Item 5.01 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.

Cincinnati Bell Inc. (the Company) today announced that it has hired Rodney D. Dir as its Chief Operating Officer, effective July 11, 2005. Mr. Dir was formerly employed by T-Mobile USA/Powertel, Atlanta, Georgia, from 1996 to the present time and holding the following positions: Vice President National Retail Sales and Operations, T-Mobile USA (2001 to present); and Executive Vice President and General Manager, Powertel (a publicly-traded wireless carrier), 1996-1999. From 1984 to 1996, Mr. Dir held various positions with GTE, Stamford, Connecticut. He began his business career at Kiesling and Associates, CPA, Des Moines, Iowa. Mr. Dir is 46 years old.

The Company entered into an Employment Agreement with Mr. Dir which provides for the employment and retention of Mr. Dir for a one-year term commencing July 11, 2005 subject to automatic one year extensions. The Employment Agreement provides for a minimum base salary of not less than \$300,000 per year and a minimum annual bonus target of not less than \$255,000; a grant of options to purchase 200,000 common shares on his first day of employment; and a target award grant of performance restricted stock of 60,000 common shares on his first day of employment which are subject to forfeiture if certain free cash flow results are not met during the 2005-2008 measurement period. For 2005, Mr. Dir's target bonus award payment of \$255,000 is guaranteed without pro-rata. In addition, if gross wireless phone activations are double the budget targets for the months that Mr. Dir is employed in 2005, Mr. Dir can earn an additional bonus equal to two times the target annual bonus prorated for the number of months that Mr. Dir is employed during 2005. The stock options granted have the following characteristics: non-incentive; exercise price of share fair market value on the grant date; exercisable 28% after one year and 3% per month for the next 24 months thereafter; 10 year term except that any unexercised options are cancelled upon termination of employment unless such termination of employment is due to retirement, disability, death or change in control of the Company.

The Employment Agreement provides that, in the event that the Company terminates Mr. Dir's employment other than for cause or disability or terminates his employment within one year of a change in control of the Company, Mr. Dir will receive a lump-sum payment equal to one times the sum of his base salary rate and bonus target, plus certain continued medical, dental, vision and life insurance coverages. Also, Mr. Dir shall be entitled to receive an amount equal to the sum of (i) any forfeitable benefits under any qualified or nonqualified pension, profit sharing, 401(k) or deferred compensation plan of the Company which would have vested prior to the end of the current term (the one-year period beginning at the time of termination) if Mr. Dir's employment had not terminated plus (ii) if Mr. Dir was participating in a qualified or nonqualified defined benefit plan of the Company at the time of termination, an amount equal to the present value of the additional vested benefits which would have accrued for him under such plan if his employment had not been terminated prior to the end of the current term and if his annual base salary and bonus target had neither increased nor decreased after the termination.
