Table of Contents

ABLEST INC.
Notes to Condensed Financial Statements
(Unaudited)

- In the opinion of Ablest Inc. (the Company) management, the accompanying condensed financial statements contain all normal recurring adjustments necessary to fairly present the Company's financial position as of September 29, 2002 and the results of its operations and cash flows for the thirty-nine week periods ended September 29, 2002 and September 30, 2001.
- The results of operations for the thirteen week period and thirty-nine week period ended September 29, 2002 is not necessarily indicative of the results to be expected for the full year.

The condensed financial statements, including the condensed balance sheet as of December 30, 2001 (which has been derived from audited financial statements at that date) are presented in accordance with the requirements of form 10Q and consequently may not include all disclosures normally required by generally accepted accounting principles or those normally made in an annual report on form 10K. These interim condensed financial statements are unaudited and should be read in conjunction with the audited financial statements and footnotes included in form 10K.

There has been no significant change in accounting policy of the Company during the periods presented except as noted herein under Note 6 to these Notes to Condensed Financial Statements. For a description of all policies, refer to Note 1 of the Notes to Financial Statements as included in the Company's 2001 Annual Report.

Certain reclassifications have been made to prior year balances, to conform to current period classifications.

- Stockholders' Equity.* The changes in stockholders' equity for the thirty-nine week period ended September 29, 2002 are summarized as follows (in thousands, except shares):

	Common Stock	Additional Paid-in Capital	Retained Earnings	Treasure Stock Shares	Treasure Stock Amount	Unearned Restricted Stock	Receivable Stock sale	Total Stockholder's Equity
Balance at December 30, 2001	\$ 165	\$ 4,936	\$ 11,048	387,239	\$(1,756)	\$(108)	\$ (22)	\$ 14,263
Net income			604					604
Stock compensation awards						71		71
Stock repurchase program				27,956	(124)			(124)
Balance at September 29, 2002	\$ 165	\$ 4,936	\$ 11,652	415,195	\$(1,880)	\$ (37)	\$ (22)	\$ 14,814

- Stock Options.* There were no stock options issued during the current fiscal quarter. For the Company's second fiscal quarter ended June 30, 2002, options to purchase 6,000 shares of common stock of the Company were granted upon the re-election of the independent directors to the Company's board of directors as per the terms of the Company's Independent Directors' Stock Option Plan. The options were granted and are exercisable at the closing market rate on May 23, 2002, the date of the Company's annual meeting of shareholders. Options become 100% vested one year from the date of grant. At September 29, 2002 the Company had exercisable options outstanding to independent directors and former employees to purchase 54,408 common shares at prices ranging from \$4.60 to \$7.71 per share. The effect of unexercised stock options determined under the treasury method was anti-dilutive for all periods presented.

5. *Industry Segments.* The Company's sole business is in providing staffing services on a temporary and contract basis. Management of the Company views its operations as having two operating segments: Commercial staffing services, consisting mostly of clerical and light industrial staffing services and information technology staffing services, consisting mostly of programmers and systems documentation services. Staffing services for both segments are provided throughout the eastern United States and select southwestern U.S. markets.

Operating segment data as of and for the thirteen week periods and the thirty-nine week periods ended September 29, 2002 and September 30, 2001, respectively, are provided below.

(in thousands)	Thirteen week period ended September 29, 2002	Thirteen week period ended September 30, 2001	Thirty-nine week period ended September 29, 2002	Thirty-nine week period ended September 30, 2001
Commercial Staffing Services:				
Net service revenues	\$27,806	20,588	68,901	57,529
Cost of services	22,871	16,409	56,488	45,715
Gross profit	4,935	4,179	12,413	11,814
Selling, general & administrative	2,979	3,021	8,294	9,326
Operating income	1,956	1,158	4,119	2,488
Trade receivables	\$12,633	10,941		
Information Technology Staffing Services:				
Net service revenues	\$ 1,481	2,226	5,847	8,152
Cost of services	1,135	1,736	4,546	6,383
Gross profit	346	490	1,301	1,769
Selling, general & administrative	233	444	878	1,602
Operating income	113	46	423	167
Amortization		55		238
Trade receivables	\$ 519	1,224		
Unallocated corporate expenses	\$ 1,267	1,261	3,903	3,853

Operating income on these segment statements differ from the operating income reported on the Condensed Statements of Operations because it does not include some corporate expenses. These corporate expenses include costs associated with providing executive, administrative, information technology and human resource services to field operations. These costs are not allocated for segment purposes but have been fully charged to continuing operations in the Condensed Statements of Operations.

6. *New Accounting Pronouncements.* In July 2001, the Financial Accounting Standards Board (SFAS) issued Financial Accounting Standards No. 142 (SFAS No. 142), *Goodwill and Other Intangible Assets*. Under SFAS No. 142, goodwill and indefinite lived intangible assets are no longer amortized but are reviewed at least annually for impairment. At September 29, 2002, the Company did not have indefinite lived intangible assets other than goodwill and did not have any intangible assets with definite lives. The Company has adopted SFAS No. 142 effective December 31, 2001, the first day of fiscal 2002. SFAS No. 142 prescribes a two-phase process for impairment testing of goodwill. The first phase, required to be completed by June 30, 2002, screens for impairment; while the second phase (if necessary), required to be completed by December 29, 2002, measures the impairment. The Company completed its first phase impairment analysis during the first fiscal quarter of 2002 and found no instances of impairment of its recorded goodwill; accordingly, the second testing phase, absent future indicators of impairment, is not necessary during 2002.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF THE
RESULTS OF OPERATIONS AND FINANCIAL CONDITION**

Statements made in this discussion, other than those concerning historical information, should be considered forward-looking and subject to certain risks and uncertainties that could cause actual results to differ materially from those anticipated. This notice is intended to take advantage of the safe harbor provided by the Private Securities Litigation Reform Act of 1995 with respect to such forward-looking statements. Risks and uncertainties include, but are not limited to, hiring and maintaining qualified employees, legislative and judicial reforms which could increase the cost of our services to our customers and make the use of staffing service providers less beneficial, the proper functioning of our management information systems and the continuing economic recession.

On January 1, 2001, the Company's subsidiaries Ablest Service Corp. (a Delaware corporation), Milestone Technologies, Inc. (an Arizona corporation) and PLP Corp. (an Alabama corporation) were formally merged into Ablest Inc. (a Delaware corporation), to form a single operating company under the Ablest Inc. name. The outstanding shares of the merging corporations were cancelled and no shares of Ablest Inc. were issued in exchange. The outstanding shares of Ablest Inc. remain outstanding and were not affected by the merger.

For the past two years, the Company has reported the March 2000 sale of its industrial maintenance operations and associated reserves as separate line items on its financial statements, referenced as discontinued operations. Effective with fiscal year 2002, the Company no longer reports discontinued operations as a separate line item but includes the remaining reserves in the various line items that they pertain to. Applicable balances on the fiscal 2001 financial statements have been reclassified to provide for a comparative basis.

Results of Operations:

Service revenues for the third quarter of fiscal 2002 increased to \$29.3 million from \$22.8 million in 2001. Year to date service revenues were \$74.7 million compared to \$65.7 million in the prior year. Revenues in the commercial staffing services segment improved to \$27.8 million from \$20.6 million for the current quarter and to \$68.9 million from \$57.5 million for the year to date period. The change in commercial staffing revenues was mainly attributable to increased business from the Company's industrial customers. However, improvement in clerical business also

Table of Contents

Results of Operations (continued):

contributed to the positive results in the current quarter. The growth has been broad based and realized throughout most of the Company's geographic locations.

Service revenues in the Company's information technology staffing services segment declined to \$1.5 million from \$2.2 million for the current quarter and to \$5.8 million from \$8.2 million for the year to date period. The information technology staffing services segment continues to feel the effect of the slow down in the United States economy and an overall decline in the information technology industry. Also contributing to this decline was the loss of a high volume, low gross margin customer in the fourth quarter of the prior year.

Gross profit for the second quarter of 2002 increased to \$5.3 million from \$4.7 million in 2001. Year to date gross profit increased to \$13.7 million from \$13.6 million in 2001. Gross margin for the current quarter declined to 18.0% from 20.4% in 2001 and to 18.3% from 20.7% for the comparative year to date periods. Gross profit in the commercial staffing services segment increased to \$4.9 million from \$4.1 million during the current quarter and to \$12.4 million from \$11.7 million for the year to date period. Gross margin for commercial staffing declined to 17.7% from 19.9% and to 18.0% from 20.4% for the respective quarter and year to date periods. The decline in gross margin is the result of increased competition forcing downward pressure on pricing to secure business with the industrial customers noted earlier.

Gross profit in the Company's information technology staffing services segment decreased to \$346,000 from \$490,000 during the current quarter and to \$1.3 million from \$1.8 million year to date, compared to the same periods one year earlier. Gross margin increased to 23.4% from 22.0% and to 22.3% from 21.7% for the respective quarter and year to date periods. The decline in gross profit is attributed to reduced service revenues while the change in gross margin is being driven by the loss of the major customer noted previously, who was serviced at lower margins.

Selling, general and administrative expenses, exclusive of amortization expense, declined to \$4.5 million from \$4.7 million for the current quarter and to \$13.1 million from \$14.8 million for the year to date period, compared to one year earlier. Contributing to this decrease was the closing of seven field offices in the prior fiscal year and cost reductions in the Company's information technology staffing services offices. Additionally, amortization expense decreased by \$55,000 and \$238,000 for the current quarter and year to date period, respectively, due to the Company's adoption of SFAS 142 at the beginning of the current year. Under SFAS 142, goodwill and indefinite lived intangible assets are no longer amortized but are reviewed at least annually for impairment. SFAS 142 prescribes a two-phase process for impairment testing of goodwill. The first phase, which screens for impairment, is required to be completed by June 30, 2002; the second phase, if necessary, measures the impairment and is to be completed by the end of the Company's current fiscal year. The Company completed its first phase testing during the first quarter and found no instances of impairment of its recorded goodwill; accordingly, the second phase testing, absent future indicators of impairment, is not necessary during 2002.

Other income, net equaled \$4,000 for the current quarter compared to a net expense of \$54,000 for the same period, one year earlier. For the current quarter interest expense, net equaled \$20,000 and was offset by a refund of \$24,000 from the Pension Benefit Guarantee Corp. (PBGC) relating to the termination of the Company's Defined Benefit Pension Plans in 2001. Other income, net for the year to date period equaled \$44,000 and is comprised of interest income of \$53,000, which consists of interest on a refund from the Internal Revenue Service for 1998 that was received in the first quarter plus interest from the overnight investment of surplus funds, interest expense of \$30,000 relating to our line of credit borrowings and the PBGC refund noted earlier.

The effective tax rate is 34.7% for the current quarter and 41.0% for the year to date period. During the current fiscal quarter, the Company revised its estimated taxable income for the year, which changed its effective tax rate. The revised effective tax rate was then used for the year to date earnings and the change reflected in the current quarter. The year to date tax expense reported includes a refund of \$201,000 for the Company's 1998 amended federal income tax return that was received in the first quarter and is not included in determining the respective effective tax rate.

Table of Contents

Liquidity and Capital Resources:

The following financial information is provided as of a balance sheet date of September 29, 2002.

The quick ratio was 2.6 to 1 and 3.4 to 1 at September 29, 2002 and December 30, 2001, respectively. The current ratio was 2.9 to 1 compared to 4.0 to 1, for the same respective periods. Net working capital increased by \$1.0 million during the current year. Contributing to the increase was an increase in cash of \$500,000, accounts receivable of \$2.8 million and prepaid expenses of \$100,000. These increases in working capital were partially offset by increases in accrued expenses of \$2.0 million and an increase in accounts payable of \$300,000. The increases in cash, accounts receivable, accrued expenses and accounts payable are the result of the increased revenue being generated in the current period. The increase in prepaid expenses is the result of the renewal of the Company's insurance program at the beginning of the fiscal year. Reference should be made to the Statement of Cash Flows, which details the sources and uses of cash.

Capital expenditures were \$26,000 during the current quarter and were used mainly for the purchase of computer hardware, software and consulting services.

Open credit commitments at September 29, 2002 were \$5.0 million. The Company maintains a Standard LIBOR Grid Note Agreement (LIBOR Agreement). The LIBOR Agreement allows borrowing for general corporate needs of up to \$5.0 million with interest calculated at the bank's then prime lending rate or, at the Company's option, using a formula which adds 250 basis points or 2.5% to the 30, 60 or 90 day London Interbank Offered Rate. The LIBOR Agreement is a one-year demand note that expires on July 22, 2003 and is renewable annually thereafter with the consent of both parties. The LIBOR Agreement does not contain working capital or other financial covenants. However, since the Company must repay any borrowings under the LIBOR Agreement on demand, there is no guarantee that the Company will be able to maintain or obtain the desired funding if, for any reason, the financial institution does not wish to continue to extend credit to the Company. At the current time, given the Company's financial condition, the nature of its business which does not require attainment or maintenance of high levels of working capital and its historical relationship with the financial institution, the Company believes that it will be able to borrow required funds under the LIBOR Agreement. If, however, the financial institution were to demand repayment of the borrowings (or decline to provide funding) under the LIBOR Agreement for any reason, the Company would be in the position of having to secure, from other sources, funding to finance its working capital requirements. Such new sources could require commitment fees, financial covenants and other conditions, taking into consideration such factors as the health of the national economy, staffing industry performance and trends, and the Company's financial condition, performance and prospects. In such event, there is no guarantee that the Company would be able to secure such funding on favorable terms.

It is anticipated that existing funds, cash flows from operations and available borrowings will be sufficient to cover working capital requirements and capital expenditures for the remainder of fiscal 2002.

Quantitative and Qualitative Disclosure About Market Risk

The Company, in the normal course of business, has exposure to interest rate risk from its line of credit agreement. The Company does not believe that its exposure to fluctuations in interest rates is material. A 10% change in the interest rate utilized on its line of credit borrowings would have produced less than \$1,000 in additional interest expense for the year to date period ending September 29, 2002.

Due to the immateriality of the above noted market risk, the Company has decided not to utilize any form of financial instrument as a hedge against this risk.

Controls and Procedures

The Company's management is responsible for the preparation, integrity and objectivity of the financial statements and other information presented in this report. The financial statements of the Company have been prepared in accordance with generally accepted accounting principals and reflect certain estimates and adjustments by management. The Company's management maintains a system of internal accounting controls and disclosure controls and procedures which management believes provide reasonable assurance that the transactions are properly recorded

Table of Contents

Controls and Procedures (continued).

and the Company's assets are protected from loss or unauthorized use.

The integrity of the accounting and disclosure systems are based on written policies and procedures, the careful selection and training of qualified financial personnel, a program of internal controls and direct management review. The Company's disclosure control systems and procedures are designed to ensure timely collection and evaluation of information subject to disclosure, to ensure the selection of appropriate accounting policies and to ensure compliance with the Company's accounting policies and procedures. The Audit Committee is composed solely of independent directors and meets periodically with the independent auditors, management and the internal auditors to discuss accounting, financial reporting, auditing and internal auditing matters. Both the internal and independent auditors have direct and private access to the Audit Committee.

In September and October 2002 an evaluation was carried out under the supervision and with the participation of the Company's management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the disclosure controls and procedures (as defined in Rule 13a-14(c) under the securities Exchange Act of 1934). Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the design and operation of these disclosure controls and procedures are effective. No significant changes were made in the Company's internal controls or in the other factors that could significantly affect these controls subsequent to the date on their evaluation and there were no corrective actions with regard to significant deficiencies or material weaknesses.

CERTIFICATIONS

I, W. David Foster, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Ablest Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the Evaluation Date); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
