www.computershare.com or writing them at Computershare Trust Company, N.A., P.O. Box 43078, Providence, RI 02940-3078.

If a broker or other nominee holds your Altus Pharmaceuticals Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of May 31, 2006 for (a) the executive officers named in the Summary Compensation Table on page 16 of this proxy statement, (b) each of our directors and director nominees, (c) all of our current directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 22,223,310 shares of common stock outstanding on May 31, 2006.

MANAGEMENT**The Board of Directors**

Our Restated Certificate of Incorporation and Restated Bylaws provide that our business is to be managed by or under the direction of our Board of Directors. Our Board of Directors is divided into three classes for purposes of election. One class is elected at each annual meeting of stockholders to serve for a three-year term. Our Board of Directors currently consists of 10 members, divided into three classes as follows: (1) Peter L. Lanciano, John P. Richard, Richard H. Aldrich, and Harry H. Penner, Jr. constitute Class I, (2) Jonathan S. Leff and Jonathan D. Root constitute Class II, and (3) Manuel A. Navia, Sheldon Berkle, Stewart Hen, and Michael S. Wyzga constitute Class III. The terms of each of Mr. Lanciano and Mr. Aldrich will expire at the 2006 annual meeting, and the Board thanks them for their service to the Company.

On June 6, 2006, our Board of Directors voted to nominate Harry H. Penner, Jr., Stewart Hen, and John P. Richard for re-election as Class I directors at the annual meeting for a term of three years to serve until the 2009 annual meeting of stockholders, and until their respective successors have been elected and qualified. The Board has elected to nominate Mr. Hen for election at the 2006 annual meeting into Class I instead of Class III, in order to have classes as equal in number as possible following the expiration at the 2006 annual meeting of the terms of Messrs. Lanciano and Aldrich.

Our Board has determined that the following continuing members of the Board qualify as independent under the definition promulgated by the Nasdaq Stock Market: Messrs. Hen, Leff, Penner, and Wyzga, and Drs. Root and Navia.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended December 31, 2005 there were six meetings of our Board of Directors, and the various committees of the Board met a total of 18 times. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during fiscal 2005. The Board has adopted a policy under which each member of the Board is strongly encouraged to attend each annual meeting of our stockholders. We completed our initial public offering in January 2006. As a result, the 2006 annual meeting of stockholders will be the first meeting of stockholders that we hold as a public company.

Audit Committee. Our Audit Committee met four times during fiscal 2005. This committee currently has three members, Messrs. Richard, Penner and Wyzga. Our Audit Committee has the authority to retain and terminate the services of our independent auditors. In addition, our Audit Committee pre-approves the engagement of our

independent auditors, reviews annual financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. A copy of the charter of the Audit Committee is attached as Appendix A to this proxy statement. Nasdaq rules require that all members of

Table of Contents

the audit committee be independent directors, as defined by the rules of the Nasdaq and the SEC, as such standards apply specifically to members of audit committees. The Nasdaq rules also permit a company, such as us, listing on the Nasdaq National Market in connection with its initial public offering to have only one member of the audit committee comply with the independence requirements on the date of listing, provided that a majority of the members satisfy the requirements within 90 days after listing and all of the members satisfy the requirements within one year after listing. Our Board of Directors has determined that Messrs. Penner and Wyzga satisfy the independence requirements for service on the audit committee, and we are seeking one additional independent director to join the audit committee prior to the end of the phase-in period referenced above. The Board has determined that Mr. Wyzga is an audit committee financial expert, as the Securities and Exchange Commission has defined that term in Item 401 of Regulation S-K. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

Compensation Committee. Our Compensation Committee met 14 times during fiscal 2005. This committee currently has four members, Messrs. Aldrich and Hen, and Drs. Navia and Root. As noted above, Mr. Aldrich's term as a director will expire at the 2006 Annual Meeting. In addition, Mr. Hen intends to resign from the Compensation Committee effective upon the 2006 Annual Meeting. Our Compensation Committee reviews, approves and makes recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board of Directors are carried out and that such policies, practices and procedures contribute to our success. The Compensation Committee is responsible for the determination of the compensation of our Chief Executive Officer, and shall conduct its decision making process with respect to that issue without the chief executive officer present. Our board of directors has determined that all of the members of this committee satisfy the Nasdaq independence requirements for service on the Compensation Committee. Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Governance Committee. Our Nominating and Governance Committee did not meet during fiscal 2005. The committee currently has two members, Mr. Hen and Dr. Navia. This committee's role is to make recommendations to the full Board as to the size and composition of the Board and its committees, and to evaluate and make recommendations as to potential candidates. Our board of directors has determined that Mr. Hen and Dr. Navia satisfy the Nasdaq independence requirements for service on the Nominating and Governance Committee. The Nominating and Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2007 Annual Meeting of Stockholders using the procedures set forth in our Restated Bylaws, it must follow the procedures described in Notice of Stockholder Business and Nominations. If a stockholder, who meets the minimum percentage ownership requirements that the Board may establish from time to time, wishes simply to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, the stockholder should submit the recommendation to the Nominating and Governance Committee in writing, by mail, courier or personal delivery. A nominating recommendation must be accompanied by:

the name, address, including telephone number of the recommending shareholder;

the number of our shares owned by the recommending shareholder and the time period for which such shares have been held;

if the recommending shareholder is not a shareholder of record, a statement from the record holder of the shares (usually a broker or bank) verifying the holdings of the shareholder and a statement from the recommending shareholder of the length of time that the shares have been held. Alternatively, the shareholder may furnish a current Schedule 13D, Schedule 13G, Form 3, Form 4 or Form 5 filed with

the Securities and Exchange Commission reflecting the holdings of the shareholder, together with a statement of the length of time that the shares have been held; and

a statement from the shareholder as to whether the shareholder has a good faith intention to continue to hold the reported shares through the date of our next annual meeting of stockholders.

A copy of the Nominating and Governance Committee's written charter is publicly available on our website at www.altus.com.

Option Grants in Our Last Fiscal Year

The following table shows information regarding stock options granted to the executive officers named in the summary compensation table above during our fiscal year ended December 31, 2005.

Name	Number of Securities Underlying Options/SARs Granted (#)(1)	Individual Grants			Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)	
		% of Total Options/SARs Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Share)	Expiration Date	5%	10%
Sheldon Berkle	566,943	37.5%	\$ 3.92	May 8, 2015	\$ 11,629,940	\$ 19,835,145
Don G. Burstyn	17,444	1.2%	\$ 3.92	January 26, 2015	\$ 357,836	\$ 610,298
Robert Gallotto	37,069	2.5%	\$ 3.92	January 26, 2015	\$ 760,412	\$ 1,296,901
Jonathan I. Lieber Alexey L.	21,805	1.4%	\$ 3.92	January 26, 2015	\$ 447,295	\$ 762,873
Margolin, Ph.D.	34,889	2.3%	\$ 3.92	January 26, 2015	\$ 715,693	\$ 1,220,631
Martin D. Williams(3)	141,735	9.4%	\$ 3.92	January 4, 2015	\$ 2,907,470	\$ 4,958,760

(1) The options were granted pursuant to our 2002 Employee, Director and Consultant Stock Plan, which was amended and restated upon the completion of our initial public offering on January 26, 2006. Other than the options granted to Sheldon Berkle, the options granted to the above named executive officers are immediately exercisable for restricted stock, subject to a repurchase right. The options vest or alternatively the repurchase rights on any restricted stock lapse quarterly over a four-year period from the date of grant. The type and vesting schedule of Mr. Berkle's options is included in the description of his employment agreement below.

(2) Options were granted with an exercise price per share equal to the fair market value of our common stock on the date of grant, as determined by our board of directors. The potential realizable value is based on the assumption that our common stock appreciates at the annual rate shown, compounded annually, from the date of grant until the expiration of the ten-year term of the option. These numbers are calculated based on SEC requirements and do not reflect projections or estimates of future stock price growth. Potential realizable values are computed by:

multiplying the number of shares of common stock underlying each option by \$15.00 per share, which was our initial public offering price per share;

assuming that the total stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire ten-year term of the option; and

subtracting from that result the total option exercise price.

Actual gains, if any, on stock option exercises will be dependent on the future performance of the common stock. The percentage of total options granted is based on an aggregate of 1,512,428 options granted by us to our employees in 2005, including the executive officers listed in the table above.

- (3) At December 31, 2005, Mr. Williams was no longer employed by us. As a result, 115,161 of his unvested options were cancelled in December 2005 and 26,574 vested options remain exercisable until September 30, 2006.

Table of Contents**Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values**

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the fiscal year ended December 31, 2005. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2005. Because there was no public trading market for our common stock as of December 31, 2005, the value realized upon the exercise of options and the value of the unexercised in-the-money options at year-end have been calculated using our initial public offering price of \$15.00 per share minus the applicable per share exercise price.

Name	Shares Acquired on Exercise	Value Realized(1)	Number of Securities Underlying Unexercised Options at Fiscal Year-End		Value of the Unexercised In-the-Money Options at Fiscal Year-End	
			Exercisable(2)	Unexercisable	Exercisable	Unexercisable
Sheldon Berkle		\$	490,434	76,509	\$ 5,434,000	\$ 847,720
Don G. Burstyn		\$	159,180		\$ 1,763,714	
Robert Gallotto		\$	141,735		\$ 1,519,398	
Jonathan I. Lieber Alexey L.		\$	185,346		\$ 2,053,634	
Margolin, Ph.D.	13,083	\$ 45,006	195,158		\$ 2,107,892	
Martin D. Williams		\$	26,574		\$ 294,440	

(1) Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.

(2) All of these options may be exercised immediately for shares of restricted stock, which are subject to a repurchase right by us that lapses on the same vesting schedule as the options.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Sheldon Berkle. We entered into an employment agreement with Sheldon Berkle, our President, Chief Executive Officer and a director in May 2005. Pursuant to the agreement, Mr. Berkle receives an annualized base salary of \$400,000 and has an opportunity to earn an annual performance bonus of up to 50% of his salary, based on achievement of a series of personal and corporate objectives that our board of directors and

Mr. Berkle define annually. Mr. Berkle also received a signing bonus of \$153,500. Such bonus replaced a loan from us to Mr. Berkle in the amount of \$150,000 at the commencement of his employment, which loan was repaid prior to the filing of the registration statement relating to our initial public offering. He will be required to repay \$75,000 of the bonus amount in the event that he voluntarily terminates his employment or is terminated for cause before May 9, 2007, less the amount of taxes he incurred in connection with his receipt of such portion of the bonus. Pursuant to the employment agreement, Mr. Berkle will be entitled to 12 months severance at a rate equal to his then-current base salary in the event that we terminate his employment without cause or he resigns for good reason, or if he resigns for good reason within six months after a change in control, as defined in our 2002 Stock Plan. We have agreed, in these circumstances, to assume payments under Mr. Berkle's house and automobile leases in the Boston area for the 12-month severance period, or, if shorter, until the expiration of the respective terms of the leases, up to an aggregate of \$25,000. Upon appointment as our President and Chief Executive Officer, Mr. Berkle received options to purchase 566,943 shares of our common stock at an exercise price of \$3.92 per share. One quarter of the options vested on the first anniversary of his employment, with the balance vesting monthly for three additional years. Of the 566,943 options, options to purchase 490,434 shares are immediately exercisable for shares of restricted stock, which are subject to a repurchase right by us that lapses based on the same vesting schedule as the options.

Acceleration of Vesting of Stock Options Upon a Change of Control. Pursuant to our 2002 Stock Plan, in the event a merger or other reorganization event also constitutes a change of control, all options issued to directors, whether or not employees, shall become exercisable in full immediately prior to such event.

Pursuant to the stock option agreements with our executive officers, in the event that within one year after the date of a change in control, as defined in our 2002 Stock Plan,

the executive officer is terminated for any reason other than cause, as defined in our 2002 Stock Plan, or

the executive officer, as a condition to his or her remaining an employee, is required to relocate at least 50 miles from his or her current location of employment, or

there occurs a material adverse change in the executive officer's duties, authority or responsibilities which causes his or her position with us to become of significantly less responsibility or authority than his or her position was immediately prior to the change in control, or

there occurs a material reduction in the executive officer's base salary from the base salary received immediately prior to the change in control,

the executive officer's options will be fully vested and immediately exercisable as of the date of his or her last day of employment, unless the options have otherwise expired or been terminated pursuant to their terms or the terms of our 2002 Stock Plan.

**REPORT OF COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

This report is submitted by the Compensation Committee, which is responsible for establishing and administering our executive compensation policies and stock option plans. In 2005, this committee was composed of Messrs. Aldrich and Hen, and Drs. Navia and Root, none of whom is an employee of ours. As noted above, Mr. Aldrich's term as a director will expire at the 2006 Annual Meeting. This report addresses the compensation policies for fiscal year 2005 as they affected Sheldon Berkle, in his capacity as President and Chief Executive Officer, and our other executive officers.

General Policies

Under the supervision of the Committee, we have developed and implemented compensation policies, plans and programs which (i) provide a total compensation package which is intended to be competitive within the industry so as to enable us to attract and retain high-caliber executive personnel, and (ii) seek to align the

Table of Contents

financial interests of our employees with those of our stockholders by relying heavily on long-term incentive compensation that is tied to performance.

The primary components of executive compensation include base salary, an annual bonus opportunity and long-term equity incentives in the form of stock options. We rely on annual cash incentives and stock options to motivate our executive officers and other employees. This allows us to retain cash for research and development projects. All of our executive officers named in the Summary Compensation Table on page 16 receive equity-based compensation awards under our 2002 Stock Plan as part of their compensation. The equity compensation granted to Mr. Berkle and to our other executive officers is determined by the Committee. Equity-based compensation awards granted by the Committee take into account each executive officer's scope of responsibility and specific assignments, strategic and operational goals applicable to the executive officer, anticipated actual performance levels and contributions of the officer towards reaching those performance levels, and competitive market data for similar positions at biotechnology companies of similar size and stage of development. The Committee assigns no specific weight to any of the foregoing factors when making determinations as to the size of stock option grants.

The executive officers are also eligible to earn an annual cash bonus, the amount of which is based upon (i) the position level of the executive officer, (ii) the achievement of corporate objectives, and (iii) the attainment of specific individual non-financial performance objectives.

With respect to each executive officer other than the Chief Executive Officer, the Committee meets annually with the Chief Executive Officer to review the officer's performance over the prior year, based upon achievement of strategic and operational performance goals applicable to the responsibilities of the particular officer. For example, review of the performance of principal scientific officers would include our progress made with respect to the clinical and pre-clinical development of our various product candidates; and review of the performance of the Chief Financial Officer would include efficiencies achieved in financial operations and use and management of corporate funds. With respect to the Chief Executive Officer, the Committee meets annually to review his performance over the preceding year, based upon achievement of strategic and operational performance goals applicable to the entire company, including progress in clinical and pre-clinical development of product candidates, business development objectives including collaborations and licensing agreements and financial objectives. In addition, grants to either the Chief Executive Officer or the other executive officers may be made periodically throughout the year by the Committee in the event of achievement of other corporate goals and objectives, based on criteria determined by the Committee as circumstances warrant.

The Committee believes that executive compensation should be sufficient to attract and retain persons of exceptional quality and to provide effective incentives to motivate and reward executives for achieving the strategic, financial and scientific goals essential to our long-term success and growth in stockholder value. To this end, the Committee assesses executive compensation by applying the following key principles: that executive compensation should depend upon the Company's performance and individual performance; that the interests of executives should be closely aligned with those of stockholders through equity-based compensation; and that compensation should be appropriate and fair in comparison to the compensation provided to executives within the biotechnology industry and by other companies of our size and complexity.

Compensation of Chief Executive Officer

The Committee has reviewed all components of Mr. Berkle's compensation, including salary, annual cash incentives and long-term incentive compensation, accumulated realized and unrealized stock option gains, the dollar value to Mr. Berkle and cost to us of all perquisites and other personal benefits, and potential severance and change-in-control scenarios. In 2005, Mr. Berkle received salary, cash bonus and stock options. Based on this review, the Committee found Mr. Berkle's total compensation in the aggregate to be reasonable and not excessive.

It should be noted that when the Committee considers any component of the Chief Executive Officer's total compensation, the aggregate amounts and mix of all the components, including accumulated (realized

Table of Contents

and unrealized) option gains are taken into consideration in the Committee's decisions. In addition, it is the Committee's policy to make most compensation decisions in a two-step process, as described below.

Our Committee Meetings

At the first Committee meeting during the year, the Chief Executive Officer and other executive officers' proposed compensation is presented, reviewed and analyzed in the context of all the components of their total compensation. Members then have additional time between meetings to ask for additional information and to raise and discuss further questions. The discussion is continued at a second Committee meeting, after which a vote is taken.

Other

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to each of the Company's President and Chief Executive Officer and its other most highly compensated executive officers. The Company does not believe that Section 162(m) will generally have an effect on the Company because of the current and anticipated compensation levels of its executive officers, including the President and Chief Executive Officer. However, the Compensation Committee intends to periodically review the potential consequences of Section 162(m) and may structure the annual cash incentive awards under the Company's annual incentive plan to comply with certain exemptions available under Section 162(m) for certain performance-based compensation.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate estimate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. *Audit* services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. *Audit-Related* services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. *Tax services* include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. *Other Fees* are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Table of Contents

In the event the stockholders do not ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm, the Audit Committee will reconsider its appointment.

The affirmative vote of a majority of the shares voted affirmatively or negatively on the matter at the Meeting is required to ratify the appointment of the independent registered public accounting firm.

The Board of Directors recommends a vote to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm, and proxies solicited by the Board will be voted in favor of such ratification unless a stockholder indicates otherwise on the proxy.
