PROXY STATEMENT

**FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD THURSDAY, JUNE 11, 2009**

GENERAL INFORMATION

Our Board of Directors (the Board of Directors) has made this Proxy Statement and related materials available to you on the Internet, or at your request has delivered printed versions to you by mail, in connection with the Board of Directors solicitation of proxies for our 2009 Annual Meeting of Stockholders (the Annual Meeting), and any adjournment of the Annual Meeting. If you requested printed versions of these materials by mail, they will also include a proxy card for the Annual Meeting.

Pursuant to rules adopted by the Securities and Exchange Commission (SEC) in 2007, we are providing access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record and beneficial owners as of the record date identified below. The mailing of the Notice to our stockholders is scheduled to begin on or before May 1, 2009. All stockholders will be able to access the proxy materials and our Annual Report on Form 10-K for the year ended December 31, 2008, on a website referred to in the Notice, as well as request printed copies of the proxy materials and that Annual Report. Instructions on how to access the proxy materials over the Internet or to request printed copies may be found in the Notice. Stockholders may also request to receive proxy materials and our Annual Report on Form 10-K in printed form by mail or electronically by e-mail on an ongoing basis.

In this Proxy Statement, the terms Company, we, us, and our refer to athenahealth, Inc. and its subsidiaries, athenahealth MA, Inc. and athenahealth Technology Private Limited (formerly known as Athena Net India Private Limited), as well as any subsidiary that may be acquired or formed in the future. The mailing address of our principal executive office is c/o athenahealth, Inc., 311 Arsenal Street, Watertown, MA 02472.

Stockholders Entitled to Vote; Record Date

As of the close of business on April 15, 2009, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were outstanding 33,491,463 shares of common stock of the Company, par value \$0.01 per share (Common Stock), all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record is entitled to one vote for each share of Common Stock held by such stockholder. No shares of preferred stock of the Company were outstanding as of April 15, 2009.

Quorum; Abstentions; Broker Non-Votes

The Company s By-laws provide that a majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Under the General Corporation Law of the State of Delaware, shares that are voted abstain or withheld and broker non-votes are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting. However, broker non-votes are not deemed to be votes cast. As a result, unlike abstentions or withheld votes, broker non-votes are not included in the tabulation of the voting results on proposals requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition to such proposals. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Table of Contents

Voting

In person. If you are a stockholder of record, you may vote in person at the meeting. We will give you a ballot when you arrive. If you hold your shares through a bank or broker and wish to vote in person at the meeting, you must obtain a valid proxy from the firm that holds your shares.

By proxy. If you do not wish to vote in person or will not be attending the meeting, you may vote by proxy. You can vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested printed copies of the proxy materials by mail, you can vote by mailing your proxy as described in the proxy materials. You may also authorize another person or persons to act for you as proxy in a writing, signed by you or your authorized representative, specifying the details of those proxies' authority. The original writing must be given to each of the named proxies, although it may be sent to them by electronic transmission if, from that transmission, it can be determined that the transmission was authorized by you. If you complete and submit your proxy before the meeting, the persons named as proxies will vote the shares represented by your proxy in accordance with your instructions. If you submit a proxy without giving voting instructions, your shares will be voted in the manner recommended by the Board of Directors on all matters presented in this Proxy Statement, and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented at the meeting.

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Revocability of Proxy

You may revoke your proxy by (1) following the instructions on the Notice and entering a new vote by mail or over the Internet before the Annual Meeting, or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or sent to the Company's principal executive offices, athenahealth, Inc., 311 Arsenal Street, Watertown, MA 02472, Attention: Corporate Secretary.

If a broker, bank, or other nominee holds your shares, you must contact them in order to find out how to change your vote.

Expenses of Solicitation

athenahealth, Inc. is making this solicitation and will pay the entire cost of preparing and distributing the Notice and these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for any Internet access charges that you may incur. Our officers and employees may, but without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, facsimile, e-mail or otherwise. We have hired Broadridge Investor Communication Solutions, Inc. to assist us in the distribution of proxy materials and the solicitation of votes described above. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning, and tabulating the proxies.

Procedure for Submitting Stockholder Proposals

Stockholder proposals intended to be presented at the next annual meeting of stockholders of the Company must satisfy the requirements set forth in the advance notice provision under the Company's By-laws. To be timely for our next annual meeting of stockholders, any such proposal must be received in writing by the Secretary of the Company at our principal executive offices between the close of business on February 11, 2010, and March 13, 2010. If the date of the next annual meeting of the stockholders is

Table of Contents

scheduled to take place before May 12, 2010, or after August 10, 2010, notice by the stockholder must be delivered no earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the (1) 90th day prior to such annual meeting, or (2) the 10th day following the day on which public announcement of the date of such meeting is first made.

In addition, any stockholder proposal intended to be included in the Company's proxy statement for the next annual meeting of stockholders of the Company must also satisfy the SEC regulations under Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and be received not later than December 25, 2009. If the date of the annual meeting is moved by more than 30 days from the date contemplated at the time of the previous year's proxy statement, then notice must be received within a reasonable time before the Company begins to print and send its proxy materials. If that happens, the Company will publicly announce the deadline for submitting a proposal in a press release or in a document filed with the SEC.

As stated in last year's proxy statement, stockholder proposals to be presented at the Annual Meeting were due at our principal executive office by March 15, 2009. No such proposals were received.

Board Independence

The Board of Directors has determined that each of the directors, except for Mr. Bush as Chief Executive Officer and Mr. Park as a former executive officer, has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of the Company's director independence standards and the director independence standards of The Nasdaq Stock Market Inc. (NASDAQ) and the SEC. Furthermore, the Board of Directors has determined that each member of each of the committees of the Board of Directors is independent within the meaning of the Company's, NASDAQ's, and the SEC's applicable committee independence standards, including Rule 10a-3(b)(1) under the Exchange Act. In making that determination, the Board of Directors considered all relevant facts and circumstances, including (but not limited to) the director's commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships. In addition, at least a majority of the members of the Board of Directors meet the independence standards of the Marketplace Rules of the National Association of Securities Dealers, Inc.

At least annually, the Board of Directors evaluates all relationships between the Company and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, the Board of Directors makes an annual determination of whether each director is independent within the meaning of the Company's, NASDAQ's, and the SEC's independence standards.

Board Meetings and Director Communications

The Board of Directors meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring their approval. It also holds special meetings when an important matter requires action between scheduled meetings. Members of senior management regularly attend meetings to report on and discuss their areas of responsibility. During fiscal 2008, the Board of Directors held seven meetings and acted by unanimous written consent seven times. The Board of Directors has three standing committees:

the audit committee, which held twelve meetings in fiscal 2008;

the compensation committee, which held eight meetings in fiscal 2008 and acted by unanimous written consent two times; and

the nominating and corporate governance committee, which held five meetings in fiscal 2008.

Each of the directors of our Board of Directors attended at least 75% of the aggregate of all meetings of our Board of Directors and all meetings of committees of our Board of Directors upon which they served (during the periods that they served) during 2008. It is the Company's policy that members of our Board of Directors are encouraged to attend annual meetings of the stockholders of the Company. In 2008, three directors

attended our annual meeting of the stockholders. The table below shows the composition of the committees of the Board of Directors.

- (1) On March 13, 2009, Dr. Roberts informed the Company of his decision to resign from the Board of Directors and audit committee of the Board of Directors effective as of the end of the Annual Meeting. Dr. Roberts made his decision out of a desire to pursue other interests and not as the result of any disagreement with the Company on any matter relating to the Company's operations, policies, or practices.

The Board of Directors held one executive session of the independent directors during 2008. Executive sessions do not include employee directors or directors who do not qualify as independent under NASDAQ and SEC rules. The lead director, Ruben J. King-Shaw, Jr., presides as chair of such executive sessions. In order that interested parties may be able to make their concerns known to the independent directors, the Company uses the method described below for such parties to communicate directly and confidentially with the lead director or with the independent directors as a group.

The Board of Directors provides to every security holder the ability to communicate with the Board of Directors, as a whole, and with individual directors on the Board of Directors through an established process for security holder communication. For a security holder communication directed to the Board of Directors as a whole, security holders may send such communication to the attention of the Chairman of the Board of Directors via U.S. Mail or Expedited Delivery Service to:

Code of Ethics

We have adopted a code of ethics, which we call our Code of Conduct, that applies to all of our employees, officers, and directors, including those officers responsible for financial reporting. The current version of the Code of Conduct is available on our Internet site at http://www.athenahealth.com/files/pdf/C-200-Code_of_Conduct.pdf. A copy of the Code of Conduct may also be obtained, free of charge, from the Company upon a request directed to: athenahealth, Inc., 311 Arsenal St., Watertown, MA 02472, Attention: General Counsel. The Company intends to disclose any amendment or waiver of a provision of the Code of Conduct that applies to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on its website available at <http://www.athenahealth.com> and/or in our public filings with the SEC.

Corporate Governance Guidelines

The Board of Directors has adopted corporate governance guidelines to assist and guide its members in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by applicable federal or state law or regulation, NASDAQ, and the Certificate of Incorporation and By-laws of the Company. The Company's corporate governance guidelines are available in the corporate governance section of the Company's website at <http://investors.athenahealth.com/governance.cfm/>. Although these corporate governance guidelines have been approved by the Board of Directors, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, guidelines that encompass legal, regulatory, or exchange requirements as they currently exist will be deemed to be modified as and to the extent that such legal, regulatory, or exchange requirements are modified. In addition, the guidelines may also be amended by the Board of Directors at any time as it deems appropriate.

The Board of Directors has also adopted a written charter for each of the three standing committees of the Board of Directors: the audit committee, the compensation committee and the nominating and corporate governance committee. Each committee charter is available in the corporate governance section of the Company's website at <http://investors.athenahealth.com/governance.cfm/>.

Committees

Our By-laws provide that the Board of Directors may delegate responsibility to committees. During 2008, the Board had three standing committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The membership of each of the audit committee, the compensation committee, and the nominating and corporate governance committee is composed entirely of independent directors. In addition, the members of the audit committee meet the heightened standards of independence for audit committee members required by SEC rules and NASDAQ rules.

Audit Committee. Messrs. Hull, Kane, King-Shaw, Jr., and Roberts currently serve on the audit committee. Mr. Kane is the chairman of our audit committee. The Board of Directors has also determined that each member of the audit committee is independent within the meaning of the Company's and NASDAQ's director independence standards and the SEC's heightened director independence standards for audit committee members, including Rule 10A-3(b)(1) under the Exchange Act. The Company has determined that each of the members of the audit committee is financially sophisticated and is able to read and understand consolidated financial statements and that Mr. Kane is an audit committee financial expert as defined in the Exchange Act. The audit committee's responsibilities include:

overseeing our regulatory compliance programs and procedures;

appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

Table of Contents

pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

coordinating the oversight and reviewing the adequacy of our internal control over financial reporting;

establishing policies and procedures for the receipt and retention of accounting related complaints and concerns; and

preparing the audit committee report required by SEC rules to be included in our annual proxy statement.

Compensation Committee. Messrs. Foster and Mann and Ms. Lamont currently serve on the compensation committee. Mr. Mann is the chairman of our compensation committee. The Board of Directors has determined that each member of the compensation committee is independent within the meaning of the Company's and NASDAQ's director independence standards. In addition, each member of the compensation committee is an outside director as defined in Section 162(m) of the Internal Revenue Code and a non-employee director as defined under Section 16 of the Exchange Act. The compensation committee's responsibilities include:

annually reviewing and approving corporate goals and objectives relevant to compensation of our chief executive officer;

evaluating the performance of our chief executive officer in light of such corporate goals and objectives and determining the compensation of our chief executive officer;

reviewing and approving the compensation of all our other officers; and

overseeing and administering our employment agreements, severance arrangements, compensation, welfare, benefit and pension plans, and similar plans.

The compensation committee may delegate its authority to one or more subcommittees or to one member of the compensation committee. The compensation committee has the authority to engage independent advisors to assist it in carrying out its responsibilities and the sole authority to approve any such advisor's fees and other retention terms.

Nominating and Corporate Governance Committee. Messrs. Foster and Mann and Ms. Lamont currently serve on the nominating and corporate governance committee. Mr. Foster is the chairman of our nominating and corporate governance committee. The Board of Directors has determined that each member of the nominating and corporate governance committee is independent within the meaning of the Company's, NASDAQ's, and the SEC's director independence standards. The nominating and corporate governance committee's responsibilities include:

developing and recommending to the Board of Directors criteria for selecting members of the Board of Directors and its committees;

establishing procedures for identifying and evaluating director candidates, including nominees recommended by stockholders;

identifying individuals qualified to become members of the Board of Directors;

recommending to the Board of Directors the persons to be nominated for election as directors and to each committee of the Board of Directors;

developing and recommending to the Board of Directors a code of business conduct and ethics and a set of corporate governance guidelines; and

overseeing the evaluation of the Board of Directors and its committees and management.

Minimum Qualifications. The nominating and corporate governance committee will consider the following, and any other qualifications, skills, and attributes it deems appropriate, when recommending candidates to be nominated for election as directors and for appointment to any committee of the Board of Directors. Each nominee shall:

have experience at a strategic or policymaking level in a business, government, non-profit, or academic organization of high standing;

be highly accomplished in his or her respective field, with superior credentials and recognition;

exhibit high standards of integrity, commitment, and independence of thought and judgment;

have significant business or professional experience or have demonstrated an exceptional understanding of the Company's industry or other disciplines relevant to the business of the Company;

have sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards on which the nominee may serve; and

to the extent such nominee serves or has previously served on other boards, the nominee shall have a demonstrated history of actively contributing at board meetings.

In identifying and evaluating proposed director candidates, the nominating and corporate governance committee may consider, in addition to the minimum qualifications and other criteria for Board of Directors membership approved by the Board of Directors from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence, and the needs of the Board of Directors.

Director Candidate Recommendations. Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to the Secretary of the Company at: athenahealth, Inc., 311 Arsenal St, Watertown, MA 02472. The Secretary of the Company will forward all such recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management. Our policy governing director nominations is available on the corporate governance section of our website at <http://investors.athenahealth.com/governance.cfm>.

Compensation Committee Interlocks and Insider Participation

During 2008, Messrs. Foster and Mann and Ms. Lamont served as members of our compensation committee. No member of the compensation committee was an employee or officer of the Company during 2008, a former officer of the Company, or had any other relationship with us requiring disclosure herein.

During the last fiscal year, none of our executive officers served as: (1) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our compensation committee; (2) a director of another entity, one of whose executive officers served on our compensation committee; or (3) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Board of Directors.

Director Compensation

Director Compensation Policy

We reimburse each member of our Board of Directors for reasonable travel and other expenses in connection with attending meetings of the Board of Directors or committees thereof.

Messrs. Foster, King-Shaw, Jr., Mann, and Park were each granted non-qualified options to purchase 60,000 shares upon their election to the Board of Directors. Mr. Kane was granted a non-qualified option to purchase 80,000 shares upon his election to the Board of Directors. Mr. King-Shaw, Jr. was granted an additional non-qualified option to purchase 60,000 shares for continued board service.

Our director compensation policy was initially approved by our Board of Directors on October 30, 2007. Prior to adoption of this policy, our director compensation was determined on a case-by-case basis when each director was elected to the Board of Directors. On December 17, 2008, our nominating and corporate governance committee approved and adopted an amendment to our director compensation policy to include equity compensation for eligible directors. Under the amended policy, each eligible director will receive a stock option grant every four years for 60,000, which option vests quarterly in equal amounts over a period of four years. Any director who owned, or who is affiliated with any person or entity that owned 5% or more of the outstanding common stock of the Company as of September 19, 2007, is considered ineligible for option grants unless an exception is made by the nominating and corporate governance committee.

Employee directors do not receive cash compensation for their service as members of the Board of Directors. Mr. Park joined our Board of Directors on January 1, 2008, but he remained an employee of the Company until his resignation on August 31, 2008. Mr. Park was not eligible for any director compensation until the amendment to the director compensation policy was approved in December 2008. Our current eligible directors, Messrs. Foster, Kane, King-Shaw, Jr., Mann, and Park will be paid the annual cash retainers set forth in the table below, payable quarterly in arrears and pro-rated for any partial period. Since we expect a significant amount of the Board of Directors' work to occur in committees and for that workload to vary by committee, we have set separate amounts of cash compensation for each chairperson of a Board of Directors' committee.

Position	Annual Retainer
Independent Director	\$30,000 per year(1)
Lead Director	\$10,000 per year additional
Chairman of Audit Committee	\$20,000 per year additional
Chairman of Other Standing Committee	\$10,000 per year additional

(1) Amount reduced \$2,500 for each in-person meeting missed and \$1,500 for each in-person meeting attended by phone.

The following table sets forth a summary of the compensation earned and/or paid to our directors under certain agreements and our director compensation policy during the fiscal year ended December 31, 2008. Mr. Park joined our Board of Directors on January 1, 2008, but was not eligible for cash compensation under the applicable director compensation policy until December 17, 2008.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

On the recommendation of the audit committee, the Board of Directors has appointed Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009. The Board of Directors recommends that stockholders vote for ratification of this appointment. If this proposal is not approved at the Annual Meeting, the Board of Directors will reconsider its appointment. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if the audit committee determines that such a change would be in our stockholders' best interests.

Deloitte & Touche LLP has audited our financial statements for the period from January 1, 2002, through the fiscal year ended December 31, 2008. We expect representatives of Deloitte & Touche LLP to be present at the Annual Meeting and available to respond to appropriate questions. They will have the opportunity to make a statement if they desire to do so.

Engagement Letter and Fee Disclosure

In connection with the audit of the 2008 financial statements, our audit committee entered into an engagement agreement with Deloitte & Touche LLP that sets forth the terms of Deloitte & Touche LLP's audit engagement. Among other things, the agreement is subject to alternative dispute resolution procedures and a mutual exclusion of punitive, exemplary, or other damages not based on either party's actual damages.

The following table sets forth fees billed for professional audit services and other services rendered to the Company by Deloitte & Touche LLP and its affiliates for the fiscal years ended December 31, 2008 and 2007.

	Fiscal 2008	Fiscal 2007
Audit Fees	\$ 1,150,496	\$ 1,147,582
Audit-Related Fees	170,000	114,472
Tax Fees	134,435	65,000
All Other Fees		
Total	\$ 1,454,931	\$ 1,327,054

Audit Fees. Audit fees for both years consisted of audit work performed, as well as work generally only the independent auditor can reasonably be expected to provide. This amount for Fiscal 2007 included \$779,082 of costs associated with the Registration Statement on Form S-1 relating to our initial public offering.

Audit-Related Fees. Audit-related fees consisted principally of a variety of services relating to the SAS-70 attestation.

Tax Fees. Tax fees consisted principally of assistance with matters related to tax compliance and reporting.

All Other Fees. There were no other fees for Fiscal 2007 or Fiscal 2008.

Pre-Approval of Audit and Non-Audit Services

The SEC's rules permit the audit committee to pre-approve accounting services by establishing policies and procedures for audit and non-audit services, provided that the policies and procedures are detailed as to the particular service, the audit committee is informed of each service, and such policies and procedures do not result in the delegation of the audit committee's responsibilities to management. Accordingly, in July of 2007 the audit committee approved the Audit Committee Pre-Approval Policy for Audit and Non-Audit Services (the Policy), which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved. Unless a type of service has been pre-approved pursuant to the Policy, it must be separately pre-approved by the audit committee before it may

Table of Contents

be provided by the independent auditor. Any proposed services exceeding pre-approved cost levels or budgeted amounts also require separate pre-approval by the audit committee. The audit committee re-approved this Policy in October 2008.

The Policy describes in detail the audit, audit-related, tax, and all other services that have the pre-approval of the audit committee. The Policy is designed to allow the audit committee to make a well-reasoned assessment of the impact of the services for which pre-approval is being sought on the auditor's independence. The term of any pre-approval under the Policy is twelve months from the date of pre-approval, unless the audit committee considers a different period and specifically states otherwise. The audit committee will periodically revise the list of services pre-approved pursuant to the Policy, based on subsequent determinations. The audit committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

As provided in the SEC's rules, the audit committee may delegate pre-approval authority to one or more of its independent members. If time constraints require pre-approval prior to the audit committee's next scheduled meeting, the chairperson of the audit committee has the authority to grant such pre-approval, provided that the chairperson is independent, and, in accordance with the Policy, will report such a pre-approval decision to the audit committee at the next scheduled meeting.

All Deloitte & Touche LLP services and fees in fiscal 2008 were pre-approved by the audit committee. The fees for the year-end audit were approved by the Chair of the audit committee, Mr. Kane, as authorized by the audit committee.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officers

Our named executive officers, or NEOs, include the individuals who served as our chief executive officer and chief financial officer, as well as our three most highly compensated executive officers (other than our chief executive officer and chief financial officer) who served in such capacities as of December 31, 2008. James M. MacDonald would have been among our three other top compensated employees but for the fact that he was no longer an executive officer at the end of 2008. For 2008, our NEOs were:

Jonathan Bush, Chief Executive Officer, President, and Chairman;

Carl B. Byers, Senior Vice President, Chief Financial Officer, and Treasurer;

Nancy G. Brown, Senior Vice President, Business Development & Government Affairs;

Robert L. Cosinuke, Senior Vice President and Chief Marketing Officer;

Robert M. Hueber, Senior Vice President, Sales; and

James M. MacDonald, Executive Vice President and Chief Operating Officer.

Effective October 10, 2008, Mr. MacDonald resigned from his position as Chief Operating Officer and as an employee of the Company.

Evolution of Our Compensation Approach

The approach we have taken to executive compensation has been an adaptive process that continues to evolve with our growth. Recommendations regarding executive officer compensation, comprised of base salary, a short-term incentive plan, and a long-term incentive plan, have had increasing levels of rigor applied. Prior to our initial public offering in September 2007, such decisions had been discretionary, initially made by the Chief Executive Officer and passed along to the compensation committee for their recommendations and approval by our Board of Directors. In the past two years, we have increased the use of benchmarking and salary surveys to assist with these executive compensation recommendations. Within the surveys, our executives' jobs have been benchmarked against selected peer companies,

targeting specific competitive objectives. This empirical approach enabled the base salary recommendations for this year to rely less on subjective determinations by the Chief Executive Officer and more on clearly defined competitive ranges. Short-term incentives for executives are now awarded based on their applicable corporate and/or divisional scorecard. The resulting total cash compensation (base salary plus short-term incentive award) is now measured against the total cash compensation for that particular position in the survey. We continue to use stock options as our long-term incentive compensation. Unlike total cash compensation, however, the distribution of these long-term awards is more prescriptive in nature, since the award levels are set based on each executive's level of performance and potential to contribute to our growth. In light of our continued

Table of Contents

corporate growth and evolution, we will review our long-term incentive strategy to determine if we should continue our emphasis on stock options or consider the use of other long-term awards, such as restricted stock. We expect to benchmark executive compensation on an annual basis in the future to ensure that we remain appropriately positioned in a changing marketplace.

Our Executive Compensation Philosophy and Objectives

We have designed our executive compensation program to attract, retain, and motivate highly qualified executives and to align their interests with the interests of our stockholders. Our business model is based on our ability to establish long-term relationships with clients and to maintain our strong mission, client focus, entrepreneurial spirit, and team orientation. We have sought to create an executive compensation package that balances short-term versus long-term components, cash versus equity elements, and fixed versus contingent payments in ways that we believe are most appropriate to motivate senior management and reward them for achieving the following goals:

- develop a culture that embodies a passion for our business, creative contribution, and a drive to achieve established goals and objectives;
- provide leadership to the organization in such a way as to maximize the results of our business operations;
- lead us by demonstrating forward thinking in the operation, development, and expansion of our business;
- effectively manage organizational resources to derive the greatest value possible from each dollar invested; and
- take strategic advantage of the market opportunity to expand and grow our business.

We believe that having a compensation program designed to align executive officers' interests to achieve business results and to reinforce accountability is the cornerstone to successfully implementing and achieving our strategic plan. In determining the compensation of our executive officers, we are guided by the following key principles:

Competition. Compensation should reflect the competitive marketplace, so that we can attract, retain, and motivate talented executives.

Accountability for Business Performance. Compensation should be tied to financial performance, so that executives are held accountable through their compensation for contributions to the performance of the Company as a whole through the performance of the businesses for which they are responsible.

Accountability for Individual Performance. Compensation should be tied to the executive's performance to encourage and reflect individual contributions to our performance. We consider individual performance, as well as performance of the businesses and responsibility areas that each executive oversees, and weigh these factors as appropriate in assessing that executive's performance.

Alignment with Stockholder Interests. Compensation should be tied to our financial performance through equity awards to align executives' interests with those of our stockholders.

Our executive compensation structure not only aims to be competitive in our industry, but also to be fair relative to the compensation paid to other professionals within our organization, our short-term and long-term performance, and the value we deliver to our stockholders. We seek to maintain a performance-oriented culture and a compensation approach that rewards our executive officers when we achieve our goals and objectives, while putting at risk an appropriate portion of their compensation against the possibility that our goals and objectives may not be achieved.

Determination of Executive Compensation Awards

Historically, compensation decisions for our executive officers were approved by our Board of Directors upon the recommendation of our compensation committee, which in turn relied upon the recommendation of our Chief Executive Officer. We have traditionally placed significant emphasis on the recommendation of our Chief Executive Officer with respect to the determination of executive compensation (other than his own), in particular with respect to the determination of base salary, cash incentives, and equity incentive awards, and typically followed such recommendations as presented by him. Currently, our compensation committee is responsible for administering our executive compensation program, although we continue to rely, in part, upon the advice and recommendations of our Chief Executive Officer, particularly with respect to those executive officers that report directly to him.

Beginning in January 2007, our management engaged and retained Axiom Consulting Partners, a compensation consultant, to conduct an assessment of our current executive compensation practices for our NEOs. These market surveys compare the compensation paid to our Chief Executive Officer and our other NEOs to executives at similar management levels and functions at over fifty software, information technology services, and other technology-oriented companies that are located in metropolitan areas and have annual revenue of between approximately \$100 million and \$200 million. The companies included in our peer group are Advertising.com, Inc.; Altiris, Inc.; Amadeus Americas Inc.; Aspen Technology, Inc.; Blackboard, Inc.; Calence, Inc.; CareTech Solutions, Inc.; CCC Information Services Inc.; Classmates Online, Inc.; Cobalt Group, Inc.; Datatel, Inc.; Douglas Stewart Company; Dynamics Research Corporation; Federal Reserve Information Technology; First Consulting Group, Inc.; Group 1 Software, Inc.; Harland Financial Solutions; HouseValues, Inc.; Infocrossing, Inc.; Infor Global Solutions; Intelligroup, Inc.; InterSystems Corp.; JDA software Group; Kanbay International Inc.; MapInfo Corp.; Micro Focus International, Ltd.; MicroStrategy, Inc.; MRO Software, Inc.; MSA Software Corp.; MSCI Barra; Open Solutions, Inc.; Oracle (Retek); Pegasus Solutions, Inc.; Pegasystems, Inc.; Pioneer Electronics USA, Inc.; Primavera Systems, Inc.; Quark, Inc.; RealNetworks, Inc.; RedPrairie; RWD Technologies, Inc.; SolidWorks Corp.; SPL WorldGroup; SPSS; Stellant, Inc.; Synovate; Tectura Corp.; Thomson NETg; webMethods, Inc.; Websense, Inc.; Wizards of the Coast; and Xantrex Technology, Inc.

In determining 2008 compensation, the compensation committee aimed to pay our NEOs at the 60th percentile of the Axiom market survey results for base salary compensation, at the 60th percentile for total cash compensation (*i.e.*, base salary plus cash incentives awards) for achievement of pre-defined performance objectives, and at the 75th percentile for total cash compensation for superior achievement in excess of these pre-defined objectives. For NEOs other than our Chief Executive Officer, the pre-defined performance objectives were established in the form of scorecards based on corporate and similar metrics, and, in the case of our Chief Executive Officer, in the form of specified financial targets (each as described in more detail below). For 2008, the compensation committee met or exceeded the percentile objective for base salary for most NEOs and met or exceeded the percentile objective for all NEOs with respect to total cash compensation.

Many executives at other companies in our peer group are facing salary reductions and the loss of bonuses this year, due largely to the recession and the financial strain on their employers. Because of the reduction in compensation at other companies in our peer group, our success in 2008 and our current financial condition, the Company felt that the use of current benchmarking data would not be appropriate in 2009. Therefore, in setting compensation for 2009, the compensation committee continued to rely on the Axiom market survey from early 2008, meeting or exceeding the percentile objectives for both base salary and total cash compensation for each NEO as it did in 2008.

Components of our Executive Compensation Program

Our executive compensation program currently consists of three components:

base salary;

cash incentives linked to corporate (and in some cases departmental and individual) performance, paid either in quarterly installments or, in the case of our Chief Executive Officer, annually; and

periodic grants of long-term stock-based compensation, such as stock options.

Table of Contents

Our compensation philosophies with respect to each of these elements, including the basis for the compensation awarded to each of our executive officers, are discussed below. In addition, although each element of compensation described below is considered separately, the compensation committee takes into account the aggregate compensation package for each individual in its determination of each individual component of that package. The committee's philosophy is to put significant weight on those aspects of compensation tied to performance, such as annual cash incentives based on measurable performance objectives and long-term incentives in the form of stock options.

Base Salary

The base salary of each of our NEOs is reviewed on an annual basis. With respect to each NEO, 2008 base salary was largely determined based on the goal of paying NEOs at the 60th percentile of the market survey results for base salary compensation. While mindful of competitive factors in determining base salary for our executive officers, our compensation philosophy places significant weight on those aspects of compensation tied to performance, such as annual cash incentives and long-term incentives in the form of stock options, as further described below. Generally, executive officer salary adjustments are effective as of the first quarter of each year.

The base salaries in 2008 for each of the NEOs, except Mr. Byers, met or exceeded the 60th percentile, based on the market survey results for base salary compensation. With the changes to 2009 base salaries, the compensation committee approved salaries exceeding the 60th percentile for Messrs. Bush, Cosinuke, and Hueber and Ms. Brown, and, although the base salary for Mr. Byers is still below the 60th percentile of the median of the companies surveyed, the significant increase in his salary set forth below reflects the effort of the compensation committee to move his base salary toward the 60th percentile. The compensation committee intends to reach this objective over time for Mr. Byers as our annual revenue grows closer to the level of annual revenue of the companies in the Axiom market survey. However, the compensation committee has not set a specific date as a deadline for achieving this objective.

The following table sets forth base salaries of our NEOs for 2008 and 2009 and the percentage increase in the salary for each NEO:

Executive	2008 Salary(1)	2009 Salary	% Increase (2008-2009)
Jonathan Bush	\$ 400,000	\$ 420,000	5.0%
Carl B. Byers	250,000	270,000	8.0
Nancy G. Brown	250,000	255,000	2.0
Robert L. Cosinuke	250,000	257,000	2.8
Robert M. Hueber	250,000	255,500	2.2
James M. MacDonald(2)	315,000		
David E. Robinson(3)		250,000	

(1) Represents base salary during 2008 on an annualized basis. Due to the Company's payroll schedule, the amounts actually paid during 2008 varied slightly from these figures. For the amounts actually paid during 2008, please see Summary Compensation Table below.

(2) Mr. MacDonald resigned from his position as Chief Operating Officer and as an employee of the Company as of October 10, 2008.

- (3) Mr. Robinson began his employment with the Company as its Executive Vice President and Chief Operating Officer on February 24, 2009. Although Mr. Robinson does not qualify as a NEO for 2008, we anticipate that his compensation for 2009 will require his inclusion in the proxy statement for the 2010 Annual Meeting of Stockholders, and are therefore providing data regarding his budgeted 2009 compensation for informational purposes.

Table of Contents**Cash Incentives Awards*****2008 Awards***

For 2008, cash incentive awards for Messrs. Byers, Cosinuke, Hueber, and MacDonald and Ms. Brown were tied to the achievement of our company goals and objectives, which are set forth in the corporate and growth scorecards described below. For 2008, cash incentive awards for Mr. Bush were tied to our Adjusted Net Income scorecard described below. Cash incentive awards were paid to Messrs. Byers, Cosinuke, Hueber, and MacDonald and Ms. Brown on a quarterly basis. The compensation committee set a bonus target amount for each of these executive officers that was equal to a specified percentage of their base salary, as set forth below. The target percentage was adjustable up or down based on our performance as measured against the corporate and growth scorecards. In 2008, the bonus percentage earned was adjusted (upward or downward, as applicable) by 2% for every 1% of variance from the applicable scorecard target. The annual performance bonus for the first three quarters was based on a year-to-date corporate or growth scorecard value, as applicable, and the annual performance bonus for the fourth quarter was based on the annual scorecard values, as applicable, when those values are calculated. Our compensation committee approved the corporate and growth scorecards as summarized below.

Corporate Scorecard. 2008 cash incentive compensation for Mr. Byers and Mr. MacDonald was based on our corporate scorecard, with the exception that Mr. MacDonald's calculation did not include the booking portion of that scorecard. For 2008 our corporate scorecard was comprised of nine specific financial, growth, client performance, stability, and client satisfaction metrics, as set forth below, and each metric was assigned a different percentage value of the overall scorecard value. These categories of performance metrics were designed to capture all of the important operational and financial aspects of the organization and can be broken down as follows:

The financial metrics comprised 25% of the overall scorecard value and consisted of revenue targets and operating income targets.

The growth metric comprised 25% of the overall scorecard value and consisted of the estimated value of new contracts, which we refer to as bookings.

The client performance metrics comprised 25% of the overall scorecard value and consisted of client days-in-accounts-receivable, or DAR, the amount of client claims that are written off and not collected, and the ratio of items that we classify into work queues for our clients' attention to the number of items posted for our clients, which we refer to as the client work rate.

The stability metrics comprised 10% of the overall scorecard value and consisted of the voluntary turnover rate and employee engagement, the latter of which is included for informational purposes and not counted toward the stability metric value.

The client satisfaction metric comprised 15% of the overall scorecard value and consisted of the client satisfaction rate.

Since the components of the corporate scorecard, other than the financial metrics that are discussed below, contain highly sensitive data such as service operation results, we do not disclose all of our specific performance measures and targets, because we believe that such disclosure would result in serious competitive harm. We believe the targets within each of the scorecards were designed to be challenging but attainable if we had what we considered to be a successful year. The elements included in the corporate scorecard have changed over time as we gain experience using

them, and are likely to be adjusted in the future as well.

Our corporate scorecard for 2008 contained two financial metrics: total revenue and operating income. Our 2008 total revenue and operating income targets are summarized below.

Q1 Target	Q1 Score	Q2 Target	Q2 Score	Q3 Target	Q3 Score	Q4 Target	Q4 Score	Annua Target
\$ 30.0 million	99.2%	\$ 32.6 million	101.3%	\$ 34.9 million	101.6%	\$ 37.0 million	111.8%	\$ 134.5 million
\$ 2.2 million	116.3%	\$ 3.6 million	108.3%	\$ 5.8 million	78.5%	\$ 7.6 million	86.3%	\$ 19.2 million

Table of Contents

The above-referenced performance targets should not be interpreted as a prediction of how we will perform in future periods. As described above, the purpose of these targets was to establish a method for determining the payment of cash based incentive compensation. You are cautioned not to rely on these performance goals as a prediction of our future performance.

Since the targeted bookings growth metric in the corporate scorecard and growth scorecard is highly sensitive data, we do not disclose the specific performance measure and target for this metric because we believe that such disclosure would result in serious competitive harm. We set the targets for the bookings metric at a high level because we are a growth-oriented company and rely on bookings to help drive our growth. Additionally, the value associated at the time of booking was an estimate of the revenue that we expected to receive from new clients which, in turn, was based on an estimate of what those clients' total collections would be using our services. The number was an estimate based on an estimate, which means it was inherently volatile and cannot be used to predict actual revenue.

Growth Scorecard. 2008 cash incentive compensation for Ms. Brown, Mr. Cosinuke, and Mr. Hueber was based on our growth scorecard. For 2008, our growth scorecard was comprised of ten specific financial, client satisfaction, operations, and employee-based metrics as set forth below, with each metric assigned a different percentage value of the overall scorecard value in similar fashion to the corporate scorecard discussed above. These categories of performance metrics were designed to capture important growth aspects of the organization and can be broken down as follows:

The financial metrics comprised 45% of the overall scorecard value and consisted of bookings and cost of bookings targets, which is defined as spend as a percent of bookings.

The client satisfaction metric comprised 15% of the overall scorecard value and consisted of the client satisfaction rate and new client satisfaction.

The operations metrics comprised 30% of the overall scorecard value and consisted of quarterly sales forecast accuracy; the number of sales meetings with small and group practices; and the number of sales proposals delivered to small and group practices.

The employee-based metrics comprised 10% of the overall scorecard value and consisted of headcount forecast accuracy in sales, marketing, and service development areas; the voluntary turnover rate in sales, marketing, and service development areas; and employee engagement, the last of which is included for informational purposes and not counted toward the employee-based metric value.

Since the components of the growth scorecard, other than the revenue metric which is discussed above, contain highly sensitive data, such as sales results, we do not disclose all of our specific performance measures and targets because we believe that such disclosure would result in serious competitive harm. We believe that the targets within each of the scorecards were designed to be challenging but attainable if we had what we considered to be a successful year. The elements included in the growth scorecard have changed over time as we gain experience using them, and are likely to be adjusted in the future as well.

As described above, in 2008 the bonus percentage earned was adjusted by 2% for every 1% of variance from the applicable scorecard target. For the 2008 corporate scorecard, as of the end of the fourth quarter, the financial metrics were 96.4% of target, the growth metrics were 135.7% of target, the client performance metrics were 95.1% of target, the stability metrics were 97.4% of target, and the client satisfaction metrics were 96.3% of target. Overall, the 2008 corporate scorecard was 106.0% of target. Since that number was 6.0% above target, the target bonus percentage for Mr. Byers was increased by 12%. Mr. MacDonald left the company prior to year-end and was paid from the 2008 corporate scorecard as of the end of the third quarter. Overall, the 2008 corporate scorecard was 108% of target as of

the end of the third quarter. Since that number was 8% above target, the target bonus percentage for Mr. MacDonald was increased by 16%. For the 2008 growth scorecard, as of the end of the fourth quarter, the financial metrics were 135.2% of target, the client satisfaction metric was 102.8% of target, the operations metrics were 91.0% of target, and the employee-based metrics were 109.4% of target. Overall, the 2008 growth scorecard was 114.5% of target, as of the end of the fourth quarter. Since that number was 14.5% above target, the target bonus percentage for Ms. Brown, Mr. Cosinuke, and Mr. Hueber was increased by 29.0%.

Table of Contents

The following table contains the original and adjusted 2008 bonus target percentages for each of the following NEOs based on the amounts attributable to the corporate scorecard, corporate scorecard excluding bookings, and growth scorecard, as applicable:

Executive	Bonus% at 100% Achievement of Corporate Scorecard Goals	Bonus% As Adjusted for Corporate Scorecard Results (Through Q4 for Mr. Byers and Through Q3 for Mr. MacDonald)	Bonus% at 100% Achievement of Growth Scorecard Goals	Bonus% As Adjusted for Growth Scorecard Results (Through Q4)
Carl B. Byers	60.0%	72.0%		
Nancy G. Brown			60.0%	89.0%
Robert L. Cosinuke			60.0%	89.0%
Robert M. Hueber			60.0%	89.0%
James M. MacDonald	70.0%	86.0%		

Adjusted Net Income Scorecard. Our Chief Executive Officer's 2008 bonus was based primarily on the GAAP net income of the Company for 2008, excluding Employee Stock Purchase Plan and stock option plan expenses (Adjusted Net Income), which was \$34.429 million. This goal was based on the compensation committee's interest in linking Mr. Bush's annual cash incentive compensation directly to our profitability. In reviewing Adjusted Net Income following the close of the 2008 fiscal year, the compensation committee agreed to (1) exclude an extraordinary tax item realized in the fourth quarter, (2) add the amount of a loss due to an interest rate swap entered into with Bank of America, N.A. to hedge interest rate risk under certain loans, and (3) add the expense associated with higher-than-budgeted sales compensation related to higher-than-planned bookings. The compensation committee agreed that the changes were appropriate to account for the financial implications of reasonable business dynamics not anticipated when the target was set. Based on the Adjusted Net Income achievement in 2008, adjusted as set forth above, the compensation committee approved Mr. Bush's bonus of \$358,693. He was also granted a stock option to purchase 60,000 shares of Common Stock, which option was priced at fair market value on March 2, 2009.

Although the compensation committee has discretion to award annual cash incentives when targets are not met, historically no discretion has been exercised by the compensation committee in determining whether the targets described above have been achieved as the targets are objective.

2009 Target Awards

In 2009, Mr. Byers will receive cash incentive awards based on the 2009 corporate scorecard weighted at 50% and the 2009 G&A scorecard weighted at 50%. Messrs. Cosinuke and Hueber and Ms. Brown will receive cash incentive awards based on the 2009 corporate scorecard weighted at 50% and the 2009 growth scorecard weighted at 50%. Mr. Robinson will receive cash incentive awards based on the 2009 corporate scorecard. Mr. Bush's 2009 cash incentive compensation program is based on the Income before Taxes of the Company for 2009, excluding expenses

associated with stock option accounting and any expenses associated with accounting for the interest rate swap (Income Before Taxes). This incentive ranges from \$86,000 to \$420,000, depending on the level of Income Before Taxes. If Mr. Bush receives a bonus of \$420,000, this would result in an incentive for Mr. Bush that places his total cash compensation at the 75% percentile. The compensation committee approved this plan in March of 2009.

In 2009, the corporate scorecard is comprised of the following measures: revenue weighted at 10%, operating income weighted at 15%, estimated one-year value of new bookings weighted at 25%, client satisfaction weighted at 15%, client days-in-accounts-receivable weighted at 10%, lost patient care revenue weighted at 5%, the client work rate weighted at 10%, and the employee voluntary turnover rate weighted at 10%.

In 2009, the G&A scorecard is comprised of the following measures: G&A as a percentage of revenue weighted at 20%, corporate employee engagement (excluding the G&A division) weighted at 30%, corporate systems survey weighted at 5%, budget vs. actual headcount weighted at 10%, workdays to close the books

Table of Contents

weighted at 10%, workdays to deliver key reporting weighted at 10%, sales contracts requiring legal intervention weighted at 5%, and the G&A employee voluntary turnover rate weighted at 10%.

In 2009, the growth scorecard is comprised of the following measures: estimated one-year value of new bookings weighted at 40%, cost of bookings weighted at 5%, client satisfaction weighted at 7.5%, new client satisfaction weighted at 7.5%, new meetings for small and group at 8%, new proposals for small and group at 8%, quarterly forecast accuracy at 9%, and the growth division employee voluntary turnover rate weighted at 15%.

The 2009 targets are as follows:

Executive	Bonus% at 100% Achievement of Corporate Scorecard Goals (50% Weighting) and G&A Scorecard Goals (50% Weighting)	Bonus% at 100% Achievement of Corporate Scorecard Goals (50% Weighting) and Growth Scorecard Goals (50% Weighting)	Bonus% at 100% Achievement of Corporate Scorecard Goals	Bonus Amount at Target Achievement
Carl B. Byers	60.0%			\$ 162,000
Nancy G. Brown		60.0%		\$ 153,000
Robert L. Cosinuke		60.0%		\$ 154,200
Robert M. Hueber		70.0%		\$ 178,850
David E. Robinson			70.0%	\$ 175,000

Since the components of the corporate, G&A, and growth scorecards contain highly sensitive data such as targeted revenue growth, estimated bookings, and service operation results, we do not disclose specific performance measures and targets because we believe that such disclosure would result in serious competitive harm. The compensation committee designed these targets within these scorecards to be challenging but attainable if we have what we consider to be a successful year. Although the compensation committee has discretion to award annual cash incentives when targets are not met, historically no discretion has been exercised by the compensation committee in determining whether the targets have been achieved as the targets are objective.

Long-Term Stock-Based Compensation

Our long-term compensation program has historically consisted solely of stock options. Option grants made to executive officers are designed to provide them with incentive to execute their responsibilities in such a way as to generate long-term benefit to us and our stockholders. Through possession of stock options, our executives participate in the long-term results of their efforts, whether by appreciation of our company's value or the impact of business setbacks, either company-specific or industry-based. Additionally, stock options provide a means of promoting the retention of our executive officers, in that they are in almost all cases subject to vesting over an extended period of time.

Stock options provide executives with a significant and long-term interest in our success. By only rewarding the creation of stockholder value, we believe that stock options provide our NEOs with an effective risk and reward profile. Although it is our current practice to use stock options as our sole form of long-term incentive compensation, the compensation committee reviews this practice on an annual basis in light of our overall business strategy, existing market-competitive best practices, and other factors.

Stock options are granted periodically and are subject to vesting based on the executive's continued employment. Historically we have granted our executive officers a combination of incentive stock options that vest over a period of time and non-qualified stock options that are immediately exercisable but the shares issued upon the exercise of which are subject to vesting. Incentive stock options were the primary type of stock options granted to our executive officers early in the company's development. Starting in 2000, we granted non-qualified stock options that were immediately exercisable, because this approach enabled exercise prior to vesting, which provided certain advantages with regard to achieving stock ownership sooner and at a

Table of Contents

time when the fair value of stock was lower. Most options vest evenly over four years, beginning on the date of the grant.

Prior to our initial public offering in September 2007, the exercise price of options was determined by our Board of Directors, with input from management, after taking into account a variety of factors, including the nature and history of our business and our significant accomplishments and future prospects.

The number of shares for which stock options granted to our NEOs are exercisable is determined by the compensation committee in its discretion. Grants have not been formula-based, but instead have historically been granted taking into account a mixture of the following qualitative factors: the executive's level of responsibility; the competitive market for the executive's position; the executive's potential contribution to our growth; and the subjective assessment of the professional effectiveness and capabilities of the executive as determined by our Chief Executive Officer for our NEOs other than our Chief Executive Officer and by our compensation committee for our Chief Executive Officer. Although the specific number of shares for which an option is exercisable is not attributable to any specific factor, we have placed the most emphasis in determining the number of shares on trends in the competitive market for the executive's position and the executive's potential contribution to our success.

Additionally, larger awards have typically been made to the NEOs that have areas of responsibility and function that are more likely to build long-term stockholder value as determined by how directly linked their areas of responsibility and function are to the growth of the Company. Relative to other NEOs, larger awards are typically made to Mr. Bush in light of his responsibility and function.

On December 9, 2007, our compensation committee approved the following non-qualified stock option awards. The compensation committee approved awards for Messrs. Byers, Hueber, and MacDonald and Ms. Brown as part of the annual performance review taking into account the recommendations of our Chief Executive Officer, which were based on his subjective assessment of the professional effectiveness and capabilities of these executives, the nature and scope of their areas of responsibility, and the number of unvested options remaining to each individual. The awards for Messrs. Byers, Hueber, and MacDonald and Ms. Brown were granted as of February 1, 2008. The compensation committee approved Mr. Cosinuke's award in connection with his hiring, taking into account the recommendation of our Chief Executive Officer, which was based on his subjective assessment that such an award was necessary to remain competitive with other prospective employers. Mr. Cosinuke's award was granted as of January 2, 2008. All of the awards were granted with an exercise price per share equal to the closing market price per share of Common Stock on the NASDAQ Global Market on the respective grant date.

Carl B. Byers	45,000	\$ 33.24
Nancy G. Brown	30,000	33.24
Robert L. Cosinuke	150,000	35.26
Robert M. Hueber	20,000	33.24
James M. MacDonald	40,000	33.24

On February 15, 2008, our compensation committee approved the following non-qualified stock option awards. These awards were premised on the fact that, on January 16, 2002, the Board of Directors approved amendments to the employment agreements of Messrs. Bush and Byers, which provided that the Company would grant them options to purchase 120,000 and 30,000 shares of Common Stock, respectively, if the Company achieved a positive net income for three consecutive months and had \$10.0 million or more of cash, cash equivalents, and short-term investments on

hand. Messrs. Bush and Byers' s options would, if the grant conditions were met and the grants were made, begin vesting on January 1, 2001, and would vest fully over four years. On February 15, 2008, the compensation committee determined that, during the fourth quarter of 2007, the Company achieved a positive net income for three consecutive months and during that time retained at least \$10.0 million in cash or cash equivalents. Pursuant to their employment agreements, Messrs. Bush and Byers were granted the awards as of March 3, 2008, with an exercise price per share equal to the closing market price per share of Common Stock on the NASDAQ Global Market on that date.

Executive	Number of Shares	Exercise Price (\$/Sh)
Jonathan Bush	120,000	\$ 32.72
Carl B. Byers	30,000	32.72

Additionally, on February 15, 2008, the compensation committee approved the grant of a non-qualified stock option to purchase 49,500 shares of Common Stock to Mr. Bush. The award was based upon the Company's performance against its 2007 goal for annual earnings before interest, taxes, depreciation, and amortization, adjusted to exclude stock-based compensation expense (Adjusted EBITDA). This goal was based on the compensation committee's interest in linking Mr. Bush's equity compensation directly to our profitability. Based on the Adjusted EBITDA achievement in 2007, the compensation committee granted Mr. Bush's award as of March 3, 2008, with an exercise price per share of \$32.72, the closing market price per share of Common Stock on the NASDAQ Global Market on that date.

On February 24, 2009, our compensation committee approved the following stock option awards. The compensation committee approved awards for Messrs. Byers, Cosinuke, and Hueber and Ms. Brown as part of the annual performance review, taking into account the recommendations of our Chief Executive Officer, which were based upon his subjective assessment of the professional effectiveness and capabilities of these executives, the nature and scope of their areas of responsibility, and the number of unvested options remaining to each individual. The compensation committee approved Mr. Bush's award based upon the compensation committee's subjective assessment of his performance in 2008. The compensation committee approved Mr. Robinson's award in connection with his hiring, taking into account the recommendation of our Chief Executive Officer, which was based on his subjective assessment that such an award was necessary to remain competitive with other prospective employers. All of the awards were granted as of March 2, 2009, with an exercise price per share equal to the closing market price per share of Common Stock on the NASDAQ Global Select Market on that date.

Carl B. Byers	15,580	14,420	25.67
Nancy G. Brown	15,580	14,420	25.67
Robert L. Cosinuke	15,580	14,420	25.67

David E. Robinson	0	210,000	25.67

We have granted stock options as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), subject to the volume limitations contained in the Internal Revenue Code, and we may, in the future, grant non-qualified stock options. Generally, for stock options that do not qualify as incentive stock options, we are entitled to a tax deduction in the year in which the stock options are exercised equal to the spread between the exercise price and the fair value of the stock for which the stock option was exercised. The holders of the non-qualified stock options are generally taxed on this same amount in the year of exercise. For stock options that qualify as incentive stock options, we do not receive a tax deduction, and the holder of the stock option may

receive more favorable tax treatment than he or she would receive for a non-qualified stock option. We may choose to grant incentive stock options in order to provide these potential tax benefits to our executives and because of the limited expected benefits to our company of the potential tax deductions as a result of our historical net losses.

Timing of Equity Grants

Our equity award grant policy formalizes our process for granting equity-based awards to officers and employees. Under our equity award grant policy, all grants must be approved by our compensation committee or Chief Executive Officer. All stock options will be awarded at fair value and calculated based on our closing

Table of Contents

market price on the grant date. Under our equity award grant policy, equity awards will only be granted on the first business day of any month, as follows:

grants made in conjunction with the hiring of a new employee or the promotion of an existing employee will be made on the first trading day of the month following the later of (1) the hire date or the promotion date or (2) the date on which such grant is approved; and

grants made to existing employees other than in connection with a promotion will be made, if at all, on an annual basis.

In December 2007, our Board of Directors delegated authority to our Chief Executive Officer to make equity grants of up to 50,000 shares to employees but not to non-employees or Section 16 officers. All grants of equity to Section 16 officers or non-employees or grants of 50,000 shares or more require approval of the compensation committee.

Benefits

We provide the following benefits to our executive officers on the same basis as the benefits provided to all employees:

health, dental, and vision insurance;

life insurance;

short- and long-term disability; and

401(k) plan.

These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

Starting July 1, 2007, we now provide a qualified matching contribution to each employee, including our executive officers, who participate in our 401(k) plan. This matching policy provides a match of one-third of contributions up to 6% of eligible compensation.

2007 Stock Option and Incentive Plan

Our 2007 Stock Option and Incentive Plan, or 2007 Option Plan, was adopted by our Board of Directors and approved by our stockholders in 2007. The 2007 Option Plan permits us to make grants of incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock awards, restricted stock awards, unrestricted stock awards, cash-based awards, performance shares, and dividend equivalent rights. We initially reserved 1,000,000 shares of Common Stock for the issuance of awards under the 2007 Option Plan. The 2007 Option Plan provides that the number of shares reserved and available for issuance under the plan will automatically increase each January 1, beginning in 2008, by an additional number of shares which is equal to the lower of (1) that number of shares as is necessary such that the total number of shares reserved and available for issuance under the plan (excluding shares reserved for issuance pursuant to awards outstanding on such date) shall equal five percent of the outstanding number of shares of stock on the immediately preceding December 31 and (2) such lower number of shares as may be determined by our Board of Directors. Notwithstanding the foregoing, in no event will more than 20,000,000 shares be issued under the 2007 Option Plan.

The number of shares reserved for issuance under the 2007 Option Plan is subject to adjustment in the event of a stock split, stock dividend, or other change in our capitalization. Generally, shares that are forfeited or canceled from awards under the 2007 Option Plan also will be available for future awards.

The 2007 Option Plan is administered by the compensation committee. The administrator has full power and authority to select the participants to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award, and to determine the specific terms and conditions of each award, subject to the provisions of the 2007 Option Plan.

All full-time and part-time officers, employees, non-employee directors, and other key persons (including consultants and prospective employees) are eligible to participate in the 2007 Option Plan, subject to the discretion of the administrator. There are certain limits on the number of awards that may be granted under the 2007 Option Plan. For example, no more than 2,000,000 shares of Common Stock may be granted in the form of stock options or stock appreciation rights to any one individual during any one-calendar-year period.

The exercise price of stock options awarded under the 2007 Option Plan may not be less than the fair value of Common Stock on the date of the option grant and the term of each option may not exceed ten years from the date of grant. The administrator will determine at what time or times each option may be exercised and, subject to the provisions of the 2007 Option Plan, the period of time, if any, after retirement, death, disability, or other termination of employment during which options may be exercised.

To qualify as incentive options, stock options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders.

Stock appreciation rights may be granted under our 2007 Option Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair value of Common Stock between the exercise date and the date of grant. The administrator determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of Common Stock, or a combination thereof.

Restricted stock may be granted under our 2007 Option Plan. Restricted stock awards are shares of Common Stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee. The administrator may impose whatever conditions

to vesting it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture.

Deferred and unrestricted stock awards may be granted under our 2007 Option Plan. Deferred stock awards are units entitling the recipient to receive shares of stock paid out on a deferred basis, and are subject

Table of Contents

to such restrictions and conditions as the administrator shall determine. Our 2007 Option Plan also gives the administrator discretion to grant stock awards free of any restrictions.

Dividend equivalent rights may be granted under our 2007 Option Plan. Dividend equivalent rights are awards entitling the grantee to current or deferred payments equal to dividends on a specified number of shares of stock. Dividend equivalent rights may be settled in cash or shares and are subject to other conditions as the administrator shall determine.

Cash-based awards may be granted under our 2007 Option Plan. Each cash-based award shall specify a cash-denominated payment amount, formula, or payment ranges as determined by the administrator. Payment, if any, with respect to a cash-based award may be made in cash or in shares of stock, as the administrator determines.

Performance shares may be granted under our 2007 Option Plan. Performance shares are awards entitling the recipient to acquire shares of Common Stock upon the attainment of specified performance goals. The administrator determines performance goals during a performance cycle based upon performance criteria.

Unless the administrator provides otherwise, our 2007 Option Plan does not allow for the transfer of awards, and only the recipient of an award may exercise an award during his or her lifetime.

In the event of a merger, sale, or dissolution, or a similar sale event, unless assumed or substituted, all stock options and stock appreciation rights granted under the 2007 Option Plan will automatically become fully exercisable, all other awards granted under the 2007 Option Plan will become fully vested and non-forfeitable, and awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event, in the administrator's discretion. In addition, upon the effective time of any such sale event, the 2007 Option Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards. Any award so assumed or continued or substituted shall be deemed vested and exercisable in full upon the date on which the grantee's employment or service relationship with us terminates if such termination occurs (1) within 18 months after such sale event and (2) such termination is by us or a successor entity without cause or by the grantee for good reason.

No awards may be granted under the 2007 Option Plan after August 2017. In addition, our Board of Directors may amend or discontinue the 2007 Option Plan at any time, and the administrator may amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose. No such amendment may adversely affect the rights under any outstanding award without the holder's consent. Other than in the event of a necessary adjustment in connection with a change in our stock or a merger or similar transaction, the administrator may not reprice or otherwise reduce the exercise price of outstanding stock options or stock appreciation rights. Further, amendments to the 2007 Option Plan will be subject to approval by our stockholders if the amendment (1) increases the number of shares available for issuance under the 2007 Option Plan; (2) expands the types of awards available under, the eligibility to participate in, or the duration of, the 2007 Option Plan; (3) materially changes the method of determining fair value for purposes of the 2007 Option Plan; (4) is required by the NASDAQ Global Select Market rules; or (5) is required by the Internal Revenue Code to ensure that incentive options are tax-qualified.

2007 Employee Stock Purchase Plan

Our 2007 Employee Stock Purchase Plan, or 2007 ESPP, was adopted by our Board of Directors and approved by our stockholders in 2007. We have reserved a total of 500,000 shares of Common Stock for issuance to participating employees under the 2007 ESPP.

All of our employees, including our directors who are employees and all employees of any of our participating subsidiaries, who are employees on the first day of the offering period and whose customary employment is for more than twenty hours a week are eligible to participate in the 2007 ESPP. Employees who would, immediately after purchasing shares under the 2007 ESPP, own 5% or more of the total combined voting power or value of Common Stock are not eligible to participate in the 2007 ESPP.

Table of Contents

We continue to make offerings to our employees to purchase stock under the 2007 ESPP. The first offering began on March 1, 2008, and ended on August 31, 2008. Subsequent offerings begin on each March 1 and September 1, or the first business day thereafter, and end on the last business day occurring on or before the following August 31 and February 28 or 29, respectively. During each offering period, payroll deductions are made and held for the purchase of Common Stock at the end of the offering period.

On the first day of a designated payroll deduction period, or offering period, we will grant to each eligible employee who has elected to participate in the 2007 ESPP an option to purchase shares of Common Stock. The employee may authorize deductions from 1% to 10% of his or her compensation for each payroll period during the offering period (up to a total maximum of \$12,500). On the last day of the offering period, the employee will be deemed to have exercised the option, at the option exercise price, to the extent of accumulated payroll deductions. Under the terms of the 2007 ESPP, the purchase price for each share purchased under each option will be the lesser of 85% of the fair market value of Common Stock on the first day or the last day of the offering period. An employee may not sell, exchange, assign, encumber, alienate, transfer, pledge, or otherwise dispose of any shares of Common Stock until the one-year anniversary of the option exercise for such shares.

An employee who is not a participant on the last day of the offering period will not be entitled to exercise any option under the 2007 ESPP, and the employee's accumulated payroll deductions will be refunded. 2000 Stock Option and Incentive Plan

Our 2000 Stock Option and Incentive Plan, or 2000 Option Plan, was adopted by our Board of Directors in January 2000 and approved by our stockholders in March 2000. We reserved 5,834,181 shares of Common Stock for the issuance of awards under the 2000 Option Plan.

Our 2000 Option Plan is administered by our Board of Directors. Our Board of Directors has the authority to delegate full power and authority to a committee of the Board of Directors to select the individuals to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award, to provide substitute awards, and to determine the specific terms and conditions of each award, subject to the provisions of the 2000 Option Plan.

The 2000 Option Plan permits us to make grants of incentive stock options, non-qualified stock options, restricted stock awards, and any other stock-based award to officers, employees, directors, consultants, and advisors. Stock options granted under the 2000 Option Plan have a maximum term of ten years from the date of grant, and incentive stock options granted under that Plan have an exercise price of no less than the fair value of Common Stock on the date of grant.

Upon an acquisition of the Company in which all awards are not assumed or substituted by the successor entity, all outstanding awards, unless otherwise provided in those awards, shall remain our obligation, and there shall be automatically substituted for the shares of Common Stock then subject to such awards either (1) the consideration payable with respect to the outstanding shares of Common Stock in connection with the sale event, (2) shares of stock of the surviving or acquiring corporation or (3) such other securities as the Board of Directors deems appropriate (the

fair value of which as determined by the Board of Directors in its sole discretion shall not materially differ from the fair value of the shares of Common Stock subject to such awards immediately preceding the sale event), and the vesting provisions of all the unvested awards shall become accelerated by a period of one year. Under the 2000 Option Plan, a sale event is defined as (a) the sale of the Company by merger in which our stockholders, in their capacity as such, no longer own a majority

of the outstanding equity securities of the Company (or its successor); (b) any sale of all or substantially all of the assets or capital stock of the Company (other than in a spin-off or similar transaction); or (c) any other acquisition of the business of the Company, as determined by the Board of Directors.

Our Board of Directors does not intend to grant any further awards under the 2000 Option Plan.

- (1) Columns disclosing stock awards under the heading "Number of Shares Acquired on Vesting" and "Value Realized on Vesting" are not included in this table because none of our NEOs hold stock awards that vested during 2008.
- (2) Value realized on exercise is based on the gain, if any, equal to the difference between the fair market value of the stock acquired upon exercise on the exercise date less the exercise price, multiplied by the number of shares for which options are being exercised.

Pension Benefits

None of our NEOs participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us at December 31, 2008, and, as a result, there is not a pension benefits table included in this Proxy Statement.

Nonqualified Deferred Compensation

None of our NEOs participate in or have account balances in nonqualified defined contribution plans maintained by us at December 31, 2008, and, as a result, there is not a nonqualified deferred compensation table included in this Proxy Statement.

Table of Contents**Potential Payments Upon Termination or Change-in-Control*****Employment Agreements***

Ms. Brown and Mr. Hueber's employment agreements were amended in December 2008 in response to requirements under Section 409A of the Internal Revenue Code. The amendment modified the severance pay provisions to provide severance benefits to Ms. Brown and Mr. Hueber that comply with the requirements of Section 409A. Such modifications includes defining separation of service from the Company, an affiliate of the Company, or a successor entity within the meaning set forth in Section 409A, and, if Ms. Brown or Mr. Hueber are deemed a specified employee within the meaning of Section 409A, then any severance payment shall not be payable until the earlier of (1) six months and one day after their separation from service or (2) their death. Our other NEOs employment agreements did not provide for severance payments, and it is our policy that we do not pay severance to terminated employees.

Nancy G. Brown. Pursuant to the terms of her employment agreement dated August 2, 2004, as amended, if Ms. Brown terminates her employment for good reason, as defined in the agreement, or if we terminate her employment without cause, as defined in the agreement, she is entitled to a lump sum payment within ten business days after the effective date of termination as is proportionally (measured by severance amount against base salary) equal to the average rate of cash severance, if any, that has been paid by the Company to management-level employees who are at or above her level of responsibility in the Company and whose employment was terminated at any time during the two years prior to Ms. Brown's termination not as a result of settlement of legal claims and not in situations where cause (as defined in the agreement or as defined in the employment agreement related to the particular employee, if different) existed or was alleged at the time by Company to exist.

Robert M. Hueber. Pursuant to the terms of his employment agreement dated September 16, 2002, as amended, if Mr. Hueber terminates his employment for good reason, as defined in the agreement, or if we terminate his employment without cause, as defined in the agreement, he is entitled to a lump sum payment within ten business days after the effective date of termination in an amount at least equal to the amount of severance paid by the Company to senior-management-level employees who terminated employment during the year prior to his termination not as a result of settlement of legal claims or in situations where cause (as applicable to the particular employee and not as defined in the employment agreement) existed or was alleged to exist, or, if there was no such termination in such year, then the most recent termination of a senior-management-level employee in such circumstances.

Acceleration of Vesting of Equity Awards

Pursuant to stock option agreements between us and each of our named executive officers, unvested stock options awarded under our 2000 Option Plan shall become accelerated by a period of one year upon the consummation of an acquisition of the Company. For purposes of these agreements, an acquisition is defined as: (1) the sale of the Company by merger in which its stockholders in their capacity as such no longer own a majority of the outstanding equity securities of the Company; (2) any sale of all or substantially all of the assets or capital stock of the Company; or (3) any other acquisition of the business of the Company, as determined by our Board of Directors.

In addition, pursuant to stock option agreements between us and each of our named executive officers, all stock options granted under the 2007 Option Plan will automatically become fully exercisable in the event of a merger, sale, or dissolution, or a similar sale event, unless assumed or substituted. For the purposes of these agreements, a sale event is defined as: (1) the dissolution or liquidation of the Company; (2) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (3) a merger, reorganization, or

consolidation in which the outstanding shares of stock are converted into or exchanged for securities of the successor entity and the holders of the Company's outstanding voting power immediately prior to such transaction do not own a majority of the outstanding voting power of the successor entity immediately upon completion of such transaction; or (4) the sale of all of the stock of the Company to an unrelated person or entity.

Table of Contents

- (2) We have estimated the market value of the unvested option shares based on an assumed public offering price of \$36.72 per share, based on the last reported sale price of Common Stock on the NASDAQ Global Market on December 31, 2008.
- (3) To date we have not paid any senior-management-level employee severance upon termination of employment, and, accordingly, we would not expect to pay any severance to Ms. Brown and Mr. Hueber upon termination of their employment for good reason or without cause (except as provided in footnote 4), as defined in their employment agreement. Our other named executive officers' employment agreements do not provide for severance upon termination of employment.
- (4) Represents an unvested non-qualified option to purchase 4,192 shares of Common Stock, which would immediately vest upon termination of Mr. Hueber's employment by the Company without cause or by Mr. Hueber for good reason, each as defined in his employment agreement. We have estimated the market value of the unvested option shares based on the last reported sale price of Common Stock on the NASDAQ Global Market on December 31, 2008, of \$36.72 per share.

Limitation of Liability and Indemnification Agreements

As permitted by the Delaware General Corporation Law, we have adopted provisions in our Certificate of Incorporation and By-laws that limit or eliminate the personal liability of our directors. Consequently, a director will not be personally liable to us or our stockholders for monetary damages or breach of fiduciary duty as a director, except for liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

any unlawful payments related to dividends or unlawful stock purchases, redemptions, or other distributions; or
any transaction from which the director derived an improper personal benefit.

These limitations of liability do not alter director liability under the federal securities laws and do not affect the availability of equitable remedies, such as an injunction or rescission.

In addition, our By-laws provide that:

we will indemnify our directors, officers, and (in the discretion of our Board of Directors) certain employees to the fullest extent permitted by the Delaware General Corporation Law; and

Table of Contents

we will advance expenses, including attorneys' fees, to our directors and (in the discretion of our Board of Directors) to our officers and certain employees, in connection with legal proceedings, subject to limited exceptions.

We have entered into indemnification agreements with each of our directors and our executive officers. These agreements provide that we will indemnify each of our directors and executive officers to the fullest extent permitted by law and advance expenses, including attorneys' fees, to each indemnified director or executive officer in connection with any proceeding in which indemnification is available.

We also maintain general liability insurance that covers certain liabilities of our directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers, including liabilities under the Securities Act.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling the registrant under the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

RELATED PERSON TRANSACTIONS

Policies for Approval of Related Person Transactions

Our Board of Directors has adopted a written policy, administered by our audit committee, that sets forth the policies and procedures to review and approve transactions, contracts, or other legal or business arrangements with directors, director nominees, executive officers, holders of more than five percent of our voting securities, and the immediate family members of any of these persons, each of which is known as a related person. Such transactions and arrangements must be approved by our audit committee or another group of directors, as authorized by our Board of Directors.

The Company retains a list of related persons and all entities in which a related person is an employee, acts as a director or executive officer, or holds more than five percent of ownership interest, each such entity being known as a related person affiliate. The list is updated at least annually and cross-checked against the parties involved in proposed or ongoing transactions and arrangements with the Company and prior to entering into any new transaction or arrangement. To the extent that it is determined that we have entered into or will enter into any transaction or arrangement (including any modification or addition to an existing contract or arrangement) with a related person or related person affiliate, our Chief Financial Officer is notified.

Once notified, our Chief Financial Officer, together with legal counsel, will review the appropriate NASDAQ, SEC, and other applicable rules and determine whether the contemplated transaction or arrangement requires the approval of the Board of Directors, the audit committee, both, or neither. No transaction or arrangement with a related person or related person affiliate may be entered into unless the Chief Financial Officer has either (i) specifically confirmed that no further approvals are necessary or (ii) specifically confirmed that all requisite corporate approvals necessary to enter into such transaction or arrangement have been obtained.

In the event that both audit committee and Board of Director approval are required to authorize a transaction or arrangement with a related person or related person affiliate, the audit committee will be asked to consider and vote on such transaction or arrangement and then make a recommendation to the Board of Directors for its consideration.

Transactions with Related Persons

Except as disclosed below, based on a review of the transactions and arrangements between the Company and any related person or related person affiliate, the Company has determined that it was not a party to any transaction or arrangement in which any related person or related person affiliate has a direct or indirect material interest.

Investment

In 2008, the Company invested \$550,000 in a newly formed corporation. Two of our directors, Todd Y. Park and Bryan E. Roberts, are also members of the board of directors of this new corporation, although Dr. Roberts will be stepping down as a director of the Company following the Annual Meeting. Mr. Park invested \$809,667, and venture funds affiliated with Venrock Associates, a beneficial owner of more than 5% of our voting securities, invested \$2,026,335 in the new corporation as well.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who beneficially own more than 10% of the outstanding Common Stock (collectively, Reporting Persons) to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons during fiscal year ended December 31, 2008, the Company believes that all Reporting Persons complied with all Section 16(a) reporting requirements.

TRANSACTION OF OTHER BUSINESS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

INCORPORATION BY REFERENCE

The sections of this Proxy Statement entitled Audit Committee Report and Compensation Committee Report do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate them by reference therein.
