**Safe Harbor Statement**

The exhibits attached to this Form 6-K contain forward-looking statements. We may from time to time make forward-looking statements in our periodic reports filed with or furnished to the United States Securities and Exchange Commission on Forms 20-F and 6-K, in our annual reports to shareholders, in offering circulars, invitation memoranda and prospectuses, in media releases and other written materials and in oral statements made by our officers, directors or employees to analysts, institutional investors, lenders and potential lenders, representatives of the media and others. Examples of forward-looking statements include:

expectations about the timing and amount of payments to the Asbestos Injuries Compensation Fund (AICF), a special purpose fund for the compensation of proven asbestos-related personal injury and death claims;

expectations concerning the costs associated with the suspension of operations at our Blandon, Pennsylvania and Plant City, Florida plants;

statements as to the possible consequences of proceedings brought against us and certain of our former directors and officers by the Australian Securities and Investments Commission;

statements regarding tax liabilities and related proceedings;

expectations that our credit facilities will be extended or renewed;

projections of our operating results or financial condition;

statements regarding our plans, objectives or goals, including those relating to competition, acquisitions, dispositions and our products;

statements about our future performance; and

statements about product or environmental liabilities.

Words such as believe, anticipate, plan, expect, intend, target, estimate, project, predict, forecast, aim and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements.

Forward-looking statements involve inherent risks and uncertainties. We caution you that a number of important factors could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors, some of which are discussed under Risk Factors beginning on page 6 of our Form 20-F filed on 6 July 2007 with the Securities and Exchange Commission, include but are not limited to: all matters relating to or arising out of the prior manufacture of products that contained asbestos by current and former James Hardie subsidiaries; required contributions to the AICF and the effect of foreign exchange on the amount recorded in our financial statements as an asbestos liability; compliance with and changes in tax laws and treatments; competition and product pricing in the markets in which we operate; the consequences of product failures or defects; exposure to environmental, asbestos or other legal proceedings; general economic and market conditions; the supply and cost of raw materials; the success of our research and development efforts; our reliance on a small number of product customers; compliance with and changes in environmental and health and safety laws; risks of conducting business internationally; compliance with and changes in laws and regulations; foreign exchange risks and the effect of natural disasters. We caution you that the foregoing list of factors is not exhaustive and that other risks and uncertainties may cause actual results to differ materially from those in forward-looking statements.

Forward-looking statements speak only as of the date they are made.
