**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Trustees

Applica Incorporated 401(k) Profit Sharing Plan and Trust

We have audited the accompanying statements of net assets available for benefits of Applica Incorporated 401(k) Profit Sharing Plan and Trust (the Plan ) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

/s/ KAUFMAN, ROSSIN & CO.

**Table of Contents**

**APPLICA INCORPORATED 401(k) PROFIT SHARING PLAN AND TRUST  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1. DESCRIPTION OF THE PLAN**

The following description of the Applica Incorporated 401(k) Profit Sharing Plan and Trust (the Plan ) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan s provisions. The Plan Sponsor is Applica Incorporated (the Sponsor or the Company ).

***General***

The Plan is a defined contribution plan generally covering all regular full-time employees of the Company who have at least ninety days of service and are at least twenty-one years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***

Each year, participants may elect to contribute a minimum of 1% of their compensation up to the maximum statutory amount allowed as an elected deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes matching contributions equal to 100% of employee contributions for the first 3% of employee compensation and then matches 50% of employee contributions in excess of 3%, up to 6% of employee compensation, not to exceed a maximum annual amount of \$4,000. In 2005, the employer match for highly compensated employees was reinstated.

***Participant Accounts***

Each participant s account is credited with the participant s contribution, allocations of the Company s matching contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

***Vesting***

Participants are 100% vested immediately, in the full value of their individual accounts.

***Investment Options***

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan, including an investment in the common stock of the Company. The Plan allows participants to change their investment options daily.

**Table of Contents**

**NOTE 1. DESCRIPTION OF THE PLAN (Continued)**

***Participant Loans***

A participant may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate reasonable at the time of application. At December 31, 2005, the interest rate on participant loans ranged from 5.00% to 10.95%. Principal and interest is paid ratably through payroll deductions.

***Plan Administration***

The Plan is administered by MFS Retirement Services, Inc. The Plan assets are maintained by its trustees, Massachusetts Financial Services Company ( MFS ) and Reliance Trust Company.

***Payment of Benefits***

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than \$1,000 at the date of death, disability, retirement or termination of employment, then that balance shall be distributed in a single lump-sum payment. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The financial statements of the Plan are prepared using the accrual method of accounting.

***Investment Valuation and Income Recognition***

All of the Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

***Payment of Benefits***

Benefits are recorded when paid.

**Table of Contents**

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Plan Expenses***

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company.

***Party-In-Interest Transactions***

Certain Plan investments are shares of mutual funds managed by MFS. MFS is the record keeper and one of the trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

***Risk and Uncertainties***

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

***Concentrations***

Substantially all of the Plan's assets are held by MFS, located in Boston, Massachusetts.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 3. INCOME TAX STATUS**

The Plan obtained its latest determination letter on January 9, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

**Table of Contents****NOTE 4. INVESTMENTS**

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 is as follows:

	2005	2004
INVESTMENTS, at fair value		
MFS Fixed Fund	\$ 5,439,350	\$ 6,276,558
