NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with instructions to Form 10-QSB and Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments, consisting of normal recurring accruals considered necessary for a fair presentation, have been included. Operating results for the three months ended March 31, 2003 are not necessarily indicative of the results that may be expected for the year ending December 31, 2003. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002.

In order to maintain consistency and comparability between periods presented, certain amounts have been reclassified from the previously reported financial statements in order to conform to the financial statement presentation of the current period.

The consolidated financial statements include *Consulier Engineering, Inc.* (the Company or Consulier), and its wholly-owned subsidiaries, *Consulier Business Services, Inc.*, (CBSI) and *C-6 Products, Inc.* (C-6), as well as *South East Automotive Acquisition Corp.* (South East). All intercompany balances and transactions between the Company and its wholly-owned subsidiaries have been eliminated. The Company sold seventy percent of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for 45,000 shares of the Company's common stock, and a promissory note of approximately \$1,700,000 payable to the Company by Southeast for its pre-existing debt to the Company, secured by Southeast's assets, the common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The note bears interest at 6% and is payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003 through January 20, 2033. The effective date of the sale was subsequent to the close of business on December 31, 2002 and the closing was held on February 5, 2003.

Although the Company will retain a minority interest in Southeast, due to the significant portion of the sales proceeds being in the form of a note receivable collateralized by substantially all assets of Southeast, the Company will continue to account for Southeast as a consolidated subsidiary.

Note 2. Due from Principal Shareholder

Prior to 2001, capital and income distributions from the Company's investment in AVM (see Note 4) were distributed directly from AVM to the Company on a monthly basis. Beginning in 2001 and ending in July 2002, the Company had been advancing its cash distributions from AVM to its principal shareholder. These distributions are included in due from principal shareholder of \$93,986 and \$529,174, respectively, at March 31, 2003 and December 31, 2002 on the consolidated balance sheets.

Item 2. Management's Discussion and Analysis or Plan of Operation

Results of Operations

The following compares the results of operations for the three months ended March 31, 2003 to the three months ended March 31, 2002:

During the quarter ended March 31, 2003, sales increased \$33,000 from the comparable amounts recorded during the quarter ended March 31, 2002, without regard to Southeast Automotive Parts, as discussed below. Net Income for the quarter of 2003 was \$278,663, or \$0.06 per share, compared to \$271,081, or \$0.05 per share, in the first quarter of 2002. Although net income was approximately the same, increase in cost of sales and selling, general and administrative expenses were offset by an increase in other income.

Other income consisting of investment income and interest income/expense increased \$80,517, primarily attributable to a \$298,370 increase in earnings from AVM, offset by the \$24,669 decrease in undistributed income from BioSafe, and an undistributed loss from ST, LLC of \$165,305.

AUTOMOTIVE PARTS DISTRIBUTION Net sales of South East's automotive parts distribution represented 91% and 99% of Consulier's net sales in the first quarters of 2003 and 2002 respectively. Southeast's net sales decreased approximately \$329,352 from \$776,708 in the first quarter of 2003 compared to the first quarter 2002 primarily due to general economic conditions. The automotive parts distribution segment had loss of \$27,646 in the first quarter of 2003, and net income before income taxes of \$95,989 in the first quarter of 2002.

HOUSEHOLD AND TOOL PRODUCTS C-6 incurred a net income of \$12,922 in the first quarter of 2003, compared to a net loss of \$6,276 in the first quarter of 2002.

INVESTMENT IN AVM Investment income from Consulier's AVM limited partnership interest was \$612,778 in the first quarter of 2003, a 95% increase from the comparable 2002 quarter's income of \$314,408. This represents annualized returns of 132% and 61%, respectively, on Consulier's average investment during each quarter.

INVESTMENT IN BIOSAFE Equity in income of BioSafe was \$83,753 in the first quarter of 2003, a 24% decrease from the comparable 2002 quarter's income of \$110,422. This represents the Company's 40% interest in BioSafe's net income of approximately \$214,000 in the first quarter of 2003, compared to \$276,000 in the first quarter of 2002.

INVESTMENT IN ST, LLC Equity in the loss of ST, LLC was \$165,305, in the first quarter of 2003. The company did not own an interest in ST, LLC in the first quarter of 2002.

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

Liquidity and Capital Resources

At March 31, 2003, Consulier's cash totaled \$262,313 as compared to \$262,303 at December 31, 2002. Net cash used by operations was \$175,484 for the first three months of 2003 compared to \$724,522 of net cash used in the first three months of 2002. Net cash provided by investing activities was primarily additional investment in ST, LLC of \$775,000, offset by the net increase of \$216,222 in distributions from AVM.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

During the first quarter of 2003, none of the Company's excess cash funds was advanced to the Company's principal shareholder, under demand receivables.

On April 16, 2002, the Company entered into agreement granting a line of credit of up to \$900,000 to Asset Assistance Group, LLC. The line of credit expired on April 16, 2003.

Future Outlook

Based on AVM's recent operations and operating results over the past five years, management expects continued annualized returns in 2003 on Consulier's limited partnership investment. However, there is no guarantee that the annualized return of 132% in the first quarter of 2003 will be maintained.

The Company has developed a new formula for its Captain Cra-z Hand and All Purpose Soap and is expecting its first delivery of soap based on this formula from its new domestic manufacturer in the second quarter of 2003. Design changes to packaging to better serve the industrial as well as retail markets will be implemented and launched with the new formula.

In addition to the above, Consulier is expanding its sales and marketing department to develop new retail and distribution outlets nationally and internationally. Specifics of the new marketing plan have not been finalized.
