Report of Independent Auditors

The Board of Trustees  
All\*AmerUs Savings and Retirement Plan

We have audited the accompanying statements of net assets available for benefits of All\*AmerUs Savings and Retirement Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) is presented for the purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

## All\*AmerUs Savings and Retirement Plan

### Notes to Financial Statements

December 31, 2001

#### 1. DESCRIPTION OF PLAN

The following description of the All\*AmerUs Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### GENERAL

The Plan is a contributory defined contribution plan covering all employees of AmerUs Group Co., formerly AmerUs Life Holdings, Inc. (the Company or AmerUs). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2001, the Indianapolis Life Insurance Company Salary Reduction Plan and the Bankers Life Insurance Company of New York Profit-Sharing and Salary-Deferral Plan (the Indianapolis Life plans) merged into the Plan.

##### ELIGIBILITY

Employees are eligible to participate the first of the month coinciding with, or next following, their hire date. Full-time employees and part-time employees who are scheduled to work fewer than 20 hours per week are eligible if the employee has earned 1,000 hours of service during (a) the one-year period which commences on his date of employment, or (b) any Plan year subsequent to the employee's date of employment. Any individual who was eligible to participate in one of the Indianapolis Life plans as of September 30, 2001 and who is an employee on October 1, 2001 are also eligible employees.

##### CONTRIBUTIONS

Participants may contribute up to 15% of annual base salary, overtime pay, short-term disability plan payments, and bonuses (W-2 compensation), but excluding sign-on bonuses, long-term incentives, moving expenses, severance payments, flexible benefit credits taken in cash, car allowances, fitness reimbursements, and exam awards. In addition, participants may contribute flexible benefit credits to the Plan as pretax contributions. Contributions of flexible benefit credits shall be made at the time and in the manner specified in the flexible benefit plan. The amount contributed per year shall not exceed \$10,500 in 2001 and \$10,500 in 2000. The annual contribution to all retirement benefit plans shall not exceed the lesser of \$30,000 or 25% of the participant's compensation.

### 1. DESCRIPTION OF PLAN (CONTINUED)

In addition to the above general plan provisions, special provisions of the Plan applicable in connection with the merger of the Indianapolis Life plans provides that an individual who was an eligible participant in one of the Indianapolis Life plans is eligible for profit sharing contributions, salary deferral contributions, and matching contributions during the period from October 1, 2001 to December 31, 2001 in accordance with the terms of the Indianapolis Life plans.

The Company contributes 125% of the participant's contribution up to the first 4% of pay contributed, which is called the "company match." The Company also contributes 4% of compensation as of the end of the Plan year, which is called a "core contribution." The Company's "core contribution" is made as a combination of cash and Company stock, with the cash portion being contributed to the Money Purchase Pension component of the Plan and the stock portion being contributed to the Employee Stock Ownership (ESOP) component of the Plan. Each business unit within the Company could elect a "profit sharing contribution" to be allocated among participants employed by the business unit. In addition prior to 2001, the Company contributed annually to each eligible participant who was an active participant in the defined benefit plan sponsored by AmerUs Life Insurance Company (a wholly owned subsidiary of the Company) as of December 31, 1995, an "interim benefit supplement" which is an amount equal to the supplemental percentage multiplied by the participant's compensation. The "interim benefit supplement" is reduced by the profit sharing contribution, if any, for the Plan year. Further, the Company contributes annually to each eligible participant who would have been an active participant on January 2, 1999 in the AmVestors Money Purchase Pension Plan had that plan not been discontinued, an "interim benefit supplement" which is an amount equal to the supplemental percentage multiplied by the participant's compensation.

### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of Plan net earnings. Allocations of net earnings are based on account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the vested benefit that could be provided from the participant's account.

### 1. DESCRIPTION OF PLAN (CONTINUED)

#### VESTING

A participant's interest in pre-tax employee contributions and rollover contributions is fully vested and nonforfeitable at all times. After one year of service, the participant is fully vested in the portion of the participant's account attributable to employer matching contributions. After five years of service, the participant is fully vested in the core contribution, profit sharing contributions, and any interim benefit supplement, however some employees (generally those that have been merged into the plan) are subject to different vesting schedules. In addition, any participant whose position is

eliminated during the period from September 1, 2001 to December 31, 2002 shall have a fully vested interest in their account balance upon their termination of employment.
