ITEM 1.01 – ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

New Senior Unsecured Credit Facility

On August 25, 2015, Olin Corporation (“Olin”) entered into a Credit Agreement (the “Credit Agreement”) with a syndicate of lenders and Sumitomo Mitsui Banking Corporation, as administrative agent (the “Administrative Agent”), in connection with the proposed combination of Olin’s business with The Dow Chemical Company’s (“TDCC”) chlorine products business (the “Business”), through the merger (the “Merger”) of Blue Cube Acquisition Corp., Olin’s wholly-owned subsidiary, and Blue Cube Spinco Inc. (“Spinco”), a wholly-owned subsidiary of TDCC. The Merger and the transactions related to the Merger are described in Olin’s Registration Statement on Form S-4 filed with the Securities and Exchange Commission (the “SEC”) on May 8, 2015, as amended by Amendment No. 1, filed with the SEC on June 22, 2015, Amendment No. 2, filed with the SEC on July 16, 2015, Amendment No. 3, filed with the SEC on August 12, 2015, and Amendment No. 4, filed with the SEC on August 14, 2015, are referred to herein as the “Transactions”. The Credit Agreement provides for a term credit facility (the “Term Loan Facility”) under which Olin may obtain term loans in an aggregate amount of up to \$600,000,000.

Loans under the Credit Agreement will be available upon the consummation of the Transactions (the “Closing Date”), subject to customary conditions precedent for facilities of this type, including among others (a) the accuracy of certain representations and warranties related to Olin and Spinco, (b) the absence of a material adverse change in the business, results of operations or financial condition of the Business, (c) the substantially concurrent closing of the Merger, (d) the substantially concurrent refinancing of the credit agreement (the “Existing JV Credit Agreement”) governing the existing indebtedness of Dow-Mitsui Chlor-Alkali LLC, a joint venture between TDCC and Mitsui & Co. Texas Chlor-Alkali, Inc. and (e) the receipt by the Administrative Agent of copies of any IRS letter ruling and the legal opinions delivered to TDCC, Spinco and/or Olin regarding the tax-free nature of certain components of the Transactions. The commitments in respect of the Term Loan Facility will automatically terminate if the Closing Date has not occurred on or prior to December 26, 2015, subject to extension to March 26, 2016 if the outside closing date for the Merger has been extended in order to obtain certain antitrust approvals or because of an injunction or other law or government order that makes the consummation of the Transactions illegal.

The Term Loan Facility is expected to mature three years after Closing Date. The term loans will have no scheduled amortization payments.

The proceeds of the Term Loan Facility are permitted to be used (i) to refinance indebtedness outstanding under the Existing JV Credit Agreement, (ii) to pay fees and expenses in connection with the Transactions and (iii) for general corporate purposes.

The obligations under the Credit Agreement are obligations of Olin and are unsecured. After the consummation of the Merger, Olin will cause Spinco to become a guarantor of its obligations under the Credit Agreement.

---

Borrowings under the Credit Agreement will bear interest at a per annum rate equal to a “Eurodollar rate” plus an interest rate spread determined by reference to a pricing grid based on Olin’s total leverage ratio.

The Credit Agreement contains customary representations, warranties and affirmative and negative covenants which are substantially similar to those included in Olin’s existing senior credit facilities in respect of the Transaction which were entered into on June 23, 2015 and are described in Olin’s Form 8-K filed with the SEC on June 29, 2015. The obligations of Olin under the Credit Agreement may be accelerated upon customary events of default, including non-payment of principal or interest, breaches of covenants, cross-defaults to other material debt and specified bankruptcy events.

After entering into the Credit Agreement, Olin was able to reduce the commitments made to it by certain commitment parties under the Bridge Commitment Letter dated as of March 26, 2015 by \$600,000,000.

#### ITEM 2.03 – CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT.

The information set forth under “Item 1.01 – Entry into a Material Definitive Agreement” is incorporated herein by reference.

These statements relate to analyses and other information that are based on management’s beliefs, certain assumptions made by management, forecasts of future results, and current expectations, estimates and projections about the markets and economy in which Olin Corporation (“Olin”) and The Dow Chemical Company’s (“TDCC”) chlorine products business operate. The statements contained in this communication that are not statements of historical fact may include forward-looking statements that involve a number of risks and uncertainties. Therefore, actual outcomes and results may differ materially from those matters expressed or implied in such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: factors relating to the satisfaction of the conditions to the proposed transaction, including regulatory approvals and the required approvals of Olin’s shareholders; the parties’ ability to meet expectations regarding the timing, completion and accounting and tax treatments of the proposed transaction; the possibility that Olin may be unable to achieve expected synergies and operating efficiencies in connection with the transaction within the expected time-frames or at all; the integration of the TDCC’s chlorine products business being more difficult, time-consuming or costly than expected; the effect of any changes resulting from the proposed transaction in customer, supplier and other business relationships; general market perception of the proposed transaction; exposure to lawsuits and contingencies associated with TDCC’s chlorine products business; the ability to attract and retain key personnel; prevailing market conditions; changes in economic and financial conditions of Olin and TDCC’s chlorine products business; uncertainties and matters beyond the control of management; and the other risks detailed in Olin’s Form 10-K for the fiscal year ended December 31, 2014 and Olin’s Form 10-Q for the fiscal quarter ended June 30, 2015. These risks, as well as other risks associated with Olin, TDCC’s chlorine products business and the proposed transaction are also more fully discussed in the prospectus included in the registration statement on Form S-4 filed with the Securities and

Exchange Commission (the “SEC”) by Olin on August 12, 2015 and the definitive proxy statement on Schedule 14A filed with the SEC by Olin on August 17, 2015. The forward-looking statements should be considered in light of these factors. In addition, other risks and uncertainties not presently known to Olin or that Olin considers immaterial could affect the accuracy of our forward-looking statements. The reader is cautioned not to rely unduly on these forward-looking statements. Olin and TDCC undertake no obligation to update publicly any forward-looking statements, whether as a result of future events, new information or otherwise.
