PROSPECTUS SUPPLEMENT SUMMARY

Business

We are one of the world's preeminent financial advisory and asset management firms and have long specialized in crafting solutions to the complex financial and strategic challenges of our clients. We serve a diverse set of clients around the world, including corporations, partnerships, institutions, governments and high-net worth individuals. The first Lazard partnership was established in 1848. Over time we have extended our activities beyond our roots in New York, Paris and London. We currently operate from 40 cities in key business and financial centers across 25 countries throughout Europe, North America, Asia, Australia and Central and South America.

Our Business Model

We focus primarily on two business segments: Financial Advisory and Asset Management. We believe that the mix of our activities across business segments, geographic regions, industries and investment strategies helps to diversify and stabilize our revenue stream.

Financial Advisory

We offer corporate, partnership, institutional, government and individual clients across the globe a wide array of financial advisory services regarding mergers and acquisitions ("M&A") and other strategic matters, restructurings, capital structure, capital raising and various other corporate finance matters. We focus on solving our clients' most complex problems, providing advice to senior management, boards of directors and business owners of prominent companies and institutions in transactions that typically are of significant strategic and financial importance to them.

We continue to build our Financial Advisory business by fostering long-term, senior level relationships with existing and new clients as their independent advisor on strategic transactions. We seek to build and sustain long-term relationships with our clients rather than focusing on individual transactions, a practice that we believe enhances our access to senior management of major corporations and institutions around the world. We emphasize providing clients with senior level focus during all phases of transaction execution.

While we strive to earn repeat business from our clients, we operate in a highly competitive environment in which there are no long-term contracted sources of revenue. Each revenue-generating engagement is separately negotiated and awarded. To develop new client relationships, and to develop new engagements from historical client relationships, we maintain an active dialogue with a large number of clients and potential clients, as well

as with their financial and legal advisors, on an ongoing basis. We have gained a significant number of new clients each year through our business development initiatives, through recruiting additional senior investment banking professionals who bring with them client relationships and through referrals from directors, attorneys and other third parties with whom we have relationships. At the same time, we lose clients each year as a result of the sale or merger of a client, a change in a client's senior management, competition from other investment banks and other causes.

We seek to offer our services across most major industry groups, including, in many cases, sub-industry specialties. Our Mergers and Acquisitions managing directors and professionals are organized to provide advice in the following major industry practice areas: consumer, financial institutions, financial sponsors, healthcare and life sciences, industrial, power and energy/infrastructure, real estate and technology, media and telecommunications. These groups are managed locally in each relevant geographic region and are coordinated globally, which allows us to bring local industry-specific knowledge to bear on behalf of our clients on a global basis. We believe that this enhances the quality of the advice that we can offer, which improves our ability to market our capabilities to clients.

In addition to our Mergers and Acquisitions and Restructuring practices, we also maintain specialties in the following distinct practice areas within our Financial Advisory segment: government advisory, capital structure and debt advisory, fund raising for alternative investment funds, private investment in public equity, or "PIPE", and corporate finance.

Table of Contents

Our focus in our Financial Advisory business is on:

making a significant investment in our intellectual capital with the addition of senior professionals who we believe have strong client relationships and industry expertise,

increasing our contacts with existing clients to further enhance our long-term relationships and our efforts in developing new client relationships,

expanding the breadth and depth of our industry expertise and selectively adding new practice areas, such as our capital structure advisory effort to help corporations and governments in addressing the significant deleveraging that is unfolding in the developed markets,

coordinating our industry specialty activities on a global basis and increasing the integration of our industry experts in mergers and acquisitions with our Restructuring and Capital Markets professionals, and

broadening our geographic presence by adding new offices, including, since the beginning of 2007, offices in Australia (Melbourne), Switzerland (Zurich) and United Arab Emirates (Dubai City), as well as new regional offices in the U.S. (Boston, Minneapolis, Charlotte and Washington DC), acquiring a 50% interest in a financial advisory firm with offices in Central and South America (Argentina, Chile, Panama, Uruguay and Peru) and entering into a joint cooperation agreement in Eastern Europe and Russia, as well as a strategic alliance with a financial advisory firm in Mexico.

In addition to the investments made as part of this strategy, we believe that the following external market factors may enable our Financial Advisory business to benefit by:

increasing demand for independent, unbiased financial advice,

continued high demand for Restructuring advice due to the significant level of corporate defaults, and

a potential increase in cross-border M&A and large capitalization M&A, two of our areas of historical specialization.

Going forward, our strategic emphasis in our Financial Advisory business is to leverage the investments we have made in recent years to grow our business and drive our productivity. We continue to seek to opportunistically attract outstanding individuals to our business. We routinely reassess our strategic position and may in the future seek opportunities to further enhance our competitive position. In this regard, during 2007 and 2008, as described above, we broadened our geographic footprint through acquisitions, investments and alliances in Australia, Eastern Europe, Russia and Central and South America, and by opening new offices. In addition, as a result of acquiring Goldsmith, Agio, Helms and Lynner LLC ("GAHL") in 2007, we launched "Lazard Middle Market", which advises primarily mid-sized private companies.

Asset Management

Our Asset Management business provides investment management and advisory services to institutional clients, financial intermediaries, private clients and investment vehicles around the world. Our goal in our

Asset Management business is to produce superior risk-adjusted investment returns and provide investment solutions customized for our clients. Many of our equity investment strategies share an investment philosophy that centers on fundamental security selection with a focus on the trade-off between a company's valuation and its financial productivity.

S-4

Table of Contents

Our strategic plan in our Asset Management business is to focus on delivering superior investment performance and client service and broadening our product offerings and distribution in selected areas in order to continue to drive improved business results. Over the past several years, in an effort to improve the operations of Lazard Asset Management LLC ("LAM") and expand our business, we have:

focused on enhancing our investment performance;

improved our investment management platform by adding a number of senior investment professionals (including portfolio managers and analysts);

continued to strengthen our marketing and consultant relations capabilities,

expanded our product platform, and

continued to expand LAM's geographic reach, including through opening offices in Hong Kong and Bahrain.

We believe that our Asset Management business has long maintained an outstanding team of portfolio managers and global research analysts. We intend to maintain and supplement our intellectual capital to achieve our goals. We routinely reassess our strategic position and may in the future seek acquisitions or other transactions, including the opportunistic hiring of new employees, in order to further enhance our competitive position. We also believe that our specific investment strategies, global reach, unique brand identity and access to multiple distribution channels may allow us to expand into new investment products, strategies and geographic locations. In addition, we plan to expand our participation in alternative investment activities through investments in new and successor funds, and are considering expanding the services we offer to high-net worth individuals, through organic growth, acquisitions or otherwise.

Lazard's Organizational Structure

Lazard Group is a Delaware limited liability company and the holding company for the subsidiaries that conduct our business. Lazard Group has two primary holders of its membership interests: Lazard Ltd and LAZ-MD Holdings LLC, a Delaware limited liability company that holds equity interests in Lazard Group and the Class B common stock of Lazard Ltd, which we refer to in this prospectus supplement as "LAZ-MD Holdings". Lazard Ltd has no material assets other than indirect ownership of approximately 75.1% of the common membership interests of Lazard Group as of March 16, 2010 (or approximately 80.0% of the common membership interests of Lazard Group after this offering), and indirect control of both of the managing members of Lazard Group. Lazard Ltd controls Lazard Group through this managing member position. The remaining approximately 24.9% of Lazard Group's common membership interests as of March 16, 2010 (or approximately 20.0% of the common membership interests of Lazard Group after this offering) is held by LAZ-MD Holdings, the holding company that is owned by current and former managing directors of Lazard Group. The Lazard Group common membership interests held by LAZ-MD Holdings are effectively exchangeable over time on a one-for-one basis with Lazard Ltd for shares of Class A common stock.

Each share of our Class A common stock entitles its holder to one vote per share. Each LAZ-MD Holdings exchangeable interest, all of which are held by the two classes of members of Lazard Group that consist of

current and former managing directors (or their family members, trusts and charitable foundations), which we refer to in this prospectus supplement as the "working members", is effectively exchangeable together with a Lazard Group common interest held by LAZ-MD Holdings for a share of our common stock, with such ratio subject to adjustment. The single outstanding share of our Class B common stock is intended to allow our current and former managing directors holding LAZ-MD Holdings exchangeable interests to individually vote in proportion to their indirect economic interests in Lazard Ltd. For a description of the voting rights of holders of LAZ-MD Holdings exchangeable interests, see "Certain Relationships and Related Transactions—LAZ-MD Holdings Stockholders' Agreement" in our Proxy Statement. Our Class B common stock has approximately 24.9% of the voting power of Lazard Ltd as of March 16, 2010 (or approximately 20.0% of the voting power of Lazard Ltd after this offering), which percentage will further decrease proportionately as Lazard Group common membership interests are exchanged for shares of our common stock. Upon full exchange of the LAZ-MD Holdings exchangeable interests for shares of our common stock, the Class B common stock would cease to be outstanding, and all of the Lazard Group common membership interests formerly owned by LAZ-MD Holdings would be owned indirectly by Lazard Ltd. We expect that LAZ-MD Holdings will manage its affairs so that it will not have to register as an "investment company" under the U.S. Investment Company Act of 1940, as amended, or the "Investment Company Act".

The market price per share of our common stock exceeds the book value per share of our common stock. Accordingly, should we be liquidated at our book value, investors would not receive the full amount of their investment.

Our share price may decline due to the large number of shares eligible for future sale and for exchange.

Immediately after this offering, our authorized and unissued shares of common stock will include (i) approximately 25.3 million shares of our common stock underlying the outstanding LAZ-MD Holdings exchangeable membership interests of which approximately 4.0 million shares are held by the Estate of Bruce Wasserstein (our former Chairman and Chief Executive Officer) and related trusts, (ii) approximately 28.2 million shares of our common stock underlying the restricted stock units and deferred stock units that have been granted pursuant to our 2005 Equity Incentive Plan and our 2008 Incentive Compensation Plan, (iii) approximately 2.6 million shares of our common stock issuable or otherwise deliverable upon conversion of our outstanding \$150 million subordinated convertible note, and (iv) approximately 2.2 million shares of our common stock that are issuable in connection with the LAM Merger (the "LAM Merger") (see Note 8 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K). In addition, the following shares are issuable in connection with the acquisitions of CWC, GAHL and Edgewater: (A) approximately 662 thousand shares of our common stock that are issuable on a non-contingent basis, (B) shares of our common stock that are issuable upon the noncontingent conversion of approximately 7 thousand shares of our Series A preferred stock, with the number of shares of our common stock dependent, in part, upon future prices of our common stock, (C) approximately 949 thousand shares of our common stock that are contingently issuable and approximately 20 thousand shares of our Series A preferred stock that are contingently convertible into shares of our common stock, with the number of such shares of our common stock dependent upon the future performance of GAHL and CWC and (D) up to approximately 1.1 million shares of our common stock issuable in connection with the Edgewater acquisition, which shares will be issued and paid only if certain performance thresholds for the next two Edgewater funds are met.

We cannot predict whether, when and how many of our common shares will be sold into the market and the effect, if any, that the possibility of market sales of shares of our common stock, the actual sale of such shares or the availability of such shares will have on the market price of our common stock or our ability to raise capital through the issuance of equity securities from time to time.

As reflected in the table below, LAZ-MD Holdings exchangeable interests are effectively exchangeable into our common stock, and thereafter that common stock will become available for sale in significant numbers. In addition, LAZ-MD Holdings and certain of our subsidiaries, with the consent of the Lazard Ltd board of directors, have the right to cause the holders of LAZ-MD Holdings exchangeable interests to exchange all such remaining interests during the 30-day period following May 10, 2014 and under certain other circumstances. For a discussion of these exchange and transfer restrictions, see "Certain Relationships and Related Transactions—Relationship with LAZ-MD Holdings and LFCM Holdings—Master Separation Agreement" in our Proxy Statement. From time to time, we expect to register the shares received by the members of LAZ-MD Holdings pursuant to the exchange of LAZ-MD Holdings exchangeable interests for resale by such members. Persons exchanging their LAZ-MD Holdings exchangeable interests are likely to sell all or a portion of their common stock promptly after exchange to provide liquidity, to cover any taxes that may be payable upon such exchange or to diversify their portfolios.

The following table reflects the timetable for exchangeability of the LAZ-MD Holdings exchangeable interests. As described below, exchangeability may be accelerated under certain circumstances as described in "Compensation of Executive Officers—Grants of Plan Based Awards—Retention Agreements with Named Executive Officers", "Certain Relationships and Related Transactions—LAZ-MD Holdings Stockholders' Agreement" and "Certain Relationships and Related Transactions—Relationship with LAZ-MD Holdings and LFCM Holdings—Master Separation Agreement—LAZ-MD Holdings Exchangeable Interests" in our Proxy Statement.

Lazard Ltd's only material asset is its indirect interests in Lazard Group, and it is accordingly dependent upon distributions from Lazard Group to pay dividends and taxes and other expenses.

Lazard Ltd is a holding company and, as of March 16, 2010, had no material assets other than the indirect ownership of approximately 75.1% of the common membership interests of Lazard Group as of March 16, 2010 (or approximately 80.0% of the common membership interests of Lazard Group after this offering), and indirect control of both of the managing members of Lazard Group. Lazard Ltd controls Lazard Group through this managing member position. Lazard Ltd has no independent means of generating revenue. Our wholly-owned subsidiaries incur income taxes on their proportionate share of any net taxable income of Lazard Group in their respective tax jurisdictions. We intend to continue to cause Lazard Group to make distributions to its members, including our wholly-owned subsidiaries, in an amount sufficient to cover all applicable taxes payable by us and dividends, if any, declared by us. To the extent that our subsidiaries need funds to pay taxes on their share of Lazard Group's net taxable income, or if Lazard Ltd needs funds for any other purpose, and Lazard Group is restricted from making such distributions under applicable law or regulation, or is otherwise unable to provide such funds, it could materially adversely affect our business, financial condition or results of operations. See "Price Range of Our Common Stock and Dividend Policy".

Lazard Ltd may issue preference shares and our bye-laws and Bermuda law may discourage takeovers, which could affect the rights of holders of our common stock.

The ownership of the Class B common stock gives LAZ-MD Holdings and, through the LAZ-MD Holdings stockholders' agreement, the members of LAZ-MD Holdings, control of a substantial portion of the total voting power of Lazard Ltd, which could, among other things, impede a change in control of Lazard Ltd without LAZ-MD Holdings' consent. We currently have 15,000,000 authorized preference shares, of which 26,883 shares of non-participating convertible Series A preferred stock are issued and outstanding. Our board of directors currently has the authority to issue up to 14,973,117 preference shares without any further vote or action by the shareholders, in accordance with the provisions of our bye-laws. Since the preference shares could be issued with liquidation, dividend and other rights superior to those of our common stock, the rights of the holders of our common stock will be

subject to, and may be adversely affected by, the rights of the holders of any such preference shares. The issuance of preference shares could have the effect of making it more difficult for a third party to acquire a majority of our outstanding voting stock. Further, the provisions of our bye-laws, including our classified board of directors and the ability of shareholders to remove directors only for cause, and of Bermuda law, could have the effect of delaying or preventing a change in control of Lazard Ltd.

Lazard Ltd is incorporated in Bermuda, and a significant portion of its assets are located outside the U.S. As a result, it may not be possible for shareholders of Lazard Ltd to enforce civil liability provisions of the U.S. Federal or state securities laws.

Lazard Ltd is incorporated under the laws of Bermuda, and a significant portion of its assets are located outside the U.S. It may not be possible to enforce court judgments obtained in the U.S. against Lazard Ltd in Bermuda, or in countries other than the U.S. where Lazard Ltd has assets, based on the civil liability provisions of the Federal or state securities laws of the U.S. In addition, there is some doubt as to whether the courts of Bermuda and other countries would recognize or enforce judgments of U.S. courts obtained against Lazard Ltd or its directors or officers based on the civil liabilities provisions of the Federal or state securities laws of the U.S. or would hear actions against Lazard Ltd or those persons based on those laws. Lazard Ltd has been advised by its legal advisors in Bermuda that the U.S. and Bermuda do not currently have a treaty providing for the reciprocal recognition and enforcement of judgments in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any Federal or state court in the U.S. based on civil liability, whether or not based solely on U.S. Federal or state securities laws, would not automatically be enforceable in Bermuda. Similarly, those judgments may not be enforceable in countries other than the U.S. where we have assets.

Bermuda law differs from the laws in effect in the U.S. and may afford less protection to our shareholders.

Our shareholders may have more difficulty protecting their interests than would shareholders of a corporation incorporated in a jurisdiction of the U.S. As a Bermuda company, Lazard Ltd is governed by the Companies Act 1981 of Bermuda, which we refer to in this prospectus supplement as the "Companies Act". The Companies Act differs in some material respects from laws generally applicable to U.S. corporations and shareholders, including the provisions relating to interested directors, mergers, amalgamations and acquisitions, takeovers, shareholder lawsuits and indemnification of directors.

Under Bermuda law, the duties of directors and officers of a company are generally owed to the company only. Shareholders of Bermuda companies generally do not have rights to take action against directors or officers of the company, and may only do so in limited circumstances. Officers of a Bermuda company must, in exercising their powers and performing their duties, act honestly and in good faith with a view to the best interests of the company and must exercise the care and skill that a reasonably prudent person would exercise in comparable circumstances. Directors have a duty not to put themselves in a position in which their duties to the company and their personal interests may conflict and also are under a duty to disclose any personal interest in any contract or arrangement with the company or any of its subsidiaries. If a director or officer of a Bermuda company is found to have breached his or her duties to that company, he or she may be held personally liable to the company in respect of that breach of duty. A director may be liable jointly and severally with other directors if it is shown that the director knowingly engaged in fraud or dishonesty. In cases not involving fraud or dishonesty, the liability of the director will be determined by the Bermuda courts on the basis of their estimation of the percentage of responsibility of the director for the matter in question, in light of the nature of the conduct of the director and the extent of the causal relationship between his or her conduct and the loss suffered.

In addition, our bye-laws provide that no director shall be liable to the Company, any of our shareholders or any other person for the acts, neglects or defaults of any other director, or for any loss or expense happening to the Company through the insufficiency or deficiency of title to any property acquired by order of the directors for or on behalf of the Company, or for the insufficiency or deficiency of any security in or upon which any of the moneys of the Company shall be invested, or for any loss or damage arising from the bankruptcy, insolvency, or tortious act of any person with whom any moneys, securities or effects shall be deposited, or for any loss occasioned by any error of judgment, omission, default, or oversight on his or her part, or for any other loss, damage, or misfortune whatever which shall

happen in relation to the execution of the duties of his or her office, provided that such provisions shall not extend to any matter which would render any of them void under the Companies Act.

There are provisions in our bye-laws that may require certain of our non-U.S. shareholders to sell their shares to Lazard Ltd or to a third party.

Our bye-laws provide that if our board of directors determines that we or any of our subsidiaries do not meet, or in the absence of repurchases of shares will fail to meet, the ownership requirements of a limitation on benefits article of any bilateral income tax treaty with the U.S. applicable to us, and that such tax treaty would provide material benefits to us or any of our subsidiaries, we generally have the right, but not the obligation, to repurchase at fair market value (as determined in the good faith discretion of our board of directors) shares of our common stock from any shareholder who beneficially owns more than 0.25% of the outstanding shares of our common stock and who fails to demonstrate to our satisfaction that such shareholder is either (a) a U.S. citizen or (b) a qualified resident of the U.S. or the other contracting state of the applicable tax treaty (as determined for purposes of the relevant provision of the limitation on benefits article of such treaty). Natixis S.A. ("Natixis") is not subject to this repurchase right with respect to the 6,999,800 aggregate number of shares it acquired pursuant to certain transactions between us and IXIS-Corporate & Investment Bank (now known as Natixis) in May 2005, which we refer to as the "Natixis placements".

The number of shares that may be repurchased from any such shareholder will equal the product of the total number of shares that Lazard Ltd reasonably determines to purchase to ensure ongoing satisfaction of the limitation on benefits article of the applicable tax treaty, multiplied by a fraction, the numerator of which is the number of shares beneficially owned by such shareholder (other than the 6,999,800 aggregate number of shares Natixis acquired pursuant to the Natixis placements), and the denominator of which is the total number of shares (reduced by the aggregate number of shares Natixis acquired pursuant to the Natixis placements) beneficially owned by such shareholders subject to this repurchase right.

Instead of exercising the repurchase right described above, Lazard Ltd will have the right, but not the obligation, to cause the transfer to, and procure the purchase by, any U.S. citizen or a qualified resident of the U.S. or the other contracting state of the applicable tax treaty (as determined for purposes of the relevant provision of the limitation on benefits article of such treaty) of the number of outstanding shares beneficially owned by any shareholder that are otherwise subject to repurchase under our bye-laws as described above, at fair market value (as determined in the good faith discretion of our board of directors).

Outcome of future U.S. tax legislation is unknown at the present time.

On February 1, 2010, the fiscal year 2011 U.S. Federal budget was released. The budget included various provisions, including provisions that would (i) limit the deduction of certain related party interest; (ii) defer the deduction of interest attributable to non-U.S. source income of foreign subsidiaries; and (iii) repeal the current law's exemption from withholding tax for interest and dividends paid by certain domestic companies. Each of these provisions would be effective only for taxable years beginning after December 31, 2010. Certain aspects of these budget provisions may adversely impact Lazard's tax rate. However, at this point in time we are unable to predict the ultimate outcome of the budget process.
