PROXY STATEMENT
FOR THE
2003 ANNUAL MEETING OF SHAREOWNERS

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at our annual meeting of shareowners, which will be held at the Hotel du Pont, 11th and Market Streets, Wilmington, Delaware 19801, on May 8, 2003, at 9:00 a.m. The proxy is solicited by our board of directors. This proxy statement and proxy card are first being sent to our shareowners on or about March 25, 2003.

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card because you own shares of United Parcel Service, Inc. common stock. This proxy statement describes issues on which we would like you to vote at our annual meeting of shareowners. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, vote by telephone or vote using the Internet, you appoint Michael L. Eskew and Joseph R. Moderow as your representatives at the annual meeting. They will vote your shares as you have instructed them in your proxy card at the annual meeting (or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment). This way, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, we encourage you to sign and return your proxy card, vote by telephone or vote using the Internet in advance of the annual meeting.

Who is entitled to vote?

Holders of our class A common stock and our class B common stock on the close of business on March 10, 2003 are entitled to vote. March 10, 2003 is referred to as the record date.

In accordance with Delaware law, a list of shareowners entitled to vote at the meeting will be available in electronic form at the place of the annual meeting on May 8, 2003 and will be accessible in electronic form for 10 days prior to the meeting at our principal place of business, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328, between the hours of 9:00 a.m. and 5:00 p.m.

To how many votes is each share of common stock entitled?

Holders of class A common stock are entitled to ten votes per share. Holders of class B common stock are entitled to one vote per share. On the record date, there were 622,702,634 shares of our class A common stock and 499,578,622 shares of our class B common stock outstanding and entitled to vote.

The voting rights of any shareowner or shareowners as a group, other than any of our employee benefit plans, that beneficially own shares representing more than 25% of our voting power are limited so that the shareowner or group may cast only one one-hundredth of a vote with respect to each vote in excess of 25% of the outstanding voting power.

How do I vote?

Shareowners of record may vote by mail, by telephone or by using the Internet as described below. Shareowners also may attend the meeting and vote in person. If you hold class B shares through a bank or

broker, please refer to your proxy card or the information forwarded by your bank or broker to see which options are available to you.

You may vote by mail. If you choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope provided.

You may vote by telephone. You may vote by calling the toll-free telephone number noted on your proxy card. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 7, 2003. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate shareowners by using individual control numbers. If you vote by telephone, you do not need to return your proxy card.

You may vote by using the Internet. You also may vote by using the Internet. The address of the web site for Internet voting is www.proxyvote.com. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 7, 2003. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote by using the Internet, you do not need to return your proxy card.

The method you use to vote will not limit your right to vote at the annual meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the annual meeting. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the annual meeting.

How many votes do you need to hold the annual meeting?

Shares are counted as present at the annual meeting if the shareowner either is present and votes in person at the annual meeting or properly has submitted a proxy by mail, by telephone or by using the Internet.

As of the record date, 622,702,634 shares of our class A common stock and 499,578,622 shares of our class B common stock were outstanding and are entitled to vote at the annual meeting. Shares representing a majority of our issued and outstanding common stock as of the record date must be present at the annual meeting either in person or by proxy and entitled to vote at the meeting in order to hold the annual meeting and conduct business. This is called a quorum.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the annual meeting. You may do this by:

sending written notice of revocation to our Corporate Secretary at 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328;

submitting a subsequent proxy by mail, telephone or Internet with a later date; or

voting in person at the annual meeting.

Attendance at the meeting will not by itself revoke a proxy.

On what items am I voting?

You are being asked to vote on two items:

the election of a board of directors to serve until our 2004 annual meeting of shareowners; and

the ratification of the appointment of Deloitte & Touche LLP, independent auditors, as our auditors for the year ending December 31, 2003.

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

How may I vote for the nominees for election of director, and how many votes must the nominees receive to be elected?

With respect to the election of nominees for director, you may:

vote FOR the election of the 12 nominees for director;

WITHHOLD AUTHORITY to vote for one or more of the nominees and vote FOR the remaining nominees; or

WITHHOLD AUTHORITY to vote for the 12 nominees.

The 12 nominees receiving the highest number of affirmative votes will be elected as directors. This number is called a plurality. Accordingly, a vote withheld from a nominee for director has the same effect as a vote against the nominee.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. If the board designates a substitute nominee, shares represented by proxies voted for the nominees named in this proxy statement will be voted for the substitute nominee.

How may I vote for the ratification of the appointment of our auditors, and how many votes must the proposal receive to pass?

With respect to the proposal to ratify the appointment of our auditors, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

The ratification of the appointment of our auditors must receive the affirmative vote of a majority of the shares present at the annual meeting either in person or by proxy and entitled to vote at the annual meeting to pass. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

How does the board of directors recommend that I vote?

The board recommends a vote FOR all 12 director nominees and FOR the ratification of the appointment of our auditors.

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed card but do not provide voting instructions, your shares will be voted FOR all 12 director nominees and FOR the ratification of the appointment of our auditors.

Will my shares be voted if I do not sign and return my proxy card, vote by telephone or vote by using the Internet?

If you own class A shares and you do not sign and return your proxy card, vote by telephone or vote by using the Internet, then your class A shares will not be voted and will not count in deciding the matters presented for shareowner consideration in this proxy statement.

If your class A shares are held pursuant to the UPS Qualified Stock Ownership Plan and Trust and you do not sign and return voting instructions, the trustee will vote your shares for the election of the nominees for director and for each other proposal in the same proportion as the shares held pursuant to that plan for which voting instructions were received. If your class A shares are held pursuant to the First International Bancorp, Inc. 401(k) Plan and you do not sign and return voting instructions, the trustee will vote your shares for the election of the

nominees for director and for each other proposal in the same proportion as the shares held

pursuant to that plan for which voting instructions were received. If your class A shares are held pursuant to the Fritz Companies, Inc. Salary Investment and Retirement Plan and you do not sign and return voting instructions, your shares will not be voted.

If your class B shares are held in street name through a bank or broker, your bank or broker may vote your class B shares under certain circumstances if you do not provide voting instructions before the annual meeting in accordance with New York Stock Exchange rules that govern the banks and brokers. These circumstances include routine matters, such as the election of directors and ratification of the appointment of our auditors described in this proxy statement. Therefore, if you do not vote your shares, your bank or broker may either vote your shares on these routine matters, or leave your shares unvoted.

Can I receive future proxy materials and annual reports electronically?

Yes. This proxy statement and the 2002 Annual Report to Shareowners are available on our Internet site at www.ups.com. Instead of receiving paper copies in the mail, shareowners can elect to receive an e-mail that provides a link to our future annual reports and proxy materials on the Internet. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and will give you an automatic link to the proxy voting site.

If you are a shareowner of record and wish to enroll in the electronic proxy delivery service, you may do so by going to www.icsdelivery.com/ups and following the prompts.

- (2) Represents shares of class A common stock subject to options granted under the UPS 1996 Stock Option Plan and the United Parcel Service, Inc. Incentive Compensation Plan.
- (3) This number is calculated by subtracting the option exercise price from the closing price of our class B common stock on December 31, 2002 (\$63.08) to get the average value per option, and multiplying the average value per option by the number of unexercised options. The amounts in this column may not represent amounts that actually can be realized.

Retirement Plans

The following table shows the estimated annual retirement benefit payable on a single-life-only annuity basis to participating employees, including our named executive officers, under the UPS Retirement Plan and UPS Excess Coordinating Benefit Plan upon retirement, assumed to occur at age 65. The compensation upon which the benefits are summarized in the table above includes salary and bonuses awarded under the United Parcel Service, Inc. Incentive Compensation Plan. The average final compensation for each participant in the plans is the average covered compensation of the participant during the five highest consecutive years out of the last ten full calendar years of service.

Benefits payable under the UPS Retirement Plan are subject to the maximum compensation limits and the annual benefit limits for a tax qualified defined benefit plan as prescribed and adjusted from time to time by the Internal Revenue Service. Amounts exceeding these limits will be paid pursuant to the UPS Excess Coordinating Benefit Plan. Under this plan, participants may choose to receive the benefit in the form of a life annuity, cash lump sum or life insurance with a cash value up to 100% of the present value of the benefit.

As of December 31, 2002, estimated or actual credited years of service under the plans to our named executive officers were as follows: Mike Eskew 31, Cal Darden 31, Joe Moderow 32, Lea Soupata 33 and Tom Weidemeyer 31.

The plans permit participants with 25 or more years of benefit service to retire as early as age 55 with only a limited reduction, or no reduction, in the amount of their monthly benefits. Prior to January 1, 2001, the plans limited credit years of service to 35.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the board of directors has responsibility for determining the salary of the Chief Executive Officer, and for approving the salaries of all other executive officers after the Chief Executive Officer's recommendation. The Committee also determines the eligibility and levels of participation of executive officers under the United Parcel Service, Inc. Incentive Compensation Plan. The compensation department of the Human Resources group and independent compensation consultants assist the Committee.

One of UPS's most important compensation policies is the historical focus on the manager-owner concept, which has played a central role in UPS's success. Throughout its history, UPS has been owned by its employees and managed by its owners. To achieve this objective, compensation plans such as the UPS Managers Incentive Plan, the UPS 1996 Stock Option Plan, UPS Qualified Stock Ownership Plan, UPS Discounted Employee Stock Purchase Plan and the United Parcel Service, Inc. Incentive Compensation Plan have facilitated stock ownership by management employees.

UPS has a long-standing policy of promotion from within, wherever possible, which has significantly reduced, relative to other companies, the need to externally hire managers and executive officers. To a high degree, employees who have spent virtually their entire careers with UPS comprise the overall management organization.

These policies have influenced strongly executive compensation. The named executive officers are long-term employees, each with 30 or more years of service. Because plans are designed to foster stock ownership by managers, each executive officer has accumulated a meaningful number of shares of UPS common stock. As a result, the interests of shareowners and our executive officers are closely aligned, and the executive officers have strong incentives to provide for our effective management. In the case of the named executive officers, annual appreciation derived from stock ownership, dividends, stock options and management incentive awards granted in the form of UPS stock generally exceeds direct cash compensation. Of the forms of compensation in use, management incentive awards granted in the form of UPS stock are most directly keyed to corporate performance because the aggregate amount available for distribution is based on profits.

With respect to cash compensation, the Committee reviews data received directly from consultants concerning compensation for comparable positions at companies that have similar revenues, irrespective of the financial performance of those companies. The 2002 compensation of each executive officer, including that of the Chief Executive Officer, generally was less than median compensation levels at similarly sized companies. The companies used for executive compensation comparisons are not limited to the companies that comprise the S&P 500 Index and the Dow Jones Transport Average used in the shareowner return performance graph contained in our proxy statement.

To determine the appropriate Chief Executive Officer compensation and approve the appropriate compensation of each executive officer, the Committee exercises its judgment based on considerations including overall responsibilities and the importance of these responsibilities to UPS's success, experience and ability, past short-term and long-term job performance and salary history. A significant factor in determining annual salary increases is the Committee's strong desire to keep the salary levels of executive officers equitable in comparison with the salaries of other executives with similar responsibilities at comparable companies and when compared to the salaries of other UPS management positions. The Committee places a strong emphasis on teamwork, so annual base salaries are not solely dependent on objective, corporate performance standards for any executive officer.

The Committee recommended and the Board approved a base salary increase during 2002 for Mike Eskew that reflected Mike's strategic vision and leadership, UPS's business and operational results, and Mike's ability to position UPS as the premier enabler of global commerce. The Committee did not assign particular weights to these factors.

Management incentive awards granted in the form of UPS stock under the United Parcel Service, Inc. Incentive Compensation Plan are determined by a formula that takes into consideration profits, monthly salary, the number of participants and the level of participation. The level of participation for the Chief

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Executive Officer and executive officers is the same as for approximately 11,000 participating employees at or above the center manager level.

Options granted under the United Parcel Service, Inc. Incentive Compensation Plan are long-term options intended to promote continuity of employment and to provide an additional opportunity for stock ownership. Generally, eligible employees include division managers, district department managers and others having equivalent or greater responsibilities. The number of options granted is based on salary and level of participation.

Section 162(m) of the Internal Revenue Code makes compensation paid to certain executives in amounts in excess of \$1 million not deductible unless the compensation is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exemptions. The Committee has not adopted a policy that all compensation be deductible under Section 162(m) in order to preserve the Committee's flexibility to compensate executive officers.

Committee Chair's Meeting Fee	\$ 4,000
Committee Member's Meeting Fee	\$ 2,500

Stock Option Grant	Yes
Reimbursement for Expenses Related to Board Membership	Yes

Committee chairs receive a minimum annual meeting fee of \$8,000, and other committee members receive a minimum annual meeting fee of \$5,000.

In February 2003, we granted to each non-employee director 429 performance shares.

In April 2002, we granted each non-employee director options to purchase 1,334 shares of UPS class A common stock.

We established a retirement plan in February 1991 that provided retirement and disability benefits for directors who were neither employees nor former employees. Effective January 1, 1997, our board discontinued this plan and instead increased the options that non-employee directors were eligible to receive under the UPS 1996 Stock Option Plan. At the discretion of our board of directors, non-employee directors may now receive grants of options and performance shares.

To satisfy the obligations accrued under this discontinued retirement plan, our board of directors allocated to Bill Brown, Gary MacDougal, Vic Pelson and Bob Teeter dollar amounts that appreciate or depreciate in tandem with the changes in the share price of our common stock, inclusive of dividends. At the time each director ceases to serve on our board, he may elect to have the account balance track the performance of selected investments, and the total value of his account will be payable to him, or his designated beneficiary, at his option, in a lump sum, in annual payments over five years or in annual payments over ten years. The value of these accounts at December 31, 2002 was as follows: Bill Brown \$1,534,787; Gary MacDougal \$1,534,787; Vic Pelson \$767,394; Bob Teeter \$767,394.

Non-employee directors also have the option of deferring some or all of the fees and/or retainer payable in connection with their services on our board. Deferred amounts track the performance of investments selected by each non-employee director, although no funds are set aside or invested. At the time a participating non-employee director ceases to be a director, the total value of the non-employee director's account will be payable to him or her, or his or her designated beneficiary, at his or her election, in a lump sum, in monthly payments over five years or in monthly payments over ten years.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Vic Pelson, Ann Livermore and Bob Teeter were members of the Compensation Committee of our board of directors during 2002. Gary MacDougal became a member of the Compensation Committee, replacing Ann Livermore, during 2003. None of these directors are employees or former employees of UPS. None of the members of the Compensation Committee has any direct or indirect material interest in or relationship with us outside of his or her position as a non-employee director. None of our executive officers serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers who serves on our board of directors or Compensation Committee.

SHAREOWNER RETURN PERFORMANCE GRAPH

The following graph shows a five-year comparison, prepared in accordance with the rules of the Securities and Exchange Commission, of cumulative total shareowners' returns for our common stock, the S&P 500 Index and the Dow Jones Transport Average. The comparison of the total cumulative return on investment, which is the change in the quarterly stock price plus reinvested dividends for each of the quarterly periods, assumes that \$100 was invested on December 31, 1997 in the S&P 500 Index, the Dow Jones Transport Average and the common stock of United Parcel Service of America, Inc. (each share of which was converted into two shares of class A common stock of United Parcel Service, Inc. in November 1999). Although there is no public market for our class A common stock, it is convertible on a one-for-one basis into our class B common stock, which trades on the New York Stock Exchange under the symbol UPS. The graph below assumes that our class A shares and class B shares have the same value.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own beneficially more than 10% of either our class A or class B common stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file with the SEC. Except as described below, to our knowledge, each of our directors and executive officers complied during 2002 with all applicable Section 16(a) filing requirements.

In addition, and also due to our own error, several of our directors and executive officers reported late one or more acquisitions resulting from reinvestment of dividends paid on phantom stock units. These directors and officers, and the number of acquisitions, are as follows: John Beystehner (two), Bill Brown (two), Cal Darden (two), Scott Davis (two), Mike Eskew (two), Jim Kelly (two), Ann Livermore (two), Gary MacDougal (four), Chris Mahoney (six), Joe Moderow (two), Vic Pelson (four), Joe Pyne (two), Lea Soupata (two), Bob Teeter (four), John Thompson (five), Ron Wallace (six) and Tom Weidemeyer (two).

SOLICITATION OF PROXIES

We will pay our costs of soliciting proxies. Directors, officers and other employees may solicit proxies by mail, in person or by telecommunication. We have engaged Automatic Data Processing and Georgeson Shareholder Services to assist us in the proxy distribution and solicitation process and will pay these firms approximately \$15,000 each for their services. We will not pay any additional compensation, except reimbursement for actual expenses, for this solicitation. We will reimburse brokers, fiduciaries, custodians and other nominees for out-of-pocket expenses incurred in sending our proxy materials to, and obtaining instructions relating to the proxy materials from, beneficial owners.

HOUSEHOLDING

In 2001, we adopted a new procedure approved by the SEC called householding. Under this procedure, multiple shareowners who share the same last name and address and do not participate in electronic delivery will receive only one copy of the annual proxy materials, unless they notify us that they wish to continue receiving multiple copies. We have undertaken householding to reduce our printing costs and postage fees.

If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of proxy materials, which typically are mailed in March of each year, by notifying us in writing or by telephone at: UPS Investor Relations, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328, (404) 828-6059. You also may request additional copies of the proxy materials by notifying us in writing or by telephone at the same address or telephone number.

If you share an address with another shareowner and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above-referenced address or telephone number.

OTHER BUSINESS

Our board of directors is not aware of any business to be conducted at the annual meeting of shareowners other than the proposals described in this proxy statement. Should any other matter requiring a vote of the shareowners arise, the persons named in the accompanying proxy card will vote in accordance with their best judgment.

Under our bylaws and SEC regulations, any shareowner proposals or director nominations for the 2004 annual meeting of shareowners must be received by our Corporate Secretary not later than November 26, 2003, and proxies may not exercise their discretionary voting authority with respect to shareowner proposals that were timely received.

A copy of our 2002 annual report on Form 10-K, including financial statements, as filed with the SEC, may be obtained without charge upon written request to: Corporate Secretary, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328.

UNITED PARCEL SERVICE, INC.

CORPORATE GOVERNANCE GUIDELINES

The Company's shareowners elect the Board of Directors. The Board establishes policy for the Company and provides oversight to the Company's management.

Board Structure

The Company's by-laws provide that the number of directors shall be not less than seven nor more than sixteen.

The Board's membership will include a majority of independent directors. In order to reflect the Company's unique ownership structure, the Board's membership also will include a significant number of management directors.

Definition of Independent Director

The Board's definition of an independent director is one who (a) has been determined affirmatively by the Board to have no material direct or indirect relationship with the Company and (b) meets all other standards of independence set forth by the New York Stock Exchange.

The Board will establish criteria by which to determine whether a director is independent, and annually will determine whether each director is independent.

Board Committees

The Board currently has four committees: Audit; Compensation; Executive; and Nominating and Corporate Governance. From time to time, the Board may provide for other standing or special committees as are necessary to carry out its responsibilities.

Annual Election of Directors

Each director will be elected by the shareowners annually for a one year term.

Board and Chairman and Chief Executive Officer Evaluations

The Board annually will evaluate its own performance and that of the Company's Chairman and Chief Executive Officer. Board evaluations will be administered by the Nominating and Corporate Governance Committee; Chairman and Chief Executive Officer Evaluations will be administered by the Compensation Committee.

Board Interaction with Institutional Investors, the Media and Customers

Management speaks for the Company. Board members may participate from time to time in interaction with the Company's various constituencies at the request and with the knowledge of management.

Board Compensation

A meaningful portion of each director's compensation should be provided in Company stock, stock options or other forms of equity. The Board recognizes that excessive compensation could compromise a director's independence.

It is appropriate for management to report from time to time to the Compensation Committee on the status of Board compensation in relation to other leading U.S. corporations.

The Board has delegated to the Compensation Committee the responsibility to recommend changes, if any, to Board compensation. Any such recommended changes will be discussed and approved by the full Board.

Board Membership Criteria and Selection of New Director Candidates

The Board has delegated to the Nominating and Governance Committee the responsibility for reviewing and recommending nominees for membership on the Board. In its review, the Committee should consider factors such as values and disciplines, ethical standards, age, diversity, background and skills, all in the context of an assessment of the perceived needs of the Board at that point in time.

Each director is expected to ensure that other existing and planned future commitments do not materially interfere with his or her responsibilities as a director.

The invitation to join the Board will be extended by the Chairman and Chief Executive Officer on behalf of the entire Board.

The Board and the Company will have a complete orientation and education process for directors, including background materials, meetings with senior management and visits to Company facilities.

Selection of Chairman and Chief Executive Officer

The Board is responsible for selecting the Company's Chairman and Chief Executive Officer. The Board is free to select a Chairman and Chief Executive Officer any way that is best for the Company at a given point in time.

Former Chairmen and Chief Executive Officers on the Board

The Company's immediate-past Chairman and Chief Executive Officer should continue to serve on the Board, and should be eligible for nomination or election to the Board, following his or her retirement as the Company's Chairman and Chief Executive Officer.

Retirement

A director should not be eligible for nomination or election as a director of the Company after he or she attains the age of 70.

Director Changes in Professional Status

As soon as practicable after any director's retirement or resignation from, or any other significant change in, his or her business or professional roles or responsibilities, he or she should submit his or her resignation as a member of the Board.

Upon the receipt of a director's resignation under these circumstances, the Nominating and Corporate Governance Committee will evaluate the appropriateness of the director's continuing membership on the Board and, based upon this evaluation, recommend to the Board that the director's resignation either be accepted or declined.

Board Access to Senior Management

Directors will have complete access to members of the Company's management as long as contact does not become disruptive to the Company's operations. Selected senior managers may be invited to attend all or part of each Board meeting. Other managers also may be invited to attend Board meetings as appropriate.

Board Agendas and Materials

The Chairman and Chief Executive Officer will establish the agenda for each Board meeting.

Information and data that are important to the Board's understanding of the Company will be distributed to the Board before it meets. Management will distribute materials periodically between meetings to update the Board on the Company's interim operations and results.

Succession Planning and Management Development

The Chairman and Chief Executive Officer, with assistance from the Nominating and Corporate Governance Committee, will report to the full Board periodically on the Company's succession planning and management development efforts.

Meetings of Outside Directors

The outside directors will have the opportunity to meet without management present as frequently as they deem appropriate, and will meet at least two times each year. The Chairman and Chief Executive Officer should be available to them at these sessions.
