HEALTH FITNESS CORPORATION
Annual Meeting of Shareholders
May 29, 2008

PROXY STATEMENT

INTRODUCTION

Your proxy is solicited by the Board of Directors of Health Fitness Corporation (the Company) for the Annual Meeting of Shareholders to be held on May 29, 2008, at the location and for the purposes set forth in the Notice of Meeting, and at any adjournment or postponement thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of the Company's Common Stock, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

You may vote your shares by telephone, over the internet or by mail by following the instructions on the enclosed proxy. If you vote by telephone or over the internet, you do not need to return your proxy by mail. Internet and telephone voting facilities will close at 12:00 p.m., Central time, on May 28, 2008. If your shares are held in street name, you must instruct the record holder of your shares in order to vote.

Any shareholder giving a proxy may revoke it at any time prior to its use at the meeting by giving written notice of such revocation to the Secretary of the Company or by attending and voting at the meeting. A proxy that is not revoked or superseded will be voted in accordance with the choice specified by the shareholder on the ballot that is provided on the Proxy. Proxies that are signed but that lack any such specification will be voted in favor of the proposals set forth in the Notice of Meeting and, with respect to the election of directors, in favor of the number and slate of directors proposed by the Board of Directors and listed herein.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of our outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal will have the same effect as votes against such proposal. If a broker returns a non-vote proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote proxy shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter.

The mailing address of the principal executive offices of the Company is 1650 West 82nd Street, Suite 1100, Bloomington, Minnesota 55431. The Company expects that this Proxy Statement, the related proxy and Notice of Meeting will first be mailed to shareholders on or about April 21, 2008.

General Information

The Board of Directors has fixed the number of directors for the ensuing year at ten (10) and the independent directors of the Board recommend that all ten (10) of the current members be nominated and elected at the Annual Meeting. CORPORATE GOVERNANCE

Independence

The Board of Directors has determined that Mark W. Sheffert, David F. Durenberger, K. James Ehlen, Robert J. Marzec, John C. Penn, Curtis M. Selquist, Rodney A. Young and Linda Hall Whitman, constituting a majority the Board of Directors, are independent directors since none of them is believed to have any relationships that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and since such directors otherwise satisfy the requirements of Nasdaq Rule 4200(a)(15). In addition, James Bernards, who served on our Board until May 21, 2007, was independent. Although the Company is not subject to Nasdaq rules, the Board of Directors believes that such standards are helpful in determining the Company's independent directors.

Although Gregg O. Lehman was an independent director when he was appointed to the Board on September 22, 2006, he is now precluded from being considered independent because he has been employed by the Company as President and Chief Executive Officer since January 1, 2007. Similarly, Jerry V. Noyce is precluded from being considered independent because he was employed by the Company as Vice Chairman until January 31, 2008 and before that was the Company's President and Chief Executive Officer.

Code of Conduct

The Board has approved Ethics and Code of Conduct policies that apply to all employees, directors and officers, including the principal executive officer, principal financial officer, principal accounting officer and controller. The Ethics and Code of Conduct policies address such topics as protection and proper use of our assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest and insider trading. The Ethics and Code of Conduct policies are available on the Company's website at www.hfit.com. Health Fitness Corporation intends to satisfy Form 8-K disclosure requirements by including on its website any amendment to, or waiver from, a provision of its Ethics or Code of Conduct policy that applies to the principal executive officer, principal financial officer, principal accounting officer and controller that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K under the Securities Act of 1933.

Shareholder Communications with the Board of Directors

Shareholders may communicate directly with the Board of Directors. All communications should be directed to the Company's Secretary at the address below and should prominently indicate on the outside

of the envelope that it is intended for the Board of Directors or for non-management directors, and the Company's Secretary will forward the communications to all specified directors. If no director is specified, the communication will be forwarded to the entire Board. Shareholder communications to the Board should be sent to:

Health Fitness Corporation Board of Directors

Director Attendance at Annual Meetings

Directors' attendance at Annual Meetings can provide shareholders with an opportunity to communicate with directors about issues affecting the Company. The Company does not have a policy regarding director attendance, but all directors are encouraged to attend the Annual Meeting of Shareholders. The 2007 Annual Meeting of Shareholders was attended by seven directors.

Committee and Board Meetings

During fiscal 2007, the Board held thirteen formal meetings. The directors often communicate informally to discuss the affairs of the Company and, when appropriate, take formal action by written consent of a majority of all directors, in accordance with the Company's charter and bylaws and Minnesota law.

The Company's Board of Directors has three standing committees, the Audit Committee, the Compensation/Human Capital Committee, and the Nominating/Governance Committee. In addition, the Board of Directors has two ad-hoc committees, the Finance Committee and the Strategy Committee. Members of such committees met formally and informally from time to time throughout fiscal 2007 on committee matters.

Each director attended 75% or more of the aggregate number of meetings of the Board and of committees of which he or she was a member.

Audit Committee

The Audit Committee is comprised of directors Robert J. Marzec (Chair), John C. Penn and Mark W. Sheffert. Messrs. Marzec, Penn and Sheffert satisfy, in the judgment of the Board of Directors, the independence requirements of Nasdaq Rule 4200(a)(15) (although the Company is not required to comply with such provision), and the Audit Committee satisfies the criteria of Section 10A(m)(3) and Rule 10A-3 of the Securities Exchange Act of 1934. The Audit Committee is responsible for the oversight relating to the Company's systems of internal and disclosure controls and its financial accounting and reporting matters. The Audit Committee is also responsible for appointment, compensation, retention and oversight of the work of any publicly registered accounting firm, including the Company's independent public accountants. The Audit Committee charter was attached to last year's proxy statement as Exhibit A and may be amended by approval of the Board. The charter was last amended on March 27, 2007. The Audit Committee met ten times during fiscal 2007.

Audit Committee Financial Expert

The Board has determined that Robert J. Marzec is the audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K under the Securities Act of 1933. The designation of Mr. Marzec as the audit committee financial expert does not impose on Mr. Marzec any duties, obligations or liability that are greater than the duties, obligations and liability imposed on Mr. Marzec as a member of the Audit Committee and the Board of Directors in the absence of such designation or identification.

Compensation/Human Capital Committee

The responsibility for evaluation of the compensation policies of the Company, oversight of management's performance, and recommendations regarding compensation of senior management, has been delegated by the Board to the Compensation/Human Capital Committee of the Board, which is referred to in this proxy statement as the Compensation Committee. The current members of the Compensation Committee are Linda Hall Whitman, Ph.D. (Chair), Rodney A. Young, K. James Ehlen, M.D. and Curtis M. Selquist, each of whom satisfy the independence requirements of Nasdaq Rule 4200(a)(15) (although the Company is not required to comply with such provision). The Compensation Committee met three times in 2007.

Compensation Committee Charter and Scope of Authority

Under the Compensation Committee's written charter, the primary duties and responsibilities of the Compensation Committee include reviewing the procedures, processes and policies used to compensate executives; approving compensation plans, performance reviews and salaries for executives, other than executives designated by the Board as subject to Section 16 under the Securities Exchange Act of 1934, or Section 16 officers; recommending to the Board compensation plans, performance reviews and salaries for Section 16 officers; reviewing and discussing with management the Company's public disclosures regarding its compensation policies and practices; approving bonus and cash incentive plans and related payout potential and objectives, other than for Section 16 officers; recommending to the Board bonus and cash incentive plans and related payout potential and objectives for Section 16 officers; recommending stock option, employee stock purchase, restricted stock and other equity incentive plans to the full Board for submission to shareholders; granting stock option and other equity awards to executives and management/key associates, other than Section 16 officers; recommending to the Board stock option and other equity awards to Section 16 officers; reviewing and recommending to the full Board material changes to the 401(k) plan; and working with management on human capital matters, including organizational alignment, recruitment and retention of executive talent and succession plan development.

The Compensation Committee charter was attached to last year's proxy statement as Exhibit B and may be amended by approval of the Board. The charter was last amended on March 27, 2007.

The Compensation Committee's authority does not include approving or recommending compensation for our directors, which is reviewed and recommended to the full Board by the Nominating/Governance Committee.

The Compensation Committee has authority to authorize management to engage one or more compensation consultants, who may assist management, the Board and the Compensation Committee with reviewing data relating to executive compensation and determining appropriate levels of base salary, annual incentives, total cash compensation and stock option grants to executives. The Company pays all amounts due to compensation consultants, at the approval of the Compensation Committee. The Compensation Committee utilized one consultant during the 2007 fiscal year.

Finance Committee

The Finance Committee, which consists of John C. Penn (Chair), Mark W. Sheffert and Robert J. Marzec, is charged with exploring strategic opportunities and the methods that might be available for financing such opportunities. The Finance Committee met four times during fiscal 2007.

Nominating/Governance Committee

The Nominating/Governance Committee consists of the Chairman of the Board (Mark W. Sheffert), the Chairman of the Audit Committee (Robert J. Marzec), the Chairman of the Compensation Committee (Linda Hall Whitman), the Chairman of the Finance Committee (John C. Penn), and the Chairman of the Strategy Committee (Curtis M. Selquist). Although not required to comply with such provision, the Board believes that each member of the Nominating/Governance Committee satisfies the independence requirements of Nasdaq Rule 4200(a)(15). The nominees for election to the Board at the annual meeting of shareholders were recommended by the Nominating/Governance Committee. The Nominating/Governance Committee charter was attached to last year's proxy statement as Exhibit D, and may be amended by approval of the Board. The charter was last amended on March 27, 2007. The Nominating/Governance Committee met two times during fiscal 2007.

The Nominating/Governance Committee will review director nominees proposed by shareholders. Shareholders may recommend a nominee to be considered by the Nominating/Governance Committee by submitting a written proposal to the Chairman of the Board of Directors, at Health Fitness Corporation, 1650 West 82nd Street, Suite 1100, Bloomington, Minnesota 55431. A consent signed by the proposed nominee agreeing to be considered as a director should accompany the written proposal. The proposal should include the name and address of the nominee, in addition to the qualifications and experience of said nominee.

The Nominating/Governance Committee is responsible for tasks relating to the adoption of corporate governance policies and procedures, the nomination of directors, the review and recommendation of the Board of Directors Compensation Plan, and the oversight of the organization of Board committees. The Nominating/Governance Committee has the ability to employ recruiting firms to assist in the identification and recruitment of director candidates and other advisors, but it did not do so in 2007.

When selecting candidates for recommendation to the Board of Directors, the Nominating/Governance Committee will consider the attributes of the candidates and the needs of the Board and will review all candidates in the same manner, regardless of the source of the recommendation.

In evaluating director nominees, a candidate should have certain minimum qualifications, including being able to read and understand basic financial statements, be familiar with our business and industry, have high moral character and mature judgment, and be able to work collegially with others. In addition, factors such as the following shall be considered:

- appropriate size and diversity of the Board;
- needs of the Board with respect to particular talent and experience;
- knowledge, skills and experience of nominee;
- familiarity with domestic and international business affairs;
- legal and regulatory requirements;
- appreciation of the relationship of our business to the changing needs of society; and
- desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by a new member.

Strategy Committee

The Strategy Committee, which consists of Curtis M. Selquist (Chair), David F. Durenberger, Rodney Young, K. James Ehlen and Gregg Lehman, was established by the Board of Directors in November 2007 to identify and review strategic opportunities for the Company.

In addition, the non-employee directors, other than the Chairman, approved an additional annual fee of \$30,000 to the Chairman for his additional services provided in connection with the Company's strategic plan and related projects. This fee will be paid quarterly and is subject to suspension or termination by the Board.

8. Upon the initial election to the Board, directors previously received a grant of 20,000 shares of Common Stock. Effective November 1, 2007, new directors will receive an initial grant of restricted stock having a value of \$60,000, with the number of shares determined by dividing \$60,000 by the closing price per share of the Company's Common Stock on the effective date of the director's election. The shares will vest ratably over a three year period, subject to acceleration upon a change of control through a merger or acquisition. Non-vested shares would be forfeited upon the director's resignation, termination or not standing for reelection.

9. Upon the initial election to the Board and annually thereafter, a director will receive a six-year fully vested option to purchase 15,000 shares of Common Stock. The option will have an exercise price equal to the fair market value of the Common Stock on the date of grant.

In addition, the Company reimburses directors for any out-of-town travel incurred by a director to attend Board, but not Committee, meetings, and directors are covered by a D&O liability insurance policy.

CERTAIN TRANSACTIONS

Pursuant to its charter, the Audit Committee has the responsibility to review transactions that are considered related party transactions under Rule 404 of Regulation S-K under the Securities Act of 1933, and make a recommendation to the full Board, excluding inside and interested directors. The full Board of independent directors then ultimately determines whether to approve the transaction. In accordance with Minnesota corporate law, directors who believe that they may be related parties in transactions with the Company will inform the Board of such belief, provide all relevant information, and recuse themselves from any consideration of such transactions. If a director believes but is not certain that he has a related party relationship, the Nominating/Governance Committee will make the determination following consideration of all available information.

Since the beginning of fiscal 2007, there have been no transactions or business relationships, other than as disclosed herein, between us and our executive officers, directors, director nominees, and affiliates.

VOTE REQUIRED

The Board recommends that you vote **FOR** each of the nominees to the Board of Directors set forth in this Proposal #1. Under applicable Minnesota law, the election of each nominee requires the affirmative vote by a plurality of the voting power of the shares present and entitled to vote on the election of directors at the Annual Meeting at which a quorum is present.

EXECUTIVE COMPENSATION

Overview

The Company's executive compensation program is designed to attract, retain, motivate and fairly reward the high performing individuals who will help the Company achieve and maintain a competitive position in the employee health improvement industry. The program is also intended to ensure the accomplishment of the Company's financial objectives and to align the interests of employees, including management, with those of long-term shareholders. The Company accomplishes these objectives by linking compensation to individual and Company performance, setting compensation at competitive levels, rewarding executives for financial growth of the Company, tying incentive compensation to performance objectives that are clearly defined and challenging but achievable, increasing incentive compensation with position and responsibility, and balancing rewards for short- and long-term performance. In 2007, our executive compensation program was comprised of three elements: base salary, non-equity incentive compensation in the form of an annual bonus, and long-term, equity-based incentive compensation.

We primarily compensate our executive officers with cash and equity and not perquisites. The Company's perquisite awards are fairly modest, so as to avoid a negative impact on internal pay and equality. The Company provides all full-time employees with what it believes are customary benefits, which include a 401(k) savings plan and matching contributions of \$0.20 for each \$1.00 contributed, up to 10% of eligible compensation; health and dental plans; an employee stock purchase plan; life insurance; and long- and short-term disability insurance plans.

Base Salary

Base salary is designed to be in the median range of salary levels for equivalent positions at comparable companies nationwide, which is intended primarily to attract high performing individuals while remaining in line with compensation amounts paid by other companies. Each executive's actual salary within this competitive framework depends on the individual's performance, responsibilities, experience, leadership and potential future contribution. The Compensation Committee periodically reviews base salary for each executive officer by identifying pay levels for similar roles in other organizations, considering the past performance of the executive officer, the scope of the executive officer's responsibilities, the value added by the executive officer and internal equity. The Compensation Committee then makes recommendations to the Board. Executives do not necessarily receive increases every year.

The original base salaries of the named executive officers were set by their employment agreements. In the case of Mr. Lehman, his employment agreement was effective on January 1, 2007 and provided that Company would pay him an annual salary of \$275,000 in 2007, and Mr. Noyce's salary in 2007 remained at \$275,000. The Board increased Mr. Winnekins' annual base salary to \$188,100 in 2007 from \$180,000.

Management Bonus Program

In 2007, the Compensation Committee recommended and the Board approved a new management bonus program, which is intended to promote achievement of the Company's strategic plan through 2009. This program is comprised of two elements: a short term incentive annual cash bonus and a long term incentive pool of restricted stock awards. The Board also has the discretion to make stock option grants.

Cash Bonuses

Named executive officers are eligible to receive non-equity incentive compensation based on achievement of performance targets. With respect to cash bonuses in 2007, the program provided for cash payouts based on the Company achieving 95% to 110% of plan accomplishment. Plan accomplishment is based upon achievement of revenue and earnings before interest, taxes, depreciation and amortization targets. The Vice Chairman and Chief Executive Officer were eligible to receive non-equity incentive compensation of between 6% and 50% of their base salary, the Chief Financial Officer was eligible to receive non-equity incentive compensation of between 6% and 40% of his base salary, and other executive officers were eligible to receive between 4% and 30% of their base salaries. No awards could be earned on financial objectives for which the Company achieved less than 95% of the planned target. In the case of the Vice Chairman only, the bonus was also dependent upon the achievement of personal objectives.

Restricted Stock Awards

The management bonus program utilizes grants of restricted stock that would be earned and vested by executives following the completion of the 2009 annual audit, based upon the Company's achievement of its strategic three year plan. The Board adopted, and our shareholders approved in 2007, the Company's 2007 Equity Incentive Plan, which provides for restricted stock awards to executive officers that vest upon achievement of performance targets that are based on the Company's strategic plan. The restricted stock awards are subject to the terms of the Company's customary Restricted Stock Award Agreement and the 2007 Equity Incentive Plan. The number of shares of restricted stock that vest will be based upon the Company achieving at least 95% of plan accomplishment, and up to 110% of plan accomplishment. Generally, executives would have to be employed by the Company at the time of the completion of the Company's 2009 annual audit in order for their shares of restricted stock to vest.

The Board also adopted in 2007 the Cash Incentive Plan, which provides that executives may elect to receive a cash payment in lieu of the restricted stock award, payable on the same terms and subject to achievement of the same targets as those that would apply for that year's restricted stock award. Participants in the management bonus program had the option, at the outset of the program, to choose a cash bonus to be paid at the completion of the Company's 2009 annual audit, in lieu of restricted stock awards. The performance objectives of the awards granted under the Cash Incentive Plan were the same as those under the 2007 Equity Incentive Plan and participants would receive their cash bonuses at the same time, and to the same extent, that the restricted stock vests.

None of the named executive officers chose the cash payment option, and on June 1, 2007, the Company made grants of restricted stock to the named executive officers under the 2007 Equity Incentive Plan.

Stock Options

The Board and the Compensation Committee also have the discretion to make stock option grants in order to award individual performance each year. Under the program in 2007, long-term incentive compensation consisted of stock options that vest ratably on an annual basis for a term of four years, and expire after six years. The Board made annual grants of stock options subject to the terms of the Company's customary Incentive Stock Option Agreement and Amended and Restated 2005 Stock Option Plan. When making such grants, the Compensation Committee and Board considered the size of the previous grants and the number of options held, but these factors are not entirely determinative of future grants. Each executive's annual grants are based upon the individual's performance, responsibilities, experience, leadership and potential future contribution, and any other factors deemed relevant by the

Compensation Committee and the Board. The Compensation Committee and the Board also consider the potential expense to the Company of all stock option grants.

The Board has adopted a policy with respect to the granting of options, restricted stock and other equity-based awards that specifies who has authority to grant the awards and when the awards may be granted. The policy's provisions regarding the timing of grants are designed to avoid any impropriety by restricting the grants to those periods when there would typically be no opportunity to misuse material nonpublic information in connection with the pricing of a grant, or, in the case of annual grants, to establish a set date each year for the grants to be made so as to prevent any discretion in setting grant dates, but also provide the Board and Compensation Committee with limited flexibility to make grants from time to time in extraordinary circumstances.

Messrs. Noyce and Winnekins received annual stock option grants in February 2007 in accordance with this policy. Mr. Lehman received one-time grants of restricted stock and stock options in connection with the commencement of his employment in January 2007 and, accordingly, did not receive any annual grant in February 2007.

Employment Agreements

We have entered into written employment agreements with our named executive officers to provide both the Company and the executive officers with protections and rights that would otherwise not be memorialized in a verbal contract, and to express the commitment on the part of the Company and the executive officer to the employment relationship. The employment agreements with our named executive officer provide that each of these officers serves for an indefinite term until his employment is terminated in accordance with the terms of his agreement.

The employment agreements of all of the named executive officers provide that these executive officers would continue to receive their base salaries for a specified severance period following termination without cause. This salary continuation is intended to provide the executive officers with pay for the time they would potentially need to find replacement positions. We have also included change in control provisions in the employment agreements of the named executive officers. The agreements generally provide that, in the event of a change in control, each executive officer would receive severance pay for a specified period if the executive officer is terminated without cause upon a change in control. The change in control provisions are designed to retain the executive officer and provide for continuity of management in the event of an actual or threatened change in control of the Company. The employment agreements also include non-solicitation and non-disparagement covenants, and, in the case of Mr. Lehman and Mr. Noyce, non-competition provisions that prevent these named executive officers from having certain relationships with our competitors.

The Board may provide for payment or immediate vesting of option awards under our Amended and Restated 2005 Stock Option Plan in the event of a change in control, and the Board may take any other action as it may deem appropriate to further the purposes of the Amended and Restated 2005 Stock Option Plan or protect the interests of the option holders upon a change in control. The Board has already determined, as reflected in his employment agreement, that options granted under the Amended and Restated 2005 Stock Option Plan to Mr. Lehman will immediately vest in connection with a change in control under certain conditions.

Subsequent to the 2007 fiscal year, on January 31, 2008, Mr. Noyce retired as Vice Chairman and entered into a consulting agreement with the Company, pursuant to which he will periodically provide services for the Company until December 31, 2008. Pursuant to the consulting agreement, the Company will pay Mr. Noyce an hourly rate for services performed. Mr. Noyce's annual hours are not to exceed

19.9% of the number of hours worked by him in 2007 while employed by the Company as Vice Chairman. The Company will reimburse Mr. Noyce for reasonable and appropriate expenses incurred while performing consulting services. Mr. Noyce acknowledged certain confidentiality, non-solicitation and non-competition obligations when he entered into the consulting agreement.

**RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal #2)**

Grant Thornton LLP acted as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2007 and has been selected by the Audit Committee to act as the Company's auditors for fiscal 2008. Although it is not required to do so, the Board wishes to submit the selection of Grant Thornton LLP to the shareholders for ratification, based upon the recommendation of the Audit Committee. The Company's selection of Grant Thornton LLP will be deemed ratified by the shareholders if holders of a majority of the voting power of the shares represented in person or by proxy at the meeting with authority to vote on such matter, provided that such majority must be greater than 25% of the Company's outstanding shares. The Audit Committee retains discretion at all times to select the Company's independent registered public accounting firm, notwithstanding ratification by the Company's shareholders. In the event the shareholders do not approve such selection, the Audit Committee will reconsider its selection. A representative of Grant Thornton LLP is expected to be present at the Annual Meeting of Shareholders. Such representative will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

The ratification of Grant Thornton LLP as the independent registered public accounting firm for the Company requires the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting, provided that such majority must be greater than 25% of the Company's outstanding shares.

Audit Fees

The following fees were billed by Grant Thornton LLP in fiscal years 2006 and 2007:

	2006	2007
Audit Fees	\$ 110,116	\$ 129,332
Audit-Related Fees	10,091	10,350
Tax Fees	54,805	75,401
All Other Fees	107,326	
	\$ 282,338	\$ 215,083

Audit fees are for professional services rendered and expenses incurred for the audit of the Company's annual financial statements and review of financial statements included in our Forms 10-K and 10-Q or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements.

Audit-related fees are primarily for services rendered and expenses incurred for the audit of the Company's 401(k) Employee Benefit Plan.

Tax fees include fees for services provided and expenses incurred in connection with the preparation of federal and state tax returns, tax advice and tax planning.

All other fees include fees for services provided and expenses incurred for non-audit related accounting services.

Pursuant to its written charter, the Audit Committee is required to pre-approve the audit and non-audit services performed by the Company's independent auditors in order to assure that the provision of

such services does not impair the auditor's independence. Unless a particular service has received general pre-approval by the Audit Committee, each service provided must be specifically pre-approved. In addition, any proposed services exceeding pre-approved costs levels will require specific pre-approval by the Audit Committee. As such, the Audit Committee adopted a policy in February 2003, which policy is included in the current Audit Committee charter, that states the Audit Committee is required to approve all audit and non-audit accounting-related services. The Audit Committee has pre-approved services to be requested from time to time by the Company's Chief Executive Officer and Chief Financial Officer only on accounting matters that do not exceed \$5,000 on any one occasion or \$25,000 per year; provided, that the Company's Chief Financial Officer must report to the Audit Committee on the provision of such services at the Audit Committee meeting held immediately thereafter. The Audit Committee pre-approved all of the non-audit services described above for which Grant Thornton LLP billed the Company fees in excess of the relevant thresholds.

The Company's Audit Committee has considered whether provision of the above non-audit services is compatible with maintaining Grant Thornton LLP's independence and has determined that such services have not adversely affected Grant Thornton LLP's independence.

VOTE REQUIRED

The Board recommends that you vote **FOR** the ratification of Grant Thornton LLP as the independent registered public accounting firm for the Company. Ratification of Grant Thornton LLP requires the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting, provided that such majority must be greater than 25% of the Company's outstanding shares.

AUDIT COMMITTEE REPORT

- (3) reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, and discussed with the independent auditors any relationships that may impact their objectivity and independence.
