- \* These beneficial ownership calculations include the Class A Common Stock of Orion HealthCorp, Inc. issuable upon conversion of the Class B Common Stock. The calculations assume an initial conversion factor for the Class B Common Stock calculated as described in Item 3. As described more fully in Item 3, the conversion price is subject to change based on the price per share of Class A Common Stock and the interest accrued on the purchase price of the Class B Common Stock at the time of conversion.

The filing person has disclaimed beneficial ownership of certain shares, see Item 5.  
Information given in response to each item shall be deemed incorporated by reference in all other items.

Each of the Minority Partners is organized under the laws of the State of Ohio. Each of the Brantley Principals and the Brantley Capital Management Members is a citizen of the United States.

### **Item 3. Source and Amount of Funds or Other Consideration.**

The shares reported as beneficially owned were acquired pursuant to a series of transactions consummated by the Company on December 15, 2004 (the Closing ) that resulted in a change of control of the Company through the acquisition of three new businesses and issuance of new equity securities in consideration for cash and the contribution of outstanding debt. These transactions included the acquisition by the Company of Integrated Physician Solutions, Inc. ( IPS ). In connection with this acquisition the Company issued Class A Common Stock to stockholders of IPS pursuant to a merger agreement (as amended, the IPS Merger Agreement ). Orion also issued Class A Common Stock to certain holders of the debt of IPS pursuant to a debt exchange agreement (as amended, the Debt Exchange Agreement ).

The transactions included an equity financing in which Orion issued Class B Common Stock, \$0.001 par value per share (the Class B Common Stock ) of the Company to a group of investors, including Brantley IV and Brantley Capital, in consideration for a cash investment in the Company by such investors. In connection with the consummation of the transactions, Orion also refinanced its bank debt and entered into a new credit facility. Brantley IV and Brantley Capital provided guarantees of the Company s new credit facility and received warrants in consideration for such guarantees. As a result of such transactions, Brantley Capital, Brantley III and Brantley IV now collectively own the majority of the voting stock of the Company.

The shares of Class A Common Stock that Brantley III has reported as beneficially owned were acquired (i) by Brantley III exchanging notes in the aggregate principal amount of \$1,271,171.40 for 657,874 shares of Class A Common Stock pursuant to the Debt Exchange Agreement, and (ii) pursuant to the IPS Merger Agreement, as a result of Brantley III s ownership of capital stock of IPS. Brantley IV purchased Class B Common Stock for an aggregate purchase price of \$9,000,000 in cash plus cash in the amount of \$128,350, which

amount equaled the accrued but unpaid interest immediately prior to the Closing owed to a subsidiary of Brantley IV on amounts advanced prior to October 23, 2003 (the Base Bridge Interest Amount ). Brantley Capital purchased Class B Common Stock for an aggregate purchase price of \$2,000,000. The shares of Class A Common Stock Brantley Capital has reported as beneficially owned were acquired (i) by Brantley Capital exchanging notes in the aggregate principal amount of \$1,985,447.60 and \$593,100 of debt in respect of accrued dividends for 981,431 shares of Class A Common Stock pursuant to the Debt Exchange Agreement, and (ii) pursuant to the IPS Merger Agreement, as a result of Brantley Capital's ownership of capital stock of IPS.

All of the shares acquired for cash consideration were acquired with working capital of the acquiring party and no shares were acquired with borrowed funds.

The Class B Common Stock held by Brantley Capital and Brantley IV is convertible into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the conversion. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock less the Base Bridge Interest Amount, plus an amount equal to nine percent (9%) per annum on the amount of the original purchase price less the Base Bridge Interest Amount, without compounding, from the date the Class B Common Stock was first issued to the date of conversion. The conversion factor is calculated based on a number equal to one plus the quotient of the purchase price of the Class B Common Stock less the Base Bridge Interest Amount, plus 9% per annum (not compounded), divided by the fair market value (which is determined by reference to the prices at which Class A Common Stock trades immediately prior to the conversion). Therefore, so long as the Class B Common Stock has not yet received a full return of its purchase price and the accrued amount, if the market value of a share of Class A Common Stock increases, a share of Class B Common Stock will convert into fewer shares of Class A Common Stock, and if the market value of Class A Common Stock shares decreases, a share of Class B Common Stock will convert into more shares of Class A Common Stock. In addition, since the conversion factor is designed to yield additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B common stock plus the accrued amount, assuming everything else remained the same, the number of shares of Class A Common Stock issuable upon conversion of the Class B common Stock would continually increase.

In determining the number of shares of Class A Common Stock attributable to the Reporting Persons as a result of the conversion of Class B Common Stock, an initial conversion factor was used. Such conversion factor is based on the closing market price of the common stock of Orion on the day prior to the Closing (adjusted for the reverse stock split that took place in connection with the Closing) and assumes no accrual.

**Item 4. Purpose of Transaction.**

As a result of the transactions described in Item 3, Brantley Capital, Brantley III and Brantley IV now collectively own the majority of the voting stock of the Company. The shares of Class A Common Stock covered by this Statement are being held for investment purposes. The Reporting Persons may assess the market for the purchase and sale of the Company's common stock, as well as the Company's financial position and operations and retain the right to change their investment intent. Depending upon a continuing assessment and upon future developments and contingent upon any restrictions contained in agreements to which the Reporting Persons are parties, the Reporting Persons may determine, from time to time or at any time, to acquire or to sell or otherwise dispose of some or all of the Class A Common Stock. In making any such determination, the Reporting Persons will consider their goals and objectives, other business opportunities available to them, as well as general economic and stock market conditions.

Pursuant to a Stockholders Agreement, dated as of December 15, 2004 (the "Stockholders Agreement"), filed herewith as Exhibit II, as amended from time to time, each of Brantley III, Brantley IV and Brantley Capital have agreed to cast all votes necessary to elect as members of the board of directors of the Company one director as shall have been nominated by each of Brantley III, Brantley IV and Brantley Capital. Brantley III, Brantley IV and Brantley Capital disclaim that they are part of a "group" by virtue of the Stockholders Agreement for purposes of Section 13(d)(3) of the 1934 Act, and each disclaims beneficial ownership of all securities of the Company held by any other party to the Stockholders Agreement.

Pursuant to the transactions described in Item 3, Brantley IV also received the option to purchase shares of Class A Common Stock for cash in an amount up to an aggregate of \$3 million from time to time after the Closing, subject to the approval of a majority of the unaffiliated members of the board of directors of Orion, at a price equal to the lesser of \$1.25 per share or 70% of the daily average of the high and low trading prices of the Class A Common Stock for the twenty trading days preceding the date of the Closing. Other than as described above and in this Statement, the Reporting Persons do not have any plans or proposals which relate to or would result in any of the following:

- (a) the acquisition by any person of additional securities of the Company, or the disposition of securities of the Company;
- (b) an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Company or any of its subsidiaries;
- (c) a sale or transfer of a material amount of assets of the Company or any of its subsidiaries;
- (d) any change in the present board of directors or management of the Company;
- (e) any material change in the present capitalization or dividend policy of the Company;
- (f) any other material change in the Company's business or corporate structure;

(g) changes in the Company's charter, bylaws, or instruments corresponding thereto or other actions which may impede the acquisition of control of the Company by any person;

(h) causing a class of securities of the Company to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;

(i) a class of equity securities of the Company becoming eligible for termination of registration pursuant to Section 12(g)(4) of the 1934 Act; or

(j) any action similar to any of those enumerated above.

**Item 5. Interest in Securities of the Company.**

(a) As of the date hereof, Brantley III owns a total of 2,321,649 shares of Class A Common Stock, or approximately 27.6% of the outstanding shares based on 8,425,632 shares outstanding (the Outstanding Shares) as of December 15, 2004.

As of the date hereof, Brantley IV beneficially owns a total of 11,098,737 shares of Class A Common Stock consisting of 7,863,996 shares of Class B Common Stock convertible (based on the initial conversion factor described in Item 3, the Initial Conversion Factor) into 11,078,282 shares of Class A Common Stock, and warrants exercisable for 20,455 shares of Class A Common Stock, or approximately 56.8% of the sum of the Outstanding Shares and the shares of Class A Common Stock issuable upon conversion of the Class B Common Stock and the exercise of the warrants. As described in Item 3, Brantley IV may be entitled to additional shares of Class A Common Stock upon conversion of the Class B Common Stock as a result of interest on the purchase price of the Class B Common Stock or reductions in the market price of Class A Common Stock.

As of the date hereof, Brantley III Management may be deemed, in its capacity as general partner of Brantley III, to indirectly beneficially own a total of 2,321,649 shares of Class A Common Stock consisting of 2,321,649 shares of Class A Common Stock, or approximately 27.6% of the Outstanding Shares. Brantley III Management disclaims beneficial ownership of any such shares except to the extent of its pecuniary interest therein.
